GERMAN AGITATORS ARRESTED NEAR MARLIN SATURDAY BY U. S. OFFICERS

Waco Guards Called Into Service by Washington--Report Today

CHILTON IS SCENE OF 3 SPY ARRESTS

Waco Federal Officials Refuse to Confirm Activity of Secret Service.

AGITATORS URGE WAR REGIMENT

Wanted Mexicans to Form Army Corps and Attack in Case of War.

Special to the News.

Marlin, March 31.—Wednesday afternoon two men supposed to be connected with the federal secret service drove into Chilton in an automobile and inquired the way to a farm house nearby. Upon arriving there, it is alleged, they arrested a resident of Robinson and two other men who came from Chicago, and carried them to Waco. It is also alleged that the Chicago men were working among the German and Mexican population in an effort to enlist recruits to fight against the American government in the event of a declaration of war against Germany and were being assisted by the Robinson resident.

It is learned also, on good authority, that Mexicans residing at Mooreville had been urged by them to form a company and a request had been made for the use of the German hall at Westphalia, in which they expected to make inflammatory speeches and rally recruits to the German flag. This request was refused. In making a personal appeal for German support, it is alleged that they encountered a man who accepted their plans and then reported them to the authorities.

Local officials, when asked to verify a report from Marlin by federal agents last night, either expressed ignorance of developments or refused to discuss the matter. Verification of developments at Marlin was impossible in Waco at a late hour.

Funeral of Mrs. Patton Held Yesterday Afternoon

The body of Mrs. Sarah E. Patton was laid to rest yesterday in Grandview, following the funeral services held at the residence of A. C. Patton, 1514 Austin avenue. The services were conducted by Rev. F. P. Culver, assisted by Rev. C. T. Caldwell. Mrs. Patton had been a resident of Texas since 1853 and was well known over the state, enjoying the friendship of a large circle. She was the widow of the late Rev. J. C. G. Patton, a prominent Methodist divine, who died about five years ago.

Waco Drug Co. Pays Off $50,000 Mortgage Saturday

Indication of good business in Waco and trade territory is shown in the fact that the Waco Drug company has not only been able to make a good dividend, but during the five years since 1912 has been able to take up a $50,000 mortgage held against it by a St. Louis concern. This mortgage was paid to the county clerk Saturday out of the net profits of the company declared since that time.

More Speeders Fined in Waco's Corporation Court

There is no closed season on being fined for speeding and the cops all keep a weather eye peeled for the joyriders. The following motorists were hailed before Judge Kingsbury's justice court yesterday and relieved of $10 each: H. Fentress, C. Haney, H. Herrick, L. Washington and William Schaffner. James Smith was admitted on half rates, $5, his offence being driving a car without a number.

ANTI-AMERICANS WARNED.

By Associated Press.

Wichita, March 31.—Mayor Bentley today gave orders to the chief of police to arrest any person who voices malicious criticism of President Wilson or the policy he has pursued in reference to the German controversy.

Today's Weather

Voluntary Forecast by Isidor Block.

Today, unsettled, local showers and cooler.

Local Readings.

Maximum temperature 85 at 3 p. m.; minimum 70 at 2 a. m.; barometer 29.75; humidity .50; wind passage 343 miles, fastest 28 miles an hour at 3:30 p. m.

Govt. Forecast.

East Texas—Unsettled, showers in east portion, colder; Monday fair.

West Texas—Sunday fair, much colder; Monday fair, rising temperature in north portion.

WACO BUSINESS IN SUPPORT OF BONDS FOR FIRE SAFETY

INTERVIEWS INDICATE AROUSAL OF SENTIMENT IN FAVOR OF $35,000 BOND ISSUE.

Waco is facing a serious crisis in the matter of its fire insurance key rate, following an ultimatum received this week from the state insurance department at Austin.

Unless something is done quickly to modernize the fire department so that it will come within the requirements of the state fire insurance board, the key rate will be considerably increased is the gist of the report, which will mean the paying of largely increased fire insurance premiums. On the other hand, indicates the report, if the recommendations of the state board are complied with, it will result in a lowering of the key rate and save thousands of dollars each year in premiums.

Call Bond Election.

City commissioners have called a bond election for next Tuesday to pass upon the issuance of bonds in the sum of $35,000 to be used in modernizing the fire department. If these bonds carry it will mean a lowering of the key rate. If the bonds do not carry, the key rate will immediately go up. It should be borne in mind that the increase in rates will not only apply to policies written in the future, but that it will apply to all policies now in force. No matter if an insurer took out a policy a month ago for periods of one, three or five years, he will be obliged to pay an additional premium from the date the key rate is increased. If, however, the key rate should be lowered as a result of the carrying of the bonds, every policyholder will be entitled to a rebate from the date of the reduction.

The following interviews from a number of prominent citizens clearly indicates that the leading business men of Waco are strongly in favor of the bond issue and that it promises to carry by a large majority:

James M. Penland: "I do not think there is anything quite so important in the future development of Waco as the proper equipment of the fire department. Unless the suggestions of the state fire rating board are complied with at once, the people of this city will be called upon to pay a tremendous tax in the form of increased cost of fire insurance. Nothing should be left undone to carry the bond issue of $35,000 next Tuesday. It would be a splendid advertisement for this city if the bonds were to carry by a unanimous vote. There is no reason why Waco should not have the best equipped fire department in the state, which would naturally result in the lowest key rate. Let's get right on the job and vote for the bonds."

Alex Sanger: "You cannot go too strong in quoting me as being in favor of the bonds for the upbuilding of the Waco fire department. As I understand it, unless the suggestions of the state board are complied with, the key rate will be increased from 21c to 27c, which would result in increased fire insurance premiums amounting to many thousands of dollars each year. If we have the future interest of Waco at heart, we will all turn out on Tuesday and vote for the bonds."

Robbert Emmett Pellow: "Of course I am for the bonds. Waco already leads the state in most everything else, and I see no reason why our fire department should not be among the top-notchers. I have no doubt but that the bonds will be carried by a majority of at least 5 to 1. By reason of the building construction in past years and the manner in which this city is scattered, we are necessarily in need of the very best firefighting ap-

WACO PLANS FOR PATRIOTIC DAY CONTINUE

Prominent Organizations Endorse News Movement and Offer Services.

Y.M.B.L. TO DISCUSS FEASIBILITY

Dispatches from Thruout U. S. Tell of City-wide Demonstrations.

To the Morning News office yesterday from prominent organizations throughout Waco came endorsements of the plans put under way Saturday to set aside April 12 as Waco's "Day of Patriotism," this date to be observed by a parade and other patriotic festivities, ending with the despatch of telegrams to President Wilson, assuring him of Waco's united support in the impending international crisis.

Superintendent Cobb of the Waco public schools furthered his endorsement of Saturday by declaring every bit of American energy he had at his command would be placed in the movement. Waco suffragist organizations, represented by Mrs. McCall, pledged their support to the movement, and have agreed to furnish a suffrage float for the parade.

Officers of the local recruiting stations have entered into the spirit of the occasion and will form marching clubs if the day becomes a reality.

Captain Theodore promises an airplane flight over the city during the height of the ceremonies.

At a meeting of the Y. M. B. L. Tuesday evening the proposition will be taken up from every angle and plans outlined for the day if it is deemed feasible.

BOSTON IN MASS MEETING.

By Associated Press.

Boston, March 31.—A patriotic mass meeting here tonight adopted resolutions favoring a declaration by congress that a state of war exists between the United States and Germany calling upon the government for effective protection of American rights and immediate universal military service legislation.

MADISON IN DISPLAY.

Madison, Wis., March 31.—Preceded by a parade, a monster mass meeting was held late today at which resolutions were adopted pledging support

Unknown Man Is Killed in Derailment at Blackwell

Special to the News.

San Angelo, April 1.—An unknown white man was killed tonight near Blackwell when a southbound Orient freight train was derailed on a bridge and eight cars were ditched. The bridge was badly damaged and all trains are being detoured over the Santa Fe via Coleman.

Austrian Socialists Demand Peace, Says Vienna Wire

By Associated Press.

Copenhagen, March 31.—(Via London, 8:17 p. m.)—A socialist newspaper of Vienna received here contains a brief announcement that the leaders of the German socialist party in Austria have adopted a declaration regarding peace. It is addressed to the Russian proletariat and will be forwarded through the International Socialist bureau. The announcement says "the censor prohibits the publication of the text of the declaration."

ARKANSAS TORNADO FATAL.

By Associated Press.

Little Rock, Ark., March 31.—At least one death and heavy property damage was caused by a tornado in West Central Arkansas, according to reports reaching here tonight. At Belleville, Yell county, a woman named Mrs. Alderson was killed when her home was demolished. Several other homes are reported to have been blown down.

BUILD CONFEDERATE MEMORIAL.

By Associated Press.

Louisville, Ky., March 31.—A contract was signed here tonight by Gen. Bennett H. Young, president of the Jefferson Davis Memorial Park association, for the erection of a monument to the leader of the Confederacy at Fairview, Ky., on the farm on which he was born. The obelisk is to be of limestone and concrete.

GERMANS SAID TO HAVE ESTABLISHED MILITARY CAMP ON MEXICAN ISLAND

Special to the News.

Monterey, March 31.—Advices have reached Monterey that a military camp has been established upon Tiburon island, situated in the isolated upper part of the Gulf of California.

According to the statement of Henry Morgan, an American mining man who arrived here a few days ago from Hermosillo, in the state of Sonora, it was currently reported there that Tiburon island was being occupied by Germans, two steamships having been seen anchored off the shore of the island by Mexican ranchmen of the adjacent mainland early in March. It is stated that these vessels were loaded with men and war munitions.

There is also being built on the island a large wireless station, it is said, and Mr. Morgan says the reports that he heard in Hermosillo were to the effect that a submarine base was being established there.

TEXAS GUARDS ARE INCLUDED BY WAR ORDER OF SATURDAY

UNITED STATES AT TENSION POINT AS EXTRA SESSION OF MONDAY DRAWS NEARER.

By Associated Press.

Washington, March 31.—A declaration that a state of war exists between Germany and the United States is generally expected to follow close upon the assembling of congress in extraordinary session Monday. Today the government bent every effort to hurry preparedness measures, as if actual war was an imminent certainty.

The government's war preparations developed important steps today in all branches of national defense.

At the war department orders were issued calling into the federal service 7000 additional national guardsmen, and it was announced that detailed plans had been worked out by the general staff for raising any larger army which congress might authorize.

Guards Are Called.

The organizations named in the orders include:

Oklahoma—First regiment infantry.

Louisiana—First regiment infantry.

District of Columbia—Third regiment of infantry.

Texas—Second, Third and Fourth infantries and the First separate squadron of cavalry.

AUSTIN RECEIVES ORDER.

Austin, March 31.—Upon receipts tonight of a telegram from Secretary of War Baker, Governor Ferguson immediately issued orders through the adjutant general's department for calling into the federal service of practically the entire Texas national guard.

Acting upon the message of the secretary of war, Assistant Adjutant General J. A. McCalmont issued orders to the commanders of the various organization of the guard to assemble their units for service of the federal government. The Second, Third and Fourth infantry regiments have been called out. Wires were sent to the commanders to get their commands ready for mobilization. The place of mobilization is to be designated by the commanding general at Fort Sam Houston, which is expected to be done tomorrow.

TEXANS TO GUARD BORDER.

Washington, March 31.—While the official explanation was that the forces were required for police protection, it was assumed that the Texas organization probably would be used for border protection, relieving approximately an equal number of the regular forces now on the border in Texas, which would then be available for detail of duty wherever assigned.

AMERICANS ON FOUR SHIPS IN U-BOAT ATTACK

By Associated Press.

Washington, March 31.—Destruction without warning of four merchant ships carrying Americans in their crews was reported to the state department today in official dispatches indicating that several Americans lost their lives.

The vessels were the British steamer Crispin, on which two American negroes probably perished and from which eighteen other Americans are reported missing; the Portuguest ship Argo, from which three American negroes are missing, and the British steamers Eptafolos and Snowden Range, on which there apparently was no loss of life, though Americans in the crew suffered from exposure.

Would Bring McConnell's Body to American Grave

By Associated Press.

Charlottesville, Va., March 31.—The faculty of the University of Virginia will seek permission of the French government to bring the body of James R. McConnell of the class of 1910, who was killed in France during an engagement with German aviators, back to the university for burial. The faculty also has approved raising a memorial on the university grounds and a movement is under way to purchase and equip an ambulance for the French army as a further memorial to McConnell.

4474 Men Recruited to U. S. Navy in March

By Associated Press.

Washington, March 31.—A total of 4,474 men had been recruited for the navy during March, and the net gain for the month was 3,628, against 2,086 last month. The strength of the navy today is 62,667 men.

During the first three days active recruiting after President Wilson's authorization to bring the navy up to the full war strength of 87,000 men, the daily number of accepted applicants was virtually trebled.

NEW ORLEANS ROBBERY.

By Associated Press.

New Orleans, March 31.—Three men in an automobile drove up to the curb in front of a jewelry store here today, broke the window with a brick and fled in the automobile with a tray of diamonds and other jewelry valued at several thousand dollars.

HANG VILLA REBELS.

By Associated Press.

Chihuahua City, Mexico, March 31.—Seventy rebel prisoners taken during Villa's attempt to capture this city yesterday were hanged publicly today as a warning to the Villa element of the population.

RAIN FALLING IN WEST TEXAS, SAYS SAN ANGELO WIRE

Special to the News.

San Angelo, April 1.—A general rain began falling in West Texas at midnight, according to reports received here.

Bankers and Farmers Will Hold Preparedness Meet

By Associated Press.

Corpus Christi, March 31.—A mass meeting of bankers and farmers of southern states to consider preparedness for war has been called to meet at New Orleans on April 12, according to Joseph Hirsch, chairman of the agricultural committee of the American Bankers' association at his home here tonight. Carl Vrooman, assistant secretary of the nUited States department of agriculture, will be the principal speaker.

PERSIAN FRONTIER NEARED BY BRITISH

CONTINUED ADVANCES ALSO IN THE SOMME REGION SATURDAY.

By Associated Press

British efforts to drive a salient into the German lines between Marcoin and St. Quentin continue successfully. Seven villages on a front of ten miles between and including Vermand and Heudicourt were occupied Saturday.

Berlin officially admits that the British advance reached Heudicourt and St. Emilie, but declares that a British attack north of Metz-en-Couture, north of Heudicourt was repulsed.

Northeast of Soissons the French have made progress and Paris says have repulsed two German counter attacks in the region of Vregny.

In the Bystritza valley near the Hungarian-Rumanian frontier German troops have taken 200 prisoners.

The forward movement of the British forces in Mesopotamia has brought them to within thirty miles of the Persian frontier.

50 Americans Prisoners in German War Camps

By Associated Press.

Washington, March 31.—Official dispatches from Copenhagen today confirmed reports that two American seamen had arrived there from Germany with the story that some fifty others taken in raids by the commerce raider Moewe were held in detention camps. Reports from many sources have convinced officials here that Americans captured on the British steamer Esmeraldas are held. As yet no reply has come to an inquiry sent through the Spanish foreign office a week ago as to whether there were Americans among the crews of vessels captured.

Stormy Reichstag Session Reported from Amsterdam

By Associated Press.

London, March 31.—There were stormy scenes in the reichstag Friday, according to a Reuter dispatch from Amsterdam, when socialist deputies foreshadowed the establishment of a republic and demanded that the reichstag have larger powers in the foreign policy.

Dr. Eduard David, the socialist leader, is quoted by the Cologne Gazette as saying:

"My party has addressed an appeal to foreign socialists for peace without annexation. It has been rejected. The French want absolutely to annex Alsace-Lorraine."

Echo of Columbus Raid in Trial of Villa Men

By Associated Press.

Santa Fe., N. M., March 31.—Presentment will be made to the federal grand jury here next Tuesday charging nineteen of twenty-one captured Villa raiders with levying war on the United States in the attack on Columbus, N. M. Whether indicted or not in the federal court, the raiders will be put on trial in the Luna county district court at Deming in April on a charge of murder. The men were captured in Mexico by United States troops.

PENFIELD COMING HOME.

By Associated Press.

London, April 1, 4:50 a. m.—Frederick Penfield, the American ambassador to Austria-Hungary, and Mrs. Penfield are about to depart for Washington, according to the Neue Frie Presse of Vienna, as reported by Reuter's Amsterdam correspondent. Ambassador Penfield, it is adde, is going home as the result of the request of Secretary Lansing, as the government desires his counsel in connection with the war.

OFFICERS IN RECEIPT OF WAR ORDERS

Second, Third and Fourth Texas Infantries to Report at Once.

LOCAL COMMANDANTS BUSY

Send Out Call Last Night for Militia—New Regiment Forming.

Waco militia reports back for duty in the federal service this morning, according to an order received by Capt. B. Fiske Wrigt of Company K and Capt. Will Torrence of Company G last night, and the members will report to the armory hall today for orders. The order calling them into service was received at a late hour last night by the local militia officers, being transmitted through the adjutant general's office at Austin.

Associated Press dispatches last night stated that all companies in the Second, Third and Fourth Texas infantries were ordered into federal service and would report at their various home stations at once to hold themselves ready for duty.

To Meet in Armory.

According to the orders, the captains are to call their companies in the armory hall here and keep them in the service from this date. They will recruit their respective companies to full war strength of 150 men each under the order. No definite idea for what kind of service the men are called was contained in the order. They will be held at their armories. The order itself as received last night, reads:

"Assemble your company in armory and recruit to war strength —by direction of the President."

"Just what they expect to do with us is not known and to give my opinion would be only guess work," said Captain Torrence last night. Whether the call was for police duty, as some seem to think, or whether it was an advance notice of what the special session of congress would demand, the captain said he did not know.

Company K Has 112.

Company K now has about 112 men, according to Captain Wright, and the few remaining men would be recruited within the next few days, completing the company to full strength. Company G has about the same number of men. Neither Captain Wright nor Torrence thought it would take but a few days to get the companies whipped into shape and ready for the mobilization camp, which will likely be at Camp Mabry, Austin, rather than Camp Wilson, San Antonio.

Members living in Waco but belonging to some other company would likely be ordered to report to one of the local companies, said Captain Torrence. There are about twenty-five or thirty of these men here, belonging to the machine gun company, headquarters or supply companies. These men will either be ordered to report to one of the home companies or will get orders to report to their own company some time during the day. If they are attached to the local companies they will be reassigned to their old companies at the state mobilization camps when the regiments form, it is thought.

Local Guards Ready.

Both Company K and G are ready and willing to take up the

uniform again, said the two captains last night, and the men are thankful for the few days of rest that they have had with their homefolks. Every man will report to the armory at the earliest possible moment, in full uniform and prepared to remain, as the call demands immediate action, it was said.

This call will in no way interfere with the recruiting of the Central Texas regiment, said Captain Wright last night. The work of forming the regiment will go on and be prepared in case there is real war. The regiment will be formed before the militia goes into the state mobilization camp if possible, and offered to the service of the federal government at this time. If there should not be time to complete the regiment, it will be formed before the actual war, if any breaks out, thought the captain.

BRAZOS LOCK NO. 8 TO RECEIVE WATER SOON

All improvements have been completed on the Brazos river lock and dam No. 8 and the water will be turned into the gates tomorrow. With the completion of this lock, which is located about seven miles below the city by land and about eleven miles by water, Waco now has about eleven miles of the Brazos river that is suitable for boating and aquatic sports of all classes.

According to Judge W. W. Seley and Mr. Baker, who are behind the project, several other locks and dams are nearing completion and the river is fast being made navigable. A number of the locks, down the river, between Waco and Old Washington, are completed and several others are under construction.

Many of the Waco people are buying boats to place upon the lake and it is expected that the summer will find all sections of the river dotted with sailboats and motor launches.

Rotary Club in Luncheon at Raleigh Hotel Monday

A luncheon will be held at the Raleigh by the Rotary club tomorrow at which time a movement will be started to arrange for the organization of a ladies' auxiliary. Mr. Cobb, chairman of the flower garden contest committee, and Mrs. B. C. Nettles will have charge of the arrangements. Each Rotarian is expected to bring his wife, and at the conclusion of the luncheon the ladies will go into executive session.

It has been requested by the secretary of the Rotary club that all members of the club who can come advise him of the number of ladies who can be influenced to attend the meeting.

W. M. WINTON DIES AT AGE OF 53 YEARS

WACOAN PASSES AWAY AT HOME ON TURNER STREET SATURDAY MORNING.

W. M. Winton, 52, died at his home, 303 Turner street, East Waco, at 7:15 o'clock yesterday morning. The funeral will be held from the home at 4 o'clock this afternoon with interment in Greenwood. Services will be conducted by Rev. E. V. Cox, pastor of the Elm Street Methodist church.

Mr. Winton is survived by one daughter, Mrs. Lee Abbott of Waco, and three brothers, Andy, Joe and Charles Winton, who live in Oklahoma; two sisters, Mrs. T. B. Collins and Mrs. John Burleson, who live in Richards Springs.

Pallbearers will be as follows: Active, Beard Pippin, Frank Foster, J. Nix, Charles Pinkston, John Duncan, T. B. Gardner; honorary, W. M. Reese, P. Bradley, W. E. Wilkins, W. H. Johnson, Billie Wade, Clay Dumas, Dr. I. A. Langston, Dr. J. T. Harrington, Jess Abbott, S. H. Clinton, W. C. McCollum, Ben Faush, Arthur Stewart, Will Brinegar.

Refrigerator cars, cooled by ammonia machines operated by internal combustion engines utilizing petroleum for fuel, are being built for a German railroad.

COMMISSION IN STAND FOR BETTER FIRE PROTECTION

CONCENSUS OF OPINION AT MEETING YESTERDAY FINDS COMMISSION READY.

A meeting of representative business men and city commissioners called by Mayor Dollins was held at 4:30 yesterday afternoon in the Chamber of Commerce to act upon the recent rulings received from the state fire board relative to the raising of Waco's key rate. W. L. Edmonds presided.

The reports from Austin concerning the changes to be made in the fire department were read by J. H. Zimmerman and the meeting was then opened for discussion.

Mayor Dollins stated that in case Waco complied with all of the requirements prescribed by the state board, it would cost between $75,000 and $100,000, but that he was not of the opinion that the matter could be remedied by following out the instructions in a general way at a somewhat cheaper expenditure.

$60,000 Necessary.

That the present key rate could be kept by an expenditure of about $60,000 was the advice received from Fire Commissioner Ben C. Richards. Mr. Richards further stated that in case the bond issue calling for $35,000 was passed at the next election, arrangements could be made with the other city commissioners to allow an overdraft of the remaining money necessary.

It was also his belief that the key rate could be decreased if even a part of these regulations were carried out, and the state board was shown that Waco intended to regulate its fire department.

Hear Water Reports.

Reports from the water works representatives were heard. It was learned that all necessary changes would be made and that no increase would be caused by the maintaining of dead ends in the water mains.

It was shown that the question of the city having a full paid fire department in the place of a partly paid department was a question separate in itself, and was not to be considered in the coming bond issue. The city officials have the power to make the fire department a paid organization at any time they see fit, and this regulation will be taken under their consideration.

Over $4,600 has recently been spent for electrical supplies which will cover most of the necessary changes ordered.

That the present fire department costs $50,000 a year was the statement of Mr. Richards, and now has thirty-seven paid men and twenty-five men partially paid. The full paid men receive from $65 to $95 per month and the others work for $15. Sixty men can run the fire department and comply with all the requirements of the state board, he said.

It was finally decided that the general plans of the advice received from Austin would be carried out by the city commissioners and that all possible changes would be made.

The representatives from the Y. M. B. L. stated that they would do active work in arousing the interest of the public toward the passing of the bond issue of $35,000 for the use of the fire department, to be voted on next Tuesday.

QUAKER CITY CELEBRATES.

Philadelphia, March 31.—Patriotic citizens of Philadelphia turned their faces toward Independence Hall today to reconsecrate themselves to their country and to pledge loyal support to the national government in any action it may take in the present international crisis.

All Philadelphia displayed the national colors and many business places closed at noon to give employes an opportunity to participate in the demonstration. Among the speakers on the program was Hiram W. Johnson, United States senator-elect from California. Prior to the rally a parade was given.

Cotton Bale on Square Brings 30 Cents Pound

A combination of cotton firms were the purchasers of the bale of cotton that was sold for the benefit of the Methodist orphanage in front of the Cotton Exchange at 11 o'clock yesterday morning. Auctioner W. T. Wheeler, within five minutes after he had begun the sale, declared the bale of cotton the property of Tom Bush, of the firm of Bush & Witherspoon, cotton dealers. The price offered by this firm was 30 cents per pound. The bale weighed 540 pounds and brought in round figures $162, the proceeds of which were promptly turned over to the orphanage. The price given was an increase of 11 cents above the market quotations for today.

WACO PLANS FOR PATRIOTIC DAY CONTINUE

CONTINUED FROM PAGE ONE

to President Wilson in whatever step may be deemed advisable in the present emergency.

JACKSONVILLE ENTHUSIASTIC.

Jacksonville, March 31.—At a preparedness mass meeting held tonight in the county armory resolutions were adopted upholding President Wilson in his present policies and calling on congress to declare "a state of war exists."

OVERFLOW AT INDIANAPOLIS.

Indianapolis, March 31.—Packing Tomlinson hall to overflowing, a great crowd of Indianapolis men and women tonight proclaimed solemnly and resolutely their conviction that the United States should declare war against Germany, take a positive stand with the entente powers and proceed at once to a policy of universal military service.

MASS MEETING AT LITTLE ROCK.

Little Rock, March 31.—At a patriotic mass meeting held here tonight, Governor Brough, who presided, led forward Harvey Etheridge, who yesterday left his plow standing in a field near Morrillton and walked forty miles to Little Rock to enlist in the navy as soon as he heard that recruits were needed.

PITTSBURG HEARS KNOX.

Pittsburg, March 31.—Senator Philander C. Knox tonight publicly pledged his support to President Wilson regardless of whether the president's future policy will be that of armed neutrality or a "war of aggression to redress the wrongs we have sustained." The statement was made in an address at a great patriotic meeting.

ELKS LODGE IN RESOLUTION.

By Associated Press.

New Orleans, March 31.—Edward Righlor of this city, grand exalted ruler of the Benevolent and Protective Order of Elks, today sent the follow telegram to Elks' lodges in this country, about 1500 in number, comprising half a million members:

"It is strongly urged that all the Elks' lodges pass resolutions favoring preparedness and pledging the president their support. If such is the sentiment of your lodge, meet quickly and so resolve. Wire the president direct the result and within your jurisdiction lend practical aid as well as pass resolutions."

"HOCH THE KAISER"—MOBBED.

Salt Lake City, Utah, March 31.—"I am going to Mexico to help the greasers and the Dutch whip the United States."

This remark, said to have been shouted by W. Brandt, a German members of the Industrial Workers of the World at a railroad station here today, drew a crowd which immediately mobbed him. Brandt was knocked unconscious. He was rescued by police and placed in jail.

KANSAS CITY LOYAL.

Kansas City, March 31.—The school children of Kansas City, in both the public and parochial institutions, will stand at attention at the hour when congress convenes in extraordinary session Monday. Arrangements were made today at a meeting of principals, for patriotic exercises and addresses, in each school building, coincident with the calling together of the national body.

TEACHER IN BAD.

Memphis, Tenn., March 31.—The refusal of a public school teacher here to have her pupils sing the national anthem resulted today in an announcement by the municipal board of education that hereafter any teacher who falters in manifestations of loyalty to the United States will be asked to resign. The Memphis branch of the National Security league today began a campaign to secure 10,000 signatures to a petition urging congress immediately enact legislation to provide for universal military training.

SENTENCED TO WEAR FLAG.

Kansas City, March 31.—There is at least one man here who will wear the national flag on his coat continuously until peace is declared in Europe. Judge Coon so decreed in municipal court here today and fixed the penalty for non-compliance as a fine of $500.

The prisoner last night aroused the ire of several men when he seized a flag and stepped on it.

"I should fine you $500," Judge Coon said. "But you couldn't pay it, and so I will make it $25 if you will promise to wear the American flag on your coat until peace is declared."

Judge Coon recently forced a negro to kneel on the floor of his court room and kiss a flag because he had made improper remarks about the national emblem.

AUSTIN AVE. WILL OBSERVE FIRST DAY

Y. M. B. L. LEARNS THAT MAJORITY OF MERCHANTS WILL CLOSE THURSDAY.

The majority of the Austin avenue merchants have signed a petition for the closing of their places of business April 5, the openinig day of the Texas baseball league, and an effort is being made by the baseball closing committee of the Y. M. B. L. to have every other business house in Waco close on that date.

This work is being conducted by a committee from the Y. M. B. L. and only one day was necessary to ascertain that the leading business men of the city were heartily in accord with the plan for a holiday on that date.

The stores will close from 4 p. m. until 6 p. m. on this date and every member of the sales force of each store will be given the privilege of going to the ball game. With the interest that is being displayed by business men of Waco, the baseball management announces that they fully expect to win the cup, donated by the president of the Texas league to the town having the largest crowd in proportion to its population at the opening game.

Some European railroads are experimenting with electric locomotive headlights so mounted that engineers can direct their rays in any desired direction.

5,000,000 Corns Lifted Right Off Without Any Work!

Why "Fuss" With Your Corns? Try 2 Drops of Magic "GETS-IT"

There's a wonderful difference between or trouble, or soreness. You do away getting rid of a corn now and the way once and for all with toe-bundling bandthey used to try to get rid of it only four ages, toe-eating salves and irresponsible

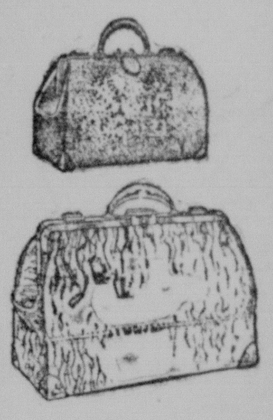
"See! Just 2 Drops of 'Gets-It,' Now Tomorrow I'll Just Peel That Corn Right Off—and It's Gone!"

or five years ago. "Gets-It" has revolutionized corn history. It's the only corn remedy today that acts on the new principle, not only of shriveling up the corn, but of loosening the corn off—so loose that you can lift it right off with your fingers. Put 2 drops of "Gets-It" on that corn or callus tonight. That's all. The corn is doomed sure as sunrise. No pain, what-nots. Try it—get surprise and lose a corn.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Waco and recommended as the world's best corn remedy by Powers-Kelly Drug Co., O. K. Stetler and Provident Drug Co.

Quality for Quality



We Sell Luggage Cheaper Every day in the Year Than any Other Firm

In Central Texas

We invite investigation and comparison

While they last--our stock of trunks, bags and suit cases made from materials bought last year, will be sold at present WHOLESALE COST!

—We sold more goods last week than ever before at this season of the year, but we still have a good selection of the luggage made from materials purchased last summer before the sensational price advance of 35% to 50%. These Trunks, Bags and Suit Cases will be sold at almost present wholesale prices.

—Of course there is a reason for this. Right here in Waco we make most of the trunks we sell, and those we buy we get in large quantities at quantity prices.

"TIZ" FOR SORE, TIRED FEET--AH!

"TIZ" IS GRAND FOR ACHING, SWOLLEN, TENDER, CALLOUSED FEET OR CORNS.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, sweaty feet. No more sorcness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25c box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25c. Think of it.

Woodson Baraca Class Conducts New Campaign

The W. W. Woodson Baraca class of Austin avenue has a contest on for new members. It will continue until May 6, at which time a novel entertainment will be given the winners by the losers. The two captains are Julian C. Hyer and Ferdinand S. Marrs, the class being equally divided. Great interest has been manifested so far and every member of this class will meet with the class this morning at 9:30 in the official Baraca bungalow quarters.

JEWISH COUNCIL TO MEET.

Council of Jewish Women will meet on Thursday in the basement of the Temple, instead of on Tuesday. The meeting will be at 3 o'clock.

WACO BUSINESS IN SUPPORT OF BONDS FOR FIRE SAFETY

CONTINUED FROM PAGE ONE.

paratus that money can buy. With the new bonds available, I feel confident that the present fire insurance rates can be lowered to such an extent that every property owner in Waco will be saved many dollars each year."

J. R. Milam: "Unless the bonds for $35,000 for the improvement of the Waco fire department carry on Tuesday, it will cost the people of this city $100,000 each year in increased fire insurance premiums."

W. W. Woodson: "It would be impossible for the city of Waco to make a better investment than to vote for the bonds on Tuesday for the betterment of our fire department. That amount expended now in improving the department will mean the saving of more than the $35,000 every year for the next ten years in insurance premiums. I understand our fire department is twelve years behind the times. We ought to have as good as any city of similar size in the country. I feel confident that the people of Waco appreciate the serious condition that confronts us and that they will cheerfully vote for the bond issue."

R. J. Windrow: "It's up to us to do it. We cannot afford not to vote for the bond issue. This city is not in a position to stand a raise in insurance rates. We need lower rates than we have at present, and we can easily get them by voting for the bonds and getting a modern fire department. There should not be a dissenting vote cast for the bonds."

F. E. McLarty: "Every business man in Waco ought to favor the bonds. It will mean a tremendous loss to this city unless the bonds carry. An efficient fire department is one of the best assets that any city can have. The carrying of the bonds will keep down the fire insurance rate to a reasonable amount."

Louey Migel: "Yes, sir, I am heartily in favor of the bond issue for the fire department. My only regret is that we cannot vote for $50,000 instead of $35,000. It is good business for the city to create a fire department that will be a credit to Waco, and that will save close to $100,000 to the property owners every year in lower insurance rates."

R. T. Dennis: "If we are to keep our fire insurance rates down to a reasonable amount, it will be absolutely necessary to see that the bonds for the improvement of the fire department are carried on Tuesday. I am very much in favor of the proposition."

R. J. Potts: "In my judgment we ought to immediately comply with every request made by the state fire rating board. If this is done it will mean a reduction of the key rate to 18c. If it is not done it will mean the raising of the key rate to at least 27c. If Waco is to continue to grow, it is absolutely necessary that the bonds shall carry. I cannot understand how any one can oppose the bonds. Give us a good fire department."

J. J. Powers: "An improved fire department is absolutely necessary. If Waco is to continue to grow, it is absolutely necessary that the bonds shall carry. I cannot understand how any one can oppose the bonds. Give us a good fire department."

J. J. Powers: "An improved fire department is absolutely necessary. If by investing $35,000 in betterments we can save double that amount each year in cost of insurance, it strikes me that it would be mighty good business. That argument would apply without question to a private business enterprise and I see no reason why the city should not adopt the same business methods. Every man who has the interest of the city at heart ought to turn out on Tuesday and vote for the bonds."

Sam Hanna: "To defeat the bond issue would give Waco a black eye for many years, and would be an expensive proposition for every person in the city. The issuance of the bonds for the purpose of building up the fire department is an excellent idea and I hope they will carry."

Will Edmond, President Y. M. B. L.: "A raise in the key rate will affect every fire insurance policy in this city from the working man who has a few hundred dollars' worth of furniture or a small home, to the big merchants and large property owners. No more important bond issue has ever been presented to the people of Waco than the $35,000 that will be voted on next Tuesday."

Removing Ugly Hairs—Entirely New Method
(Actually Removes the Roots.)

The question is often asked whether a really permanently efficacious hair-remover exists, and the answer has heretofore been very unsatisfactory. Fortunately, there's a new and remarkable process that really removes every hair entire, root and all. It is different from and far better than electricity, depilatories, the razor, or any other method. If you'd like to try it, just get a stick of phelactine from your druggist, follow the simple instructions—and with your own eyes see the hair roots come out! Roots are removed instantly, easily, leaving the skin perfectly smooth and hair free.
Phelactine is non-irritating, odorless, and so harmless you could eat it! It is so reliable that every stick is sold on a satisfactory-or-money-back basis.

Young Men's Class in Invitation to Waco Men

The Young Men's Wesleyan class of South Fifth Street Methodist church, corner South Fifth and Jackson streets, wishes to invite all young men in the city not affiliated with a class to meet with them in their class room this morning at 9:45 o'clock, at which time an exposition of the lesson will be given by C. J. Clanton, assisted by several members. Special music has been provided.
The sessions are educational and interesting.

BLANKS ISSUED TO PROSPECTIVE CADETS

SOUTHERN DEPT. SENDS OUT LITERATURE IN SUPPORT OF TRAINING CAMPS.

Application blanks for citizens training camps have been mailed out by the southern department to many of the citizens of this state which will be held at various times during the summer at Austin, Dallas and Houston. The camp at Austin will be held May 4 to June 3 and at Dallas June 16 to July 15; at Houston September 8 to October 7. Other camps under the jurisdiction of the southern department will be opened for civilians of other Southern states some time during the summer months.
These camps are for one month's intensive military training and are intended primarily for training reserve officers for the United States army, and may be used during time of war.
Transportation to and from camps and subsistence during the month will be furnished by the government. It will likewise furnish free uniforms for the members of the camps. The camp is for any citizen of the United States between the ages of 18 and 45, though men between 45 and 50 may attend by paying their own expenses.

Perhaps It's Here

THE establishment in the Texas Travelers of a form of death benefit for the members in good standing is the big question before the organization at this time. Chairman E. S. Keane Jr. of a special committee to prepare a plan along this line will be ready with an extended report this morning at the session of the organization at the Raleigh which will be reviewed by the members. The meeting this morning begins at 9:30 and all traveling men in the city are urged to be present. Business is always transacted with dispatch and early completion of all matters is assured.
President J. W. Barnett announced his standing committee chairmen at the last meeting and these will select their co-workers for the forthcoming fiscal year.
Renewals for the new year are coming in rapidly, as well as new members not heretofore affiliated.

To elect a delegate to the state firemen's convention, which will be held at San Angelo next month, the Bell's Hill Engine company No. 5 will hold a called meeting this morning at 10 o'clock. It was intended to hold the election next Thursday night at the regular meeting but owing to a letter from the president of the association stating that unless the delegates names was filed by Monday he would not be admitted the called session was necessary.

Counting of all parcel post packages for two weeks in April for an estimate of the average amount of postage received from this source and for the entire year will begin in the Waco postoffice tomorrow and continue for the two weeks following. This is done every year since the doing away with the regular parcel post stamps in order to get an estimate of the amount of revenue derived from this source. Every year this count is made during the first two weeks of April and the first two weeks of October, and the amount of postage is averaged from this count.

• • •

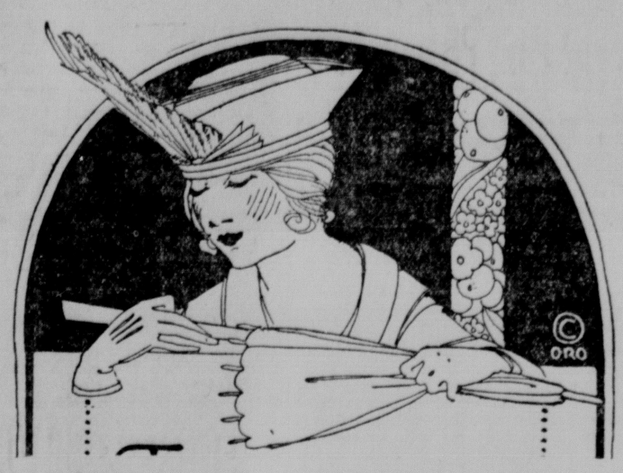
The postoffice savings department is proving an attractive proposition for many people. This is shown clearly by the fact that the amounts deposited by patrons of this branch of the service has exactly doubled durin the year.
This branch is two years old and the year just closed shows the amount has more than doubled the year of 1916. The majority of the depositors are of foreign birth, said Postmaster McCollum last night, and is an evidence of the confidence they have for this branch of the service. The foreign depositors furnish more than 50 per cent of the deposits, though many Americans are taking advantage of this opportunity.

• • •

Quarterly reports of the business done by the postoffice are being made out by Postmaster McCollum and the reports will be completed by the latter part of this week. This quarter's business will show an appreciable increase over the same quarter last year in the opinion of the postmaster and also will show an increase over the last quarter of last year. January showed a marked increase over the preceding month, and February stood a good average. The postmaster thinks that March will show another increase.

That business conditions are unusually good in this country at the present time is indicated by the few number of bankruptcy petitions filed in the federal district court of this district. Only six applications were filed during the month of March and 28 for the first quarter of this year. This number is equalled by the first quarter of last year, while during the first quarter of 1915 48 applications were filed and during the first quarter of 1914 62 applications were filed.

Pre-Easter Millinery Sale Monday



Smart Tailored Hats, very latest styles, newest materials, in all the wanted colors; neat trims and facings $5.00

News Weathermanin Interesting Mar. Data

By Dr. Isidor Block.

The weather report for this month contains interesting figures, and meteorological conditions were out of the ordinary. The wind velocity has been higher than ever heretofore reported, and both highest and lowest temperatures have been unusual.
We herewith give the mean average for the month as compiled from statistics reaching over a number of years back, as compared to the averages in the month of March of 1917.
Mean rainfall for March, 3.39; for 1917, 1.58, a very marked deficiency, resulting in unusual dryness, and therefore belated crops. Mean barometer for March, 30.131, this month 30.073. Average temperature for March, compiled by observations extending over several years, 59.6; this March, 61.3.
The maximum temperature this month was 88, while higher temperatures, going as high as 99, have been reached in other years; the lowest temperature this year was 29, the thermometer having fallen as low as 18 in Marches of other years.
The mileage of wind and its velocity both were unusually high. Altogether, 7,817 miles passed during the month, more than have been recorded in any other year for this month. The highest velocity was reached on March 6, at 2:20 p. m., when it passed with a rapidity of 42 miles an hour.
Seventeen cloudy or partly cloudy days can be recorded for this month.

LOCAL COURTS.

The close of the week found small activity in the courts in session at the county court house, the principal business of the day being the session of the Nineteenth district court under Judge Denton.
Saturday afternoon's work consisted in the assignment of the minutes, the following cases being returned by the grand jury: Jim Lewis, theft from person; Mannie Holder, burglary; Ed Long, burglary; Clint Bozalina, burglary; Frank Lane, burglary; Walter Johnson, theft over $50; Benjamin Hardy, theft over $50; Claud P. Parr, theft over $50; C. E. Bailey (eight cases), theft over $50; Allen Wesley (seven cases), burglary; Robert Allen (seven cases), burglary; John Sargent, murder; Tom Wilkerson, murder; Ed Reed, murder.
A new term of court stars tomorrow.

Don't wait till morning to order your drugs. We are open all night. Free delivery. Stetler's Drug Store, phone 159. (Adv.)

Monday Accessory Sale. You can't afford to miss it.—Adv.

Young Men's Hebrew Association Meets Sunday

The semi-monthly meeting of the Young Men's Hebrew association will be held this evening at 8 o'clock in the vestry rooms of Temple Rodef Sholem.
An urgent call is made to all active and associate members of the association to be present at this meeting. The subject of obtaining centrally located quarters is to be acted on. The following are to make short talks relative to the social, spiritual and physical upbuilding of the young Jewish men and boys of Waco: Asher Sanger, Dr. Emanuel Toomin, A. A. Alexander and Dr. I. Warsaw. After the business meeting refreshments are to be served.

NAMED DISTRICT DELEGATE.

The report of district No. 26 was omitted by error in the report of the sovereign delegates elected in the Woodmen convention here. S. C. Findley of district No. 26 was elected.

In connection with its efforts to revive the silk industry, the Spanish government has established an experiment station with about 34,000 mulberry trees.

Tietz Hotel—Good meals 25c, rooms 50c and 75c; special rates by week.—Adv.

Morning News Bulletins of State Activities and Events

WILSON IN THANKS TO TEXAS SENATE FOR ITS RESOLUTIONS

GOV. FERGUSON VETOES BILL PROVIDING FOR SHORT TERM CONVICT EMPLOYMENT.

By Associated Press

Austin, March 31.—President Wilson has personally thanked the Texas senate for the adoption of a resolution during the last few days of the regular session renewing its pledge of support and loyalty in the present crisis, in a letter just received from the nation's chief executive by John D. McCall, secretary of the Texas senate.

GRANTS CERTIFICATE.

Austin, March 31.—Commissioner of Insurance and Banking Austin today granted a certificate of authority to do business in Texas to the First State bank of Colorado, Mitchell county, capital stock $30,000. This is a guaranty fund bank.

VETOES BILL.

Austin, March 31.—Governor Ferguson today vetoed the house bill which provides for the working of short term male state convicts upon the public roads and highways of the state. In disapproving this measure the governor's reasons are contained in the following notation made on the back of the bill:

"While I am sure this law was passed with a sincere belief that it would be good for the short term convicts and the different counties who might desire to employ such convicts on the county roads, yet I am sure no such result would be obtained. Furthermore, an attempt to apportion among the counties of the state the state convicts would violently disorganize the plan of working the convicts upon the farms of the state and would entail upon the respective counties great expense in transporting said convicts to and from the state prison. This law, to put it in operation, would cost the counties more than free labor would cost to do the same work. Believing that the law is impractical and unwise in many other particulars, I am forced to disapprove and veto same, which is accordingly done on this, the thirtieth day of March, 1917."

New Presbyterian Church Complete at Waxahachie

Special to the News.

Waxahachie, March 31.—The First Presbyterian church new building will be turned over to the congregation Monday or Tuesday of next week and the congregation will formally open the building on Easter Sunday. The building is one of the handsomest and best equipped in all the central section of the state. The main auditorium with galleries will seat 750 people. In addition to this there are Sunday school rooms, a pastor's study, a kitchen and a gym.

The gym and reading room will be open to the public and those desiring privileges may procure cards. Only 250 cards will be issued. The gym will be open every day except on Sunday.

San Angelo Theatre Is Purchased by New Firm

Special to the News

San Angelo, March 31.—The Lyric theatre building, San Angelo's largest amusement house, has been purchased by Robb and Rowley, local theatrical managers, for $20,000. It was bought from the Peter McKinley estate through James J. Neill, executor. The theatre's seating capacity will be doubled.

SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

EVERY BIT OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

TRY THIS! YOUR HAIR APPEARS GLOSSY, ABUNDANT, WAVY AND BEAUTIFUL

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing qualities cause the hair to grow long, strong and beautiful.

Gasoline---Gin---Girls Leading to Crime

By Associated Press.

Dallas, March 31.—"Gasoline, gin and girls" are among the potent provocations of crime nowadays, according to the report of the Dallas grand jury for the January term submitted today to Judge R. B. Seay. The report, after detailing the work of the jury, discourses on the cases of crime and after dealing with idleness, vagrancy and loafing in pool halls and saloons, says:

"In addition to these potent provocations of crime, we find among the unfortunate members of humanity that have passed before us during our term that gasoline, gin and girls are the usual signposts on the broad road that ends in the pit of misery and destruction."

FALLS CO. FARMERS SAY CORN IS DYING RESULT OF DROUGHT

CONTINUED DROUTH IN VICINITY OF MARLIN BRINGS PESSIMISTIC REPORT.

Marlin, March 31.—Farmers from several sections of Falls county report that young corn is dying as a result of the continued dry weather and the work of parasites known as "chinch bugs." In many instances the seed has sprouted and there was insufficient moisture in the ground to bring it up, and as a result the young plant has died before reaching the surface.

The oat crop will be almost a total failure. Unless a rain falls within the next ten days, practically all of the farm lands in Falls county will be planted in cotton this year.

SHIELDER

John Huber and wife, J. W. Manney and wife were Marlin visitors Thursday.

Bolin Isom and wife and Miss Della Crosby were shopping in Temple Tuesday.

J. W. Manning has been preaching at Shieldes the last few nights.

John Huber and wife and Miss Viola Teaff were in Temple shopping Monday.

S. J. Roming and family of Temple were visiting in the homes of their parents here Sunday.

Misses Mary Scott and Della Crosby spent Saturday night with Miss Viola Teaff.

J. E. Isom and family of Eddy and Cleo Hannoll and family spent Sunday in the home of J. B. Isom.

The Jolly Workers had their weekly meeting Wednesday afternoon with Mrs. B. F. Teaff as hostess. The time soon passed and the lesson hour rolled around. The house was called to order by the president, Mrs. Tisdale. A very interesting program was rendered, after which the members were invited into the dining room, where refreshments were served. The club made arrangements for an entertainment soon and also planned an egg hunt for the children Easter, to be given at the Shieldes tabernacle on Saturday.

A crowd of young people of Troy attended church at Shieldes Thursday night.

The Shieldes school closed Friday afternoon.

Mrs. J. R. Hannoll was shopping in Waco Monday.

Several people were out to hear Dr. Lucy make a speech on "The Health of the Human Race" at the school house Friday afternoon.

Cleo Hannoll and wife were in Temple shopping Friday.

Bolin Isom had business in Waco Friday.

W. C. Tisdale and wife were in Waco Friday.

LOTT

An elimination contest to select representatives for the Lott public school in the Falls county interscholastic league meet, to be held at Rosebud April 5 and 6, was conducted at the high school auditorium last night, with the following results: Junior girls' declamation, Willie Dan Wheeler first, Carrie Weathers second, Kathryn Poulson third; junior boys' declamation, Davy Jack McWilliams first, Bill Daffin second, Albert Madzeck third; senior girls' declamation, Gracie Mann first, Laura Lee Wheeler second; senior boys' declamation, Mortel Bryant first, A. T. Mann second, Julius Lee third; junior spelling, Maxie Evans and Josephine Mann; senior spelling, Gracie Mann and Audrey Moore. The judges were Superintendent A. C. Ferguson and T. K. Morris of the Marlin schools, and Hon. H. O. Jennings of Marlin. County Superintendent G. A. Pringle conducted the spelling contest. The school will also be represented in basketball and track events at the meet.

Lott's contingent in the Texas national guard returned home from Corpus Christi thirty-five strong Tuesday morning and was met at the depot and welcomed by several hundred of our citizens. The ladies of the town tendered them a reception and banquet at the Woodmen hall last night.

A game of baseball Thursday between the Lott and Durango teams resulted 4 to 0 in favor of Lott.

An interesting missionary program was rendered by the Baptist Sunday school last Sunday morning.

J. C. Sorrozen has been spending the week in Dallas in attendance on the state Sunday school convention.

Mr. J. I. Rouse, one of the most progressive business men of Lott, moved this week to Waco, where he will manage one of that city's largest automobile distributing agencies.

Mrs. G. H. Prideaux, Mrs. A. C. Henke, Martel Bryant and S. H. Tucker motored to Waco today.

FOUR ARE INJURED IN COTTON BELT WRECK AT TYLER

ENGINEER AND FIREMAN MAY DIE AS RESULT OF BURNS RECEIVED IN DERAILMENT.

By Associated Press.

Tyler, March 31.—Four members of the train's crew were injured, the Engineer Tom Stovall and Fireman Charles Dunn—scalded, probably seriously, when southbound passenger train No. 1 on the Cotton Belt railroad was derailed at Pine, fifty miles east of Tyler, at 4 o'clock this morning.

The derailment occurred at a curve and the engine, tender, mail and express cars turned completely over. Two mail clerks received minor injuries. None of the twenty-one passengers on the train were hurt.

PLAN BIG MEET FOR FIREMEN AT SAN ANGELO

Special to the News

San Angelo, March 31.—Uniformed firemen on two motor-driven trucks worth $17,500 will greet delegates to the state volunteer firemen's association convention here on May 8, 9 and 10. Twenty blue uniforms for members of the department arrived Friday, and will probably soon be worn by requirement.

PENSION LAW IS GIVEN NEW REMEDY

ATTEMPT BY LEGISLATURE TO AID PENSIONER IN RETENTION OF CREDIT AT DEATH.

Special to the News

Austin, March 31.—The Thirty-fifth legislature passed the following bill, known as a mortuary pension bill, which is for the purpose of paying at the death of a Confederate pensioner a portion of the expenses incurred in his or her last illness.

As the law read prior to the passage of this bill, the attorney general of Texas ruled that in cases where a pensioner died prior to the last day of the quarter, that a warrant issued him could not be collected by anyone, but had to be returned to the state pension fund and canceled, and could not be used for any purpose.

This worked quite a hardship on many—widows having expected to use the same to pay accounts incurred, and merchants, physicians and undertakers having expected to have been partly paid out of the pension warrant due at the end of the quarter, and when the warrant could not be paid, all were compelled to suffer financial loss, caused perhaps where a pensioner died one or two days before the end of the quarter for which warrant was to be issued.

Many pensioners use their warrants as a basis of credit. Death overtaking the pensioner prior to the end of the quarter caused persons who have assisted the worthy pensioner to lose all payment of account.

Under the new law a warrant not to exceed thirty dollars is allowed the heirs or legal representatives of the pensioner, to be applied on accounts incurred in pensioners' last illness, which will tend to relieve the conditions and will allow every pensioner the knowledge of assurance that he will have a burial without depending on charity or receiving a pauper's burial.

LOCAL OPTION VOTED PRECINCT IN TOM GREEN

Special to the News.

San Angelo, March 31.—Tankersley, the only wet precinct in Tom Green county outside of San Angelo, voted local option today.13 for and 8 against Talk of a contest is rife. A full vote was polled.

Saturday Is Final Day for Taking School Census

Special to the News.

Austin, March 31.—Today was the last day for taking the scholastic census in Texas. The state department of education has received unofficial reports indicating a substantial increase in scholastics in every part of the state. The county superintendents will send their reports to be tabulated by the state department of education.

An electrically ignited pipe has been invented that lights the tobacco at the bottom of the bowl and prevents accumulations of moisture in the stem.

ESCAPED TEXAN IS RECAPTURED TWICE IN KANSAS

By Associated Press.

Leavenworth, Kan., March 31.—Leslie L. Tingle and Frank Costello, convicts, escaped from the federal penitentiary here yesterday. They were captured. Then they escaped again. But today they were back in their cells at the prison after having been taken a second time. Tingle and Costello were first apprehended by Matt Kennedy and his two sons at their farm west of here early today. The farmer and his sons started to the penitentiary with the two. The prisoners jumped from the buggy and Kennedy's revolver jammed. The men later were found hiding in a vat in a deserted vinegar and pickle factory.

Both were serving sentences on larceny convictions, Tingle having been convicted by military authorities at Texas City, Texas, and Costello at Washington, D. C.

BEST F. JONES ON TRIAL AT EL DORADO

CHARGED WITH MURDER OF C. A. BUIE ON SCHLEICHNER COUNTY RANCH.

Special to the News

San Angelo, March 31.—Charged with murder in connection with the fatal shooting of C. A. Buie on a Schleicher county ranch last April, Best F. Jones, prominent stockman, is on trial at Eldorado this week. The two men were partners in the cattle business and the killing occurred following an argument over a wagonload of feed. Buie was shot with a rifle at close range and died instantly.

Three special venires, with a combined total of 150 men, were exhausted before a jury was finally selected Friday afternoon. The taking of testimony was begun Saturday morning and the case will not likely go to the jury before Wednesday.

Both Jones and Buie were well known and the trial is creating great interest throughout West Texas.

Farmer Institute Dates Are Announced at Austin

Special to the News.

Austin, March 31.—J. O. Allen, assistant organizer of farmers' institutes for the state department of agriculture, has announced the following meetings: Ripley, April 7; Bogota, April 9; Deport, April 10; Pattonville, April 11; Howland, April 12; Enloe, April 13; Cooper, April 14; Klondike, April 16; Cash, April 17; Quinlan, April 17; Terrell, April 18; Kaufman, April 19; Scurry, April 20; Rosser, April 21.

Mr. Allen will lecture on diversified farming, the importance of raising more food and feed and less cotton.

COTTAGES BURN AT MARLIN.

Special to the News.

Marlin, March 31.—Fire yesterday destroyed two small cottages occupied by negroes on Commerce street with a loss of about $500. For about a year there had been no fires in Marlin, and the key rate was reduced, but in the last two weeks there have been a number of houses destroyed.

BUYS NEW BUILDING.

Special to the News

San Angelo, March 31.—The Cox-Rushing company, local dry goods firm, Friday purchased from Simon Poll the local brick building which it occupies on South Chadbourne street. The consdieration was $24,000. Another story will be added and a modern front installed at once.

MURDER CASE IS APPEALED IN BRIEF OF 1320 PAGES

T. R. WATSON, TEAGUE BANKER, CONVICTED OF CRIME, IN NOTABLE PETITION TO COURT.

Special to the News.

Austin, March 31.—The record in the case of T. R. Watson, the banker in Teague who was convicted of the killing of John S. Patterson, the late commissioner of insurance and banking and sentenced to ninety-nine years in the penitentiary, today was received by the court of criminal appeals and has been set down for submission on April 18. It is understood, however, that if the time be too short to permit counsel to prepare the briefs the date will be postponed.

The statement of facts covers about 660 pages and the transcript of evidence about 720 pages. The transcript in the proceedings on motion for change of venue, overruled by the court, takes more than 300 pages. Withal, only forty bills of exception are noted by counsel for the defense.

Special Counsel to Aid.

Special counsel will assist Assistant Attorney General Hendricks in the presentation of the case for the state, Lud Williams of Waco and Cullen F. Thomas of Dallas, who participated in the trial and are familiar with the case, having been retained. Since bail was granted to T. R. Watson by the court of criminal appeals former Associate Justice A. J. Harper has retired and Associate Justice W. C. Morrow has taken his place on the bench.

TEXAS IN BUSINESS.

Special to the News.

Austin, March 31.—Charters were filed today with the secretary of state as follows:

Day and Night Motor Service, Inc., Fort Worth.; capital stock $10,000, of which $5,000 has been paid in. Incorporators, J. W. Milner, A. L. Shuman, A. H. Kirby and V. R. Ford.

The Household Furniture company, Port Arthur; capital $2,000 and $1,000 paid in. Incorporators, E. W. Vaughan, E. L. Rowe and W. M. Irwin, all of Jefferson county.

The following charter amendments were filed:

Farmers Union Warehouse company, LaCoste, increasing capital from $5,000 to $15,000, increase all paid in.

Oriental Laundry company, Dallas, increasing capital from $100,000 to $200,000, increase all paid in.

Park W. Pitman Investment company, El Paso, changing the name to Brown-Wheelock company.

Seguin Farmers Union Gin company, Seguin, increasing capital from $32,000 to $45,000, increase all paid in.

Ballinger Light and Ice company, increasing capital from $50,000 to $90,000, increase all paid in.

U. S. Bankrupt Sale company, Temple, changing name to the U. S. Mercantile company and place of business to Denison.

Proof of final payment made by: The National Supply company of Texas, Houston, capital stock of $100,000 being all paid in; Dixie Krystalite company, Houston, capital stock of $10,000 being all paid in.

Certificates of dissolution filed by: Lakeside Rice Mill company, Eagle Lake; National Salvage company, Houston; Von Boeckmann Ginning company, Geronimo.

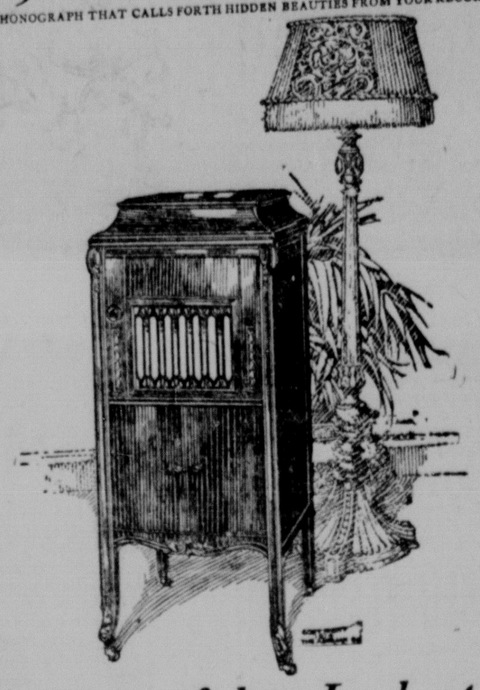
The Aeolian-Vocalion

"THE PHONOGRAPH THAT CALLS FORTH HIDDEN BEAUTIES FROM YOUR RECORDS"



"Beautiful to Look at as well as to Hear!"

WOULD you possess a phonograph whose appearance harmonizes with the most beautiful in art furnishing?

We suggest the Aeolian-Vocalion, the lines of which were planned to fit gracefully with the "great creations" in furniture styles. The Vocalion has been termed the "phonograph amazing" because of its ability to deliver to the ear new and hitherto inaudible tone beauties from records.

And from its ability to vary every playing of a record as an artist varies his every performance.

Yet the price is no greater than other phonographs of similar grades. And as low as $5 a month terms makes possession of a Vocalion undeniably easy—whether you buy a **$100.00 one or pay more.**

FERGUSON SIGNS "FARMERS FRIEND" BILL SATURDAY

PERMITS FARMERS TO BORROW MONEY ON LANDS FOR GRUBBING AND FENCING.

By Associated Press.

Austin, March 31.—Governor Ferguson today signed the "farmers' friend bill," so-called, which measure further defines the word "improvements" in the homestead law so as to permit farmers to borrow money on lands for grubbing, fencing and other purposes, the idea being to enable farmers to borrow from the federal land bank.

Other bills signed today by the governor are:

Amending the fire escape law so as to place its enforcement under the state fire insurance commission.

Requiring county commissioners to publish notice of contracts let in excess of $2,000.

Enabling indicted persons to procure change of venue, enter plea of guilty and begin serving sentence when court is not in session in the county of conviction.

Fixing uniform date on which county officials shall qualify.

Relating to fees allowed sheriffs and constables in felony cases.

Permitting eleemosynary or charitable institutions to be beneficiaries in policies issued to persons by fraternal societies.

Amending law providing for working streets by male inhabitants of towns not over 5,000 population.

Providing that punishment for arson shall be from two to twenty years.

Fixing a maximum amount for bonds of county tax collectors.

Authorizing municipalities to use revenue from its public utility plants in payment of sinking fund, etc.

Permitting W. A. Duncan, Luther Eastham and B. A. Eastham to sue the state.

Providing that elections shall be held in public buildings.

Amending the butchers' law.

Providing for treatment of indigent persons afflicted with hydrophobia.

Amending law in regard to issuance of citation in forcible detainer cases.

Protection of citizens killed in foreign countries.

Conferring on state superintendent of public instruction authority to reinstate cancelled teachers' certificates.

Requiring automobile repair shops to keep record of all cars repaired.

Auditing comptroller to make contracts with private collectors to collect inheritance taxes.

Liberalizing the mineral laws.

Prescribing mode of appointment of assistant district attorneys in cities of 28,000 or over.

Convicted of Murder; Files Appeal in Case at Austin

By Associated Press.

Austin, March 31.—In the court of criminal appeals today was filed an appeal in the case of T. R. Watson, the Teague banker, who was convicted of the murder of John S. Patterson, late commissioner of insurance and banking and given a term of ninety-nine years in the penitentiary. Patterson was shot while posting a notice of the closing of the bank at Teague. The court set the case for submission on April 18, but in the event counsel on both sides find this date too close at hand to prepare briefs and argument, the higher court may fix a later date. The statement of facts contains 600 pages and the transcript of the evidence about 720 pages, which is one of the largest in the history of the court.

Mertzon Ranchman Seriously Injured in Fall From Horse

By Associated Press.

Fort Worth, March 31.—Word reached here today of the serious injuring of J. R. Brooks, ranchman at Mertzon. He was thrown from his horse. Brooks is an extensive and wealthy stock breeder.

A GRAVE QUESTION.

HAIR COLOR RESTORER

LA CREOLE DARKENS GRAY HAIR IN A FEW DAYS—TRY AT RISK OF YOUR LOCAL DRUGGIST.

No matter whether you are bothered with gray, streaked with gray, iron gray, or prematurely gray hair, falling hair, dry, dull and brittle hair, oily, greasy, stringy hair, dandruff or itching scalp, any druggist invites you to try La Creole Hair Dressing at their risk. If it succeeds in darkening your gray hair, or making hair grow again, the cost is trifling, and should it fail it costs nothing. If your gray or falling hair is worth saving, La Creole is worth trying. La Creole is harmless—no dye, but has the wonderful effect of restoring the color glands to activity, so all your gray hair is naturally restored to that even dark, fascinating tone you used to have. Besides La Creole stops dandruff and falling hair and causes thin hair to grow thick and new hair to sprout all over your head, making entire head of hair soft, fluffy, long, thick, evenly dark and snappy with new life.

SHORT ONES.

If Germany could give away Texas and Arizona and New Mexico, how can she deny the right of another to a lot of German or Austrian states?

Why the Germans are drawing back their lines along the Ancre river is yet to be satisfactorily explained. But one reason, evidently, is that the British have rudely insisted on occupying the ground now being abandoned.

PASS THE FIRE BONDS.

ON ANOTHER page today The News is printing reasons why prominent citizens favor the passage of the $35,000 fire apparatus bond issue. The News trusts every voter will read the article with care.

The News has investigated the probable results of the failure of the proposed bond issue to pass and it is in hearty agreement with the views expressed by Waco citizens today.

The situation is this: Some of the city firefighting apparatus is over ten years old. During this time Waco has practically doubled its population. In the bustle and prosperity of its growth the fire department has been neglected. The city firefighting machinery is hardly adequate for a city half the size of the 1917 Waco.

In the state investigation held recently as a result of February's fire epidemic, officials and interested citizens became convinced that the fire department must be equipped with proper tools. A bond issue of $35,000 to be voted on Tuesday is the result of that investigation.

If the bond issue fails to carry, the state will permit the fire insurance companies to charge practically $100,000 yearly in additional premiums against insured property in Waco. The passage of the bond issue thus means a saving of more than 200 per cent yearly, as practically every improved piece of the property in the city would be affected by the increase in premiums.

The News recommends the passage of the bond issue as the best piece of business that the property owner as a stockholder in the city can possibly sanction.

SHALL THE COTTON PALACE GO AHEAD?

THE Young Men's Business League Tuesday begins the work of selling $50,000 in stock to build the Cotton Palace auditorium and other needed improvements.

In the seven years since its founding the Cotton Palace has steadily grown as an annual statewide exposition. The time has now come to determine whether the Cotton Palace shall go ahead or back.

The Dallas fair is the only rival of the Cotton Palace in prominence and attendance among industrial expositions in the South. Dallas provides for an annual contingent fund for the upkeep and growth of its fair. The Cotton Palace is not so financed and for five years Waco business men have not been called upon to provide for its maintenance and its growth.

It is imperative that the Waco public meets the test and subscribes the $50,000 necessary to push the Cotton Palace forward. Otherwise the exposition will face a state of temporary stagnation.

TEXAS SHOULD PREPARE.

THE first business of the special session of the legislature the coming month should be war preparation.

There is the ever present street braggart who declares that all Mexico couldn't cross the Rio Grande. There is the usual remark that one Texan can lick a hundred Mexicans. The easy going pacifist is inclined to believe that there really isn't an anti-American feeling in Mexico and that the mere presence of a few hundred militiamen on the border would scare Villa, Obregon and Company into several kinds of yellow fits.

Herr Zimmermann, in furnishing his alibi to the reichstag last week, explained why he was planning an offensive alliance with Mexico and his hope of extending the alliance to include Japan. He pointed out in his clear and blunt German logic that the Mexicans hate us, that Germany has put the Mexican government in her financial and business vest pocket since Diaz was forced out, and that Japan has really more cause and profit to be in war with the United States than she has to make war on Germany.

The News does not believe in the event of war between Germany and the United States, Japan would break with the allies. There is no reason to believe, however, that Mexico would not join Germany and that a Germany equipped and officered Mexico would not be as formidable as the Turks have proven to be. It is well to remember that practically a half million men, among them the best trained soldiers of the allies, have been unsuccessfully attempting to subdue Turkey and that the Turks under German officers have been practically holding their own.

The best advices from Mexico tell us of whole companies of Japanese fighting with Obregon. Hundreds of thousands of dollars of Japanese ammunition have been landed in West Mexican coast harbors. The German population in Mexico and Central America is in itself considerable, and every German male is a trained soldier. Mexico in her mines contains all of the elements necessary for the manufacture of munitions. It is not improbable that the German government has already sent into Mexico the finance and the brains necessary to build and equip gun-making and munition factories.

That the United States government is alive to the menace to Texas is shown in the increase of secret service men on the border, arrests of German spies, and precaution against the wholesale crossing of the border by German citizens. The next few weeks may uncover a network of enlistment propaganda in South Texas among the Mexicans and unnaturalized population.

The News believes Governor Ferguson and the Texas legislature have been remiss in not recognizing the situation that exists. It is not a case of "Let Uncle Sam Do It." Uncle Sam will have his hands full on the Atlantic seaboard and President Wilson certainly will welcome substantial aid from the greatest state in the Union. Texas should get ready to police her hundreds of miles of Mexican border. She should immediately provide for a tremendous expansion of her state militia, for the training of her citizenship and for the providing of a war chest for rifles, machine guns and ammunition. There has been considerable talk that we should let the war question rest; that war agitation may hurt business. There will be criticism of this editorial from that class of persons and also from the sluggish mind that believes the person who talks preparedness is hysterical.

The News hopes and trusts everything will quiet on the Mexican border and that the miracle will happen which will keep us out of war with Germany. News events do not justify either hope.

War with Germany will undoubtedly be followed with Mexican trouble. It would be both stupid and dangerous for Texas government not to recognize the fact.

What Others Say

(Brockton)Mass.) Times.)

Three hundred women are reported to be "button-holing for peace" in the congressional lobbies. Hooking and eyeing might be a more accurate description of the work of the fair lobbyists.

(Boston Transcript.)

The Minnesota guardsmen sentenced to five years in the penitentiary for placing Germany above his own country must be sorry now that he became a soldier instead of a United States senator.

(Topeka (Kan.) Capital.)

A mother believes if she names her son "Godfrey Hamilton" he will be called "Godfrey Hamilton." But the boy's father knows he probably will be called "Ham" and secretly is glad of it.

(Lima (O.) Times-Democrat.)

A Warren, Ohio, farmer testified on the witness stand that he made his 17-year-old daughter pull a hand-plow, and here we are sending our money to the alleged heathens in darkest Africa.

(Pittsburg Gazette Times.)

The British government is overwhelmed with delight at the result of the victory loan. The people are doubtless reserving their cheers until after they know whether it really is a victory loan.

(Florida Times-Union (Jacksonville).

The British admiralty reports that unrestricted submarine warfare at its best or worst gets one vessel out of one hundred. At this rate England might be starved in a century or so.

(East St. Louis (Ill.) Journal.)

The only true way to look upon it is that in 1914 Germany declared war on the whole world, excepting Austria and Turkey, and if Germany wins even they will also be reduced to vassalage.

(Wall Street Journal.)

A policy of forgetfulness necessarily presupposes that every one else will observe the rules.

(Lima Times-Democrat.)

When you feel like doing a foolish thing reflect that you have to live with your memory.

(Pittsburg Gazette Times.)

Girls are wearing Chinese hats on the avenue. That's what comes of putting them on a rice diet.

NEW-YORK-DAY-BY-DAY.
BY O. O. McINTYRE.

New York, March 31.—The principal reason for the arrest of Vincent Jager the other day in a bird store on Fifth avenue was that he was making a clumsy effort to "brighten up the little corners." In the process of brightening said corners he freed six canaries and a cockatoo, let ten goldfish swim to certain death and scared Herman Gather, owner of the store, within an inch of his bird selling life.

Mr. Gather was calmly going about his work dusting off the gold fish when Jager, who was becoming a little bit loud from giving the wine a peep, wandered in and around the store. Jager followed the staggering customer for several moments. "I have just dropped in," announced Jager, "to let all your birds go and to give those fishes a chance."

Then he set about the Great Emancipation. Mr. Gather, with a voice like his, and with such anxiety as he then knew, had little trouble to attract the attention of the police.

Jager was arrested and disgusted. He explained that he was a driver and had been arrested a few days before for cruelty to animals. The woman who made a complaint against him and begged him to treat all animals kindly and to "brighten up the corners everywhere." He immediately went out, he explained, obtained some stimulant of which he drank heavily and began to brighten things up.

Arthur Perry Thompson, the well known geologist, dashed into town for a day last week. I saw him in the Crystal room of the Ritz with a crowd of prominent men. He comes from Utah and sees New York with a poetic eye. To him the most interesting time in New York is at the matinee hour.

He likes to sit where he can watch the crowds go by in silks and furs. To hear them chatter as they pass and hardly hear the words they speak so tense are they upon a life they know begins at 2:15 sharp.

They are looking for a thrill. That seems to mean more than anything else in their life. Thompson says that to him they are pathetic. He believes that there are more thrills to a square inch in beautiful scenery, hills rocks and the like than in all the artificiality of Broadway.

Fritzi Scheff has deserted the stage—temporarily at least—for the Broadway cabaret. The step has made Broadway gasp. But as a matter of fact the temperamental Fritzi has not had a play that suited her talents for some time.

The man who owns Rector's cafe is Paul Salvin. George Rector is merely the salaried manager. Salvin has prepared to open one of those astonishing places across the street from Rector's. It is to be called the Palais Royal and the advance reports indicate it will be the gaudiest cabaret in town.

It will be an all-night place. Miss Scheff will appear as the star and have a musical revue and her husband, George Anderson, will do the stage directing.

I heard a wild auto horn and when I turned around it was Herb Roth, the artist, in his Tin Elizabeth. After looking around and not seeing anyone I knew I got in and I asked him to take me down town and if he didn't mind to take me through the alleys.

He had just started when Francis Gallup, another artist, blew his horn in a big roadster. I waved to him and told Roth that if he didn't mind I'd go with Gallup. He said he didn't mind and suggested another place I might go to if I liked.

So I got out of Roth's car and put all my weight on the step and it almost turned over and was just getting into Gallup's car when who should come along but H. T. Webster, the cartoonist, in a car so big that you would not believe it possible. So I just naturally deserted Gallup and decided to ride with Webster.

There were three artists and each owned a car and I have never yet seen a newspaper man with a car, although I know a dramatic critic who owns a silk hat. I asked Webster how these artists did it anyway. He said: "You can search me," and I did and got a cigar and altogether it was a very profitble afternoon.

And speaking of gold fish, two incidents are brought to mind. The first is the never dying quip of Irvin Cobb, who gave to the world the simile, "As much privacy as a gold fish." The second is the demand for gold fish in New York.

There are—the city directory shows—ten stores in the Times Square district that deal exclusively in gold fish. They are always well patronized.

There is scarcely a home in Harlem that hasn't a gold fish bowl well filled. In the lobbies of the Vanderbilt, the Waldorf, the Majestic and the Ritz hotels gold fish are on display in luxurious aquariums. Gold fish as pets rank next to dogs in New York.

WHY WOMEN FADE.

This is for ladies only. Men should keep their eyes off it.

A million women today should be told what other millions have learned—that they need one element in their blood far more than men, and that lack of it is the reason they are apt to fade many years before they should. The needed element is iron. Iron builds up the red corpuscles of the blood and sustains vitality and strength. Women need a constant supply of blood-making material, or their systems break down under the constant drain. The very moment there is a lack of blood, or when the blood is impoverished, the signal appears upon the face in sallowness of palor, and the remedy is McCroskey's Tonic, for it contains iron.

Nothing else meets this particular condition as well. Use of it has made thousands of women look many years younger and made them to feel even younger than they looked. It not only restores strength, energy and beauty, but it is a prompt and certain cure for all the ills peculiar to the sex. It cures because it removes the first cause. It supplies just what nature needs to bring health. It strengthens the debilitated organs and gives tone and elasticity to muscles and ligaments, rounds out wasted tissues and renews the vigor of the nervous system; it helps quickly and just as surely and permanently. It has been used and praised by both young and old women, and mothers should see that their daughters coming into womanhood take it. It will bring them through all right.

McCroskey's Tonic is made in Waco and sold everywhere. Ask your druggist.—Adv.

Manufactured by McCroskey Drug Co., 205 South Third St.

Begin To Purify Your Winter-Blood

Grandmother's Old-Fashioned Sulphur and Molasses Dit It

But Not So Well As This Sulpherb Tablet—Sugar Coated.

Through the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, mush and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ills beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood.

Sulpherb Tablets (not sulphur tablets) are composed of extracts of roots and herbs, combined with sulphur and cream of tartar—and no better physic, blood-tonic and blood cleanser has ever been developed. Every spring thousands who already know their value take them to purify the system of Winter Poisons. Now is the time to begin, so you won't be attacked by serious ailments when Spring and Summer come. Sold by all druggists 50c per sealed tube with full directions.

If YOU are thinking of buying a set of the new Encyclopedia Britannica printed on genuine India paper, you can see sets of this great work and place your order right here in Waco

THIS announcement is made in order that every person in Waco who wants to own a set of the Britannica can make sure BEFORE buying that it would be USEFUL and HELPFUL. No one should buy a set unless he is positive that it will be useful to him.

—Come and see the sets of Britannica, of both the high-priced Cambridge Issue and the popular-priced "Handy Volume" Issue, printed on genuine India paper.

—This will enable you to find out at first hand what a vast fund of information the Britannica contains; and you can make your own comparison of the two issues, as to size, type, style of binding and price.

—The Cambridge Issue is the large-page, large-type, wide-margin set, printed on genuine India paper—making a superb set of books. The "Handy Volume" Issue is also printed on genuine India paper, slightly smaller page and type, narrower margins, and selling for about 60 per cent *less in price* than the Cambridge Issue.

—So far as the choice of either set is concerned, it is mainly a question of which you prefer or can afford. They are identical in contents, page for page, ilustration for illustration. But there is *no question as to the usefulness of the Britannica*. This wonderful library, in its present latest edition, is the most complete and authoritative survey of all knowledge ever published.

—Examine it for yourself. Take the index of 500,000 facts and go through a page or two. Note the beautiful India paper—how thin but tough it is, how light and convenient to hold it makes each volume. Make your own comparison of prices asked for the different bindings of the two issues. Inquire about the convenient terms of payment if you do not wish to pay cash.

—*But act promptly*—sets now offered for sale are the last. And the end of the sale is *here*. See sets and leave orders at

"WACO'S GREATEST DEPARTMENT STORE"

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

LOOK MOTHER! IS TONGUE COATED, BREATH FEVERISH AND STOMACH SOUR?

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour biles and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

EASTERN STARS PLAN INSTRUCTION SCHOOL

APRIL 10 AND 11 ANNOUNCED AS DATES FOR MEETING IN WACO. SPEAKERS ARE NAMED.

The Eastern Stars will hold a school of instruction here April 10 and 11 in the Masonic temple, at Eighth and Washington streets. Several grand officers will be here, Mrs. Mabel Lee Eldridge, grand matron, of San Antonio; W. A. Christian, grand patron, of Waco; Mrs. Mary Burney, district deputy grand matron, and other grand officers.

A reception will be held on the evening of April 10, the principal speakers being Hon. John Maxwell, E. C. Cannon, Mrs. W. H. Moore and Mrs. Mary Burney, district deputy grand matron, of Austin.

CHURCHES TODAY

Seventh and James Street Baptist.

Sunday school 9:30 a. m.

Pastor Melton will preach at 11 a. m. and 8 p. m.; subject for morning, "The Power of a Heavenly Vision," and evening, "Denying the Undeniable." Special music will be rendered by the choir, N. V. Morgan, director.

Clay Street Baptist.

The Clay Street Baptist church begins a series of meetings today. Rev. L. J. Mims of Brownwood will conduct services, but will not arrive until tomorrow evening. The pastor will preach at both hours today, putting special emphasis on the coming meeting.

First Baptist.

Today at the First Baptist church, corner South Fifth and Webster streets, the pastor, Rev. J. M. Dawson, will preach at 11 a. m. and 8 p. m. The pastor will deliver a brief address at the evening hour, as most of the service will be given over to a musicale, which is the last musicale under the leadership of Mrs. Atkins. The large choir will be ably assisted by some singers of note and solo parts will be sung by Mrs. Lon Brooks, soprano; Mrs. Sim Hassler, contralto; John de Heck, tenor, with Prof. Anton Navratil, violinist. The choir will sing "The Kingdom of God" (Herbert). Bible school at 9:30 a. m.

Brook Avenue Baptist.

Sunday school at 9:30. Sermon by Rev. J. E. Billington at 11; text, "Visions of God and Result if Heeded." (Acts 26:1-30.) Sunbeams at 3 p. m. B. Y. P. U. at 6:30.

Evening service at 7:30; "Whatsoever He Sayeth to You, Do It." (Acts 2:5.) Special music at night by Misses Nola Payne and Louise Head, who will sing a duet.

Austin Avenue Methodist.

(Twelfth Street and Austin Avenue.)

Sunday school at 9:30, C. C. Lewis, superintendent.

Dr. Frank P. Culver, the pastor, will preach at 11 o'clock. The evening service begins at 8 o'clock. The following musical program will be rendered by the quartette:

Morning—
"He Shall Give His Angels Charge Over Thee" .....Jenks
Evening—
"Now from Labour and from Care" .....Franz
Evening Hymn.....Sherwin

Elm Street Methodist.

Sunday school at 9:30. Preaching to children at 10:30. No 11 a. m. service. Epworth league at 6:45. Preaching at 7:45, "I Am Going Straight Home." Special music.

Morrow Street Methodist.

Preaching at 11 a. m. and 7:45 p. m. by Rev. J. E. Crawford. Sunday school at 9:30 a. m. Young People's society at 6:45 p. m. Church corner of Morrow and Eleventh streets.

Christian Science.

First Church of Christ, Scientist, Scott building, Eighth and Washington streets: Services today, 11 a. m., subject, "Reality." Wednesday evening, testimonial meeting at 8 o'clock. A free reading room, adjoining church auditorium, open daily, except Sundays and holidays, from 12 to 5 p. m. The public is cordially invited to all these services and to visit the reading room.

Central Presbyterian.

Today's services will be held at the Y. M. C. A., Sixth and Washington streets. The pastor preaches, both morning and at night. Sunday school at 9:30 a. m. and Christian Endeavor at 7 p. m.

The choir of the Central Christian church, under the direction of Prof. George F. Brierly, will give the Easter cantata, "The Story of Calvary," by P. A. Schnecker, on Easter Sunday, at 8 p. m. The public is invited.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong---According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50% In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work, and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Yes the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or misfit glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by W. B. Morrison and other druggists.

TEXAS RANGERS TO BENEFIT UNDER ACT OF RECENT CONGRESS

JUDGE KINGSBURY RECEIVES LETTER TELLING OF DETAILS OF LAW.

In advices received from Senator Charles A. Culberson at Washington by Judge Kingsbury of Waco, it was learned that under the Texas ranger act, recently signed by the president, Texas rangers who have served a sufficient length of time are entitled to receive a pension amounting to $20 per month for each man qualifying.

A copy of the letter, addressed to Messrs. R. H. Kingsbury, J. E. Horne, C. Shelton, Tom Sparks and Lee Jenkins, follows:

"I write to tell you that the Texas ranger act was agreed to at the last minute, the conference report adopted by both houses, and the bill signed by the president on March 4, before the expiration of the congress, and I am sending you herein a law print of the act. Under it you will note that the Texas rangers are eligible to receive a pension who served from January 1, 1859, to Jan. 1, 1861, and from the year 1866 to 1877, inclusive. It is a straight service pension without reference to age, and the rate will be $20 per month each, to date from March 4, 1917.

"I am also sending you herein an application blank which much be used in applying for this pension. I will send additional blanks in a few days, a supply now being printed. If you will return the applications to me when made out, I will be glad to transmit the same to the commissioner of pensions here and urge that the matter be expedited. "C. A. CULBERSON."

The mentioned in the letter are all old Texas rangers, and have asked that all other rangers in this vicinity give them their names in order that matters may be taken up with Washington authorities. Mr. Kingsbury states that any information at his command will be cheerfully furnished to the old rangers, included in this law, and that he has a copy of the law at his office in the Amicable building.

Notice to Water Consumers.

Water rents for the April quarter are now due and payable at the office of Waco City Water Works, 617 Washington. Fifteen days from the first are allowed in which to pay. Please come in before the last day and avoid the rush. After the 15th remember the penalty. Cemetery water rents for the year are also due.

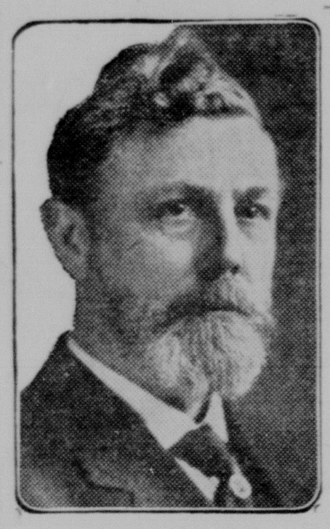
THE HOME OF NEWER THINGS FOR MEN



The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.

Those wishing further advice free, may address Dr. Lewis Baker, College Bldg., College-Ellwood streets, Dayton, Ohio, enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

"Daniel" asks: "Can you prescribe for my stomach and liver to overcome sour indigestion, bilious headache, coated tongue, constipation and a dreadful sluggish feeling after my meals?"

Answer: For such a condition as you describe, I advise cardiol tablets, a particularly good formula for sluggish liver, constipation, etc., when sour risings are noted after meals. It is better than calomel and has no bad after-effect.

* * *

"A Fat Woman" asks: "Would you please prescribe a safe reducing remedy for too much fat?"

Answer: At this season many fat people suffer greatly as you do, and to all I recommend that they reduce with five-grain arbolone tablets, the most successful and convenient prescriptions I know of. Druggists supply in sealed tubes, with full directions.

* * *

Miss O. M. asks: "I have pimples, oily skin, and suffer from constipation, headache, and never feel strong and well. Please prescribe for me."

Answer: You should overcome constipation and cleanse the system of accumulated poisons by taking three-grain sulpherb tablets (not sulphur) for several weeks or more. These tablets are very beneficial, especially in hot weather, as they have a tendency to cool the blood and improve its quality.

* * *

"Fern" writes: "I have suffered with a bad cough for some time and I am also weak and tired most of the time, which I think is due to the severe coughing. Can you give me a remedy?"

Answer: Yes, your weakness is due to the coughing, but you should be well relieved by using the following: Get a 2½ oz. package of essence mentho-laxene and make according to directions on the bottle, then take a teaspoonful every hour or two until the cough is cured. This makes a full pint of the very best and safest cough syrup. If your druggist does not have mentho-laxene, have him order it for you of the wholesale firm.

Miss "Constance" asks: "I am very thin and bloodless and want to increase my weight about 30 pounds. Please tell me what method to pursue."

Answer: A regular and persistent use of three grain hypo-nuclane tablets will usually provide an increase of weight by aiding nutrition and building up the flesh tissues. Scores of patients have reported increases of from 10 to 40 pounds from the use of these tablets. Full directions come with each sealed package.

* * *

"Poorly" writes: "Being past middle age and observing that my nervous system is in bad shape, I write for a prescription. I do not gain strength from my food, am weak, listless, forgetful, sleepless at times, tired, and unable to act the part of a strong man of health, such as I was at one time."

Answer: Get from a well-stocked pharmacy a sealed tube of three-grain cadomene tablets, which are especially made for those needing a strong, harmless, rejuvenating tonic. Astonishing and pleasing results follow and life and hope are renewed.

* * *

"Essex" writes: "What should I do to relieve a severe case of kidney and bladder disease? Urine is dark, foul of odor, and passage is irregular, painful, etc. Have depression, fever, chills, pains like rheumatism, and soreness in region of bladder."

Answer: For such symptoms as you describe I prescribe my favorite formula under the name of balmwort tablets. This is a splendid, efficacious remedy for such abnormal conditions. Begin their use as per directions on each sealed tube.

* * *

"Mrs. X." asks: "My scalp itches terribly, is feverish and a great amount of oily dandruff is present. What is good for this?"

Answer: First shampoo the hair and then apply plain yellow minyol about once a week as per directions. This relieves the itching, overcomes the dandruff and makes the hair beautifully glossy and vigorous. Obtain in 4 oz. jars of druggists.

NOTE: For many years Dr. Baker has been giving free advice and prescriptions to millions of people through the press columns, and doubtless has helped in relieving illness and distress more than any single individual in the world's history. Thousands have written him expressions of gratitude and confidence.

Getting Acquainted With Waco

Goldstein-Migel Co. in New Drive

A campaign for an enormous expansion of its business is announced today by the Goldstein-Migel company. The plan is to launch a big "spring drive" under the slogan, "Half a Million More," and continue the campaign throughout the year. If the desired increase of $500,000 in sales is attained, the store will have achieved one of the most remarkable merchandising feats ever attempted by any store in the South.

The plan to try for this huge increase of business was suggested to members of the Goldstein-Migel firm by the tremendous gains which the store has already made in the first three months of this year, and it is stated that if the present rate of increase can be maintained through the entire year, the goal of $500,000 increase will be reached.

New Method Planned.

It is proposed to effect this huge increase of business by a method known among merchants as "speeding the turn-over." The profits in any retail business depend not so much upon the profit realized on each individual sale, as upon the number of times the capital is "turned over" during a given time. If a store can turn its capital over twice as often, it can take a much smaller profit on each sale and still make just as much, or more, money in the long run. The practice of marking goods with a smaller percentage of profit, and thus increasing the amount of sales by virtue of lower prices is known as "speeding the turn-over," and it is by this method that the Goldstein-Migel store expects to gain a half million of increased business in 1917.

The Goldstein-Migel store is a member of a huge buying syndicate, composed of stores all over the South, who do their buying jointly, and thus secure very close prices on account of the enormous volume of their combined purchases.

A special course of training for the store's salespeople has been installed, in order to increase the efficiency of the selling organization. Increased efficiency in the selling force, together with the advantages of close buying and the inducement of "short-profit" prices, will undoubtedly prove a very effective combination in the effort for the "half million more."

NEW BANK CHARTERED.

Special to the News.

Austin, March 31.—Certificate of authority to do business in Texas today was issued by the commissioner of insurance and banking to the First State bank of Colorado, Mitchell county; capital stock $30,000. J. H. Bullock is president of the bank, which comes in under the guaranty fund provision.

"Good morning." Phone Carter's Drug Store, 1108, Seventh and Austin. We deliver.—Adv.

The women of the Central Christian church will give an Easter egg hunt at Cotton Palace Park Saturday, April 7, at 3 o'clock. All children are invited to come. Admission 10c. Watch Famous Window for prizes next week, commencing Monday.

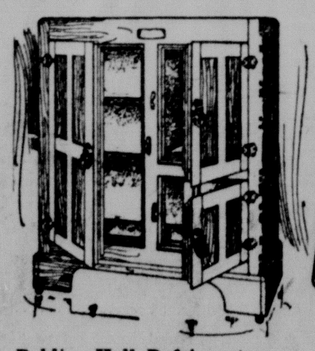
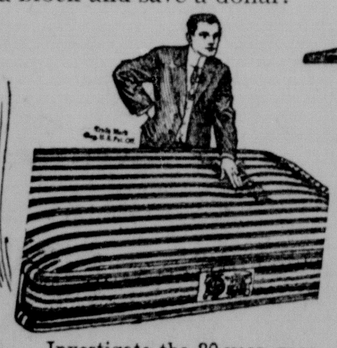
Rowell's Easy Payment Store

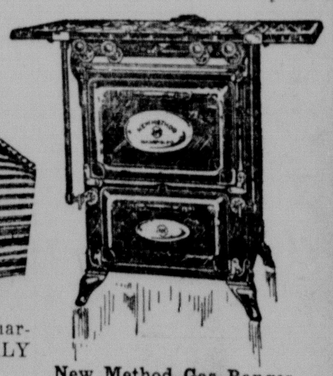
—Thousands of homes have been furnished by this pioneer Easy Payment Furniture Store. Every day some saddened heart is relieved of its burden by receiving from Ray Rowell's big store some useful piece of FURNITURE, bought by father, mother, son or daughter to sweeten up the home. Drop in some day and allow us to show you an immense stock of GOOD FURNITURE. For many years I have sold the famous Belding-Hall Refrigerators, and I know by test and experience that they are the equal of any in the world. NEW METHOD Gas Ranges are the WOMAN'S FRIEND, because they save gas and won't smoke. This store is the home of the Sealy Mattress and Leggett and Platt Springs, both guaranteed for TWENTY YEARS. Remember that I occupy my own building, just out of the high rent district, and I invite you to walk a block and save a dollar.



Belding-Hall Refrigerators.



Investigate the 20-year guarantee given with every SEALY Mattress.



New Method Gas Ranges.

EXCHANGE YOUR OLD FURNITURE FOR NEW. Rowell's Exchange Department manager will gladly call at your home and quote highest price possible on your furniture, and sell you new furniture on **EASY TERMS** to take its place. **INVESTIGATE.** Now is your opportunity to get rid of the many old pieces you have wanted to discard and replace them with new, clean, up-to-date Furniture. This is not a swapping proposition. We simply accommodate our patrons by accepting obsolete pieces of furniture as payment on new purchases, allowing them more than they could possibly sell it for. Our lowest cash prices are always given on exchange bills.

RAY ROWELL

305-307 WASHINGTON STREET

Dreaded an Operation More Than Anything

MRS. MARY E. FRANSE

TRIED FRUITOLA AND TRAXO AND HAS NEVER SINCE BEEN TROUBLED WITH GALL STONES.

Mrs. Mary E. Franse, whose address is West Point, Nebr., Box 411, has written to the Pinus laboratories a very strong endorsement of Fruitola and Traxo. "About ten years ago I was about to undergo an operation for gall stones when I heard of your medicine. Dreading an operation above everything, I determined to try Fruitola and Traxo and have never been sorry I did so, as I have never been troubled with gall stones since."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased in Waco at W. B. Morrison's Drug Co.; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened, rundown condition.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Ill.

ASSISTANT STATE ATTY. GENERAL RESIGNS AT AUSTIN

Special to the News.

Austin, March 31.—Assistant Attorney General Clyde A. Sweeten has resigned to return to his home in Greenville to practice law. The vacancy will not be filled for awhile.

Recently patented garters for men include pockets for carrying money.

COMMISSION SETS DATE.

Special to the News.

Austin, March 31—The railroad commission today gave notice of a hearing on April 10 of an application by citizens of Hamlin for an order to require construction of a union depot there by the three railroads, the Missouri, Kansas & Texas, the Kansas City, Mexico & Orient and the Abilene & Southern.

The manufacture of electric lamps will be begun in Argentina in the near future.

Dyspepsia, Indigestion, Gases, or Upset Stomach—Pape's Diapepsin

Instant Relief! Neutralizes stomach acids so food can digest properly—harmless, pleasant, antacid.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and upsets you; your head aches and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have an acid stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs that gives it its millions of sales annually.

Get a large 50c case of Pape's Diapepsin from any drug store. It is the quickest, surest antacid and stomach relief known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

FEDERAL OFFICE IS BUSY WITH 'CITIZENS'

UNCLE SAM'S AGENCY IN WACO RECEIVES LARGE NUMBER OF APPLICATIONS.

Foreign born people seeking naturalization papers here have been keeping the federal office force unusually busy during the month of March and the number of applicants seeking citizenship papers in the United States filed through the local office has now broken all records since the establishment of the Waco office. Even sixty applications were filed at federal building, most of them being of German nativity, although other nations were represented.

The foreigners are of good appearance in most instances and are promising citizens in embryo. They are of a sturdy build, honest and industrious and the majority of them are from rural sections.

Of the sixty applicants, forty-two are German; Austrians come next with twelve. The remaining six are three Italians, two Russians and one Swiss.

During the month of February the greatest number had come into the local office up to that time, the total number for the month being forty-six, mostly of German origin, and during January twelve applications were received. The latter number is about the average monthly applications.

Jno. L. Davis Shows Los Angeles Patriotism

In regard to patriotism by the flying of flags, John L. Davis, city secretary, brings attention to the News, of a clipping from the Los Angeles Herald, of March 26.

The item follows: "Maj. A. F. Judson, chairman of the finance committee of the National Security league, has started a campaign to have the American flag displayed on street cars, automobiles, residences and on office buildings."

It is the belief of Mr. Davis and a number of other citizens of Waco that an active campaign for the flying of flags in this city would be of vast benefit to the entire community.

Sunrise Meeting Easter Wesleyan Bible Class

The Federation of Adult Wesleyan Bible classes of Waco will hold its second annual Easter service in Cameron park Easter morning, beginning at 7 o'clock. The Baraca-Philathea City union has been invited to join the Wesleyans at that time and a good meeting is contemplated.

Our Annual Sale of Potted Lilies

Will Take Place Next Wednesday, April 4th

—We have secured a large quantity of the finest Lilies, potted and timed in the Hothouse to be in bloom for Easter Sunday. These Lilies will go on sale next Wednesday morning and will be sold at a price much lower than the wholesale price at which they could be purchased at the Green House.

—For several years we have conducted a Pre-Easter Lily Sale, supplying at a very small cost hundreds of beautiful Easter Lilies to hundreds of homes in Waco, and for this year's sale we have secured a much larger quantity than ever before.

Our Policy, "The Public Be Pleased"

Cotton Palace $50,000 Campaign Received Enthusiastically in Waco

"My check is ready at any time the Y. M. B. L. boys call on me."

"It ought to be the easiest money ever raised in Waco."

"I am going to treble my stock subscription this time."

"The Cotton Palace exposition has done more to increase my business than anything else. That's why I am going to subscribe for a nice slice of the new stock."

"If necessary my wife and I will cut out the new Easter duds in order to give $250 toward the new coliseum."

"The Cotton Palace exposition has made Waco famous from Canada to Mexico. That is enough reason for me to give the Y. M. B. L. crowd half of my bank balance."

"They ought to be able to get the requisite amount in record breaking time."

"The only man who will turn down that Y. M. B. L. committee will be the chap who is dead broke or who has has moss growing all over his spine for twenty years."

"We need a new coliseum and we are going to have it."

"The Waco spirit is the kind that makes it possible to put anything over."

"All of Texas will soon be talking about the new coliseum at the Cotton Palace. Go to it."

The above are just a few of the expressions that have been made by prominent business men in this city dufing the last few days concerning the campaign that will be inaugurated next Tuesday by the Young Men's Business League for the raising of $50,000 with which to construct a handsome new coliseum at the Cotton Palace and make other important improvements that will be greatly appreciated by the public.

"People in all walks of life are interested in the Cotton Palace," say backers of the campaign. "It is looked upon as one of the big community assets. The man who wields the pick and shovel feels that he has just as much interest in the Cotton Palace as the president of the biggest bank or the head of the biggest business concern.

"When the names of the contributors to the new $50,000 issue of stock are printed in the papers it will be found that practically every person in the city of Waco has cheerfully given to this worthy and important cause."

Upon the completion of the new coliseum and a number of other improvements that are under contemplation, the people of this city will be able to boast of having the most complete and most successful exposition to be found anywhere in the south or southwest.

Waco is on the verge of a tremendous growth. With generous treatment toward the Cotton Palace at the present time, it will go a long way toward making the population of this city reach the 100,000 mark within a comparatively few years, it is declared.

The Y. M. B. L. teams that have been selected for the important work of raising this money are as follows:

Team No. 1—F. B. McPeak, captain; T. H. Williams, H. Hagedorn, W. V. Fort, V. M. Washam.

Team No. 2—J. C. Killgore, captain; F. A. Gildersleeve, R. J. Windrow, W. J. Geisler, Jack Little.

Team No. 3—Frank J. Trau, captain; William L. Dugger, R. W. Wooldridge, W. W. Naman, C. C. Lewis.

Team No. 4—J. W. Carlin, captain; Dr. C. P. Schenck, G. H. Penland, Davis Stribling, Jno. B. Fisher.

Team No. 5—R. E. L. Montgomery, captain; Hal Moody, L. S. Gardner, Otto Fuller, J. B. Allcorn.

Team No. 6—P. A. Duncan, captain; Edgar E. Witt, Jim Wright, Joe Sanger, J. J. Powers.

Team No. 7—Sem Nix, captain; J. F. Stampp, Guy McNamara, Langdon E. Luedde, Bryant Allen.

Team No. 8—J. P. Everett, captain; H. D. Driscoll, Rev. J. M. Dawson, Rev. F. N. Calvin, R. E. Pellow.

Team No. 9—Mayor John Dollins, captain; George W. Tilley, C. B. McCollum, John T. Bonner, Louis Crow.

Team No. 10—C. P. Link, captain; John Wyche, W. P. Killingsworth, Col. W. A. Poage, W. W. Woodson.

Team No. 11—Holt Massey, captain; H. M. Minier, D. P. Wallace, B. C. Nettles, Roy E. Lane.

Team No. 12—A. G. Steele, captain; A. J. Peterson, R. J. Potts, C. K. Chambers, C. E. Marsh.

Utility Team—F. E. Goodman, C. H. Cox, J. M. Penland, Asher Sanger, William C. Abeel, E. F. Drake.

Central Committee—William L. Edmond, chairman; R. B. Dupree, J. J. Hutchison, W. H. Hoffmann, W. T. Wheeler, John F. Wright, W. W. Cameron, W. J. Neale, Ralph McLendon, T. F. Bush, L. Migel, E. W. Marshall, W. V. Crawford.

CHRISTIAN ENDEAVOR NOTES.

Frank Smith is to have charge of the Christian Endeavor service at the Second Presbyterian church today. This is one of the most important events of the year, as officers for the coming church year will be elected.

Being the first Sunday of the month, it is consecration Sunday, and every member has been urged to be present. Mr. Smith has arranged his program in ample time in advance to allow every one plenty of time to prepare their parts.

Miss Irma Secrest, Endeavorer from the Central Presbyterian society, will lead the Christian Endeavor service at the North Waco Christian church this afternoon at 5:30 o'clock.

PIN THIS UPON WIFE'S DRESSER

WARNS WOMEN AGAINST CUTTING CORNS AND SAYS THEY LIFT RIGHT OUT.

Because style decrees that women crowd and buckle up their tender toes in high-heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freezone applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezone, which costs very little, but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is gummy, but it dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Local Guard Officers Report Waco In Front Rank With U. S. Patriots

By Capt. B. Fiske Wright, Capt. W. C. Torrance, Maj. P. A. Weatherred.

By the large number of enlistments that have been secured at the local recruiting station for the Texas national guard at the armory on Austin avenue, the fact has been clearly demonstrated that patriotism in Waco is by no means dead, as seemed to be the impression among a large number of people in this city. Quite a few of the leading young men of Waco have already affixed their names to blanks showing that they are not only willing, but ready, at any time, to answer the call of their country. While everyone knows that if a call should come that there would be thousands who would immediately offer their services, still at the same time the better way to serve your country is to be ready when that call is sounded.

There is not one single man who entered the service on May 9, 1916, who is at the present time sorry he did his bit on the border. They are each and every one proud of the showing that was made by the organization to which they belonged. And, in after years, how proud they will be to relate to their friends and relatives the many humorous and pathetic stories of their time in service.

All Texans are red-blooded. The men, and especially young men, of Waco are no exception to this rule. They know and realize the vital importance of being prepared should the time ever come when real men are needed. A little training is the very best way in the world in which to show your friends that you are willing to protect them as well as yourself when emergency makes its call.

To Drill Civilians.

Capt. B. Fiske Wright has under way a plan in which all civilians can have a hand in getting ready in case they are actually needed. The men who are in business in this city will be given a few minutes of training every day during the noon hour, when it will in no way interfere with their business. Other cities have put this plan in operation and have found that the men who really care have responded liberally. In fact, the other day the crowd in a nearby city had to be separated into groups in order for them to get the benefit that naturally will accrue.

Texans Show Enthusiasm.

East Texas manhood is taking long strides in showing that they are not only with their country in spirit, but in fact. From reports gathered in many of the towns, many of the leading citizens are wearing flags in the buttonholes of their coats, and the business houses of the cities mentioned are all displaying the national flag over their doors. Waco is just as patriotic as any of the towns before mentioned, and it is the intention of the officers who are organizing the Central Texas regiment to make an appeal to every citizen of Waco to show in some way that they are with the United States. Quoting an old saying of a learned sage whose name is well known to everyone: "My country. In her intercourse with foreign nations may she always be right. But my country—RIGHT OR WRONG." This is the spirit that lived in the olden days, and it is the spirit that has today made this the greatest nation on the face of the earth. This spirit is still living and all that it will take is for some foreign nation to make the move, and it will kindle faster than an oil fire fed with gasoline.

Men Are Needed.

At the present time, like all other times, men are needed; men who are willing and anxious to show what was born in them, namely a love of country. Should the president make a call at an early date it would be far better to be prepared than to have to go into training for a number of months before being able to take your place in the field. It is the time when your own country is making the call for your services. The country whom you have always been proud of—the country whose flag has always inspired reverence wherever it was floated. And to fight for that flag is an honor that no one can deny.

What would be better, just at this time, than for all to spread enthusiasm in all the ways possible. If every place of amusement in this city would at various times during the evening performances have the orchestra play a national air and then let the audience stand while it was being played, there could be no better way of showing your love of country and of flag, and it would no doubt bring many persons to a better understanding of what our flag really stands for.

Recruiting for National Guard.

Plans for the Central Texas regiment have been completed and the work is now under way. Maj. E. W. Jackson has designated Sergeants Ross Hicks, Herbert M. Mason and Robert L. Peyton to organize companies. Sergeant Hicks is recruiting for a machine gun company at the Second Texas Infantry. Sergeant Mason held the place of first sergeant of Company G, and Sergeant Peyton served the entire time that K Company was out as its "top soldier," another name for first sergeant.

Herbert M. Mason, as has been mentioned, did his bit, and is now in charge of recruiting one of the infantry companies for the new regiment. Robert L. Peyton is also in charge of recruiting an infantry company and has served with the colors continuously since the call last May. Any of the above mentioned recruiting officers can be found at the armory, 713 1-2 Austin avenue.

Companies have been started in Itasca, Hubbard, Waxahachie, and an additional company at Hillsboro. These comprise one battalion of the Central Texas regiment. The other two battalions, from Waco and the outlying towns to the south and west, in which recruiting has already started in full swing. Among these are McGregor, Lott, Gatesville, Crawford, Lorena, Hewitt and Mart. Within the next few days we hope to have recruiting started in all the rest of the towns that will be expected to furnish men for the Central Texas regiment. The recruiting officers for different companies are enlisting only single men, as the first call will be made only on unmarried men. An opportunity for the married man to spend a few minutes of his noon hour under the direction of a drill master is offered to all the married business men of this city beginning next Tuesday noon. These drills will be held on the public square. Competent instructors will be furnished every married man who feels that he would like to prepare himself in the event that he was called upon to go should the necessity arise. Taking this training will place no obligation upon anyone as to enlistment.

"CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

ENJOY LIFE! DON'T STAY BILIOUS, SICK, HEADACHY AND CONSTIPATED.

Best for Bad Breath, Sour Stomach, Coated Tongue or Indigestion.

They're fine! Cascarets liven your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two, like candy before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation.

Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

Miller's Antiseptic Oil Known As

Snake Oil

Accomplishing Most Wonderful Results.

I want to thank you for your wonderful oil, states Mr. J. O. Gibson, of Jonesboro, Ark. My little girl was very low with diphtheria; I had given her two doses of medicine which cost me $20 with no results. I bought a 25c bottle of your oil and one application relieved her. Now she is well. It is the greatest remedy I ever saw. Mr. Gibson made this statement before hundreds of people. Mrs. Florence Meager, 234 Whitney street, Hartford, Conn., writes: I have used your Antiseptic Oil for neuralgia with good effects. Only thing I have ever tried that stopped the pain immediately. Mrs. Williams, Gadsden, Ala., writes: I have used your great pain Oil for rheumatism, stiff joints, also for sore throat, and I want to say that it is the greatest remedy I ever tried. I recommend it to all sufferers. Many cures reported daily from thousands of grateful users of this wonderful Oil. Every bottle guaranteed 25c to 50c a bottle, or money refunded. and David's start. Many Baylor and city friends were present to hear the recital.

Rudolf Hoffman, dean of music at Baylor university, presented members of his classes in music in a piano recital Tuesday.

An original play, "The Seven Boys," written for the occasion, was the feature of the joint social meeting of the Philo-Callie literary societies.

Officers were installed at the regular meeting of the senior class this week, as follows: R. H. Brister, president; Ona Reagan, secretary; R. B. Alexander, vice president; Joe Baines, treasurer.

Members of the freshman class conducted the devotional services of the Y. M. C. A. at the regular meeting of the society Friday. Leslie W. Rogers was leader. Joe Byrne discussed the subject, "What Does Working Out Our Salvation Mean?" R. H. Perry discussed "What Must I Do to Work Out My Own Salvation?" In addition to the program rendered, new officers for the spring term were installed, with M. B. Hollman president.

Mrs. J. Franklin Ray, returned missionary from Japan, is the guest of Georgia Burleson hall this week, and delivered a number of addresses to the student body at Baylor.

BAYLOR NOTES

With the opening of the spring term at Baylor university, the announcement of entertainment and social events are coming thick and fast.

Announcement comes from the Baylor faculty concerning the annual faculty of fine arts concert to be held in Carroll chapel Tuesday, April 3. The program will present a variety of selections, each member of the faculty of fine arts being represented at his best.

During the past week, the junior class entertained the seniors with a dinner at the Raleigh, the sophomores held a social session, members of the Philo and "Callie" literary classes held open session, and Miss Orian Smith rendered graduation recital.

In addition to the social meeting of the sophomores officers for the spring term were installed as follows: John Wooters, president; Ester Hannon, secretary; Hilton Howell, vice president; Charles Culpepper, treasurer; Elvin Watkins, sergeant-at-arms; George Isbell, dude. Dan Kelly resigned from the debating team of the sophomores, which will meet freshmen in a clash in the near future, and George Isbill was elected to fill the vacancy. The other member of the team is W. P. Clements.

Miss Orian Smith in her senior recital gave her own appreciation of the story, "Just David." Her appreciation of the story was divided into three sections—David leaves his mountain home, David finds new friends

Saturday's Baseball Results With Box Scores and Summaries

MERIDIAN WINNER OVER BAYLOR TEAM STAURDAY, SCORE 6-5

Baylor university fans declare they have discovered a college baseball pitcher whom Coach Mosley overlooked as result of the baseball game staged yesterday at Carroll park between the Baylor Bear "Cubs" and the Meridian college regular nine, in which the visitors won 6 to 5.

McDonal is the name of the new find. He did mound duty for the Baptist team yesterday afternoon. This was his first official appearance on a college team and he was credited with nine strikeouts. The "Cub" was somewhat frightened during the first three innings and allowed the visiting team to pile up a big lead of six scores. He settled down and pitched like a veteran for the last six frames of the game, however.

Byrom, in the ranks of the Baylor nine, handled the willow with unusually good results, hitting twice for the three times he faced the pitcher. Smith also was credited with two hits, one of which, a single in the fifth frame, brought in two scores. Miller, playing short for the Baylorites, was credited with two errors, but made up for this record by clouting out a couple of good hits.

In the ranks of the visitors, Howell did mound duty. He twirled steady until the fifth inning, when he walked three, filling the bases, and allowed Smith a single which brought in two counters. Score:

Train Snowbound Twenty-Two Hours.

Red Wing, Minn.—After spending twenty-two hours on a snowbound Great Western train near White Willow, fifty passengers arrived here recently. Among the passengers were memebrs of a show troupe who staged a performance in the dining car to amuse their fellow passengers. Traffic on the Milwaukee line running to Northfield was completely blocked by drifts twenty feet deep.—St. Paul Pioneer Press.

KANSAS CITY.

Kansas City, March 31.—The Boston Americans hammered Marquard's offerings for five runs in the eighth inning after being held to two hits for five sessions by Cheney, and defeated the Brooklyn Nationals 7 to 1. Brooklyn started the scoring in the first inning, when Daubert tripled and scored on Wheat's single. The first Boston run came in the sixth inning, when Gainer, hitting for Hoblitzel, sent the ball into the bleachers.

The game developed into a homecoming, as Wheat, Stengel and Olsen all live here. The score:

Brkl'n—	ab.	h.	o.	a.	Boston—	ab.	h.	o.	a.

Umpires, Quigley and Owens. Time, 2:04.

DALLAS.

Dallas, March 31—In a game featured by frequent clashes between the players and squabbles with the umpires, the New York Nationals defeated the Detroit Americans here today, 5 to 3. In sliding into second base in the third inning, Cobb spiked Herzog, cutting a long gash in the latter's left leg. The players started fighting at once, with Cobb on top of Herzog and Fletcher on top of Cobb, and players from both clubs participating in a battle royal. Police finally separated the players and Cobb was banished from the game by the umpires. Bad blood was shown between the two teams throughout the game, further actual fighting being averted by Managers Jennings and McGraw.

Detroit scored in the second inning on Heilman's home run drive over the right-field fence, and secured two more runs in the seventh on two walks and two singles. A walk, two hits and an error gave New York two runs in the fourth and a walk and three hits gave the National league club three more in the sixth. The score:

Detroit—	ab.	h.	o.	a.	N. Y.—	ab.	h.	o.	a.
Bush, s	3	0	1	2	Burns, lf	4	1	2	0
Ellison, 2	3	0	1	1	Herzog, 2	4	2	7	1

Nicholson batted for Ehmke in 7th.
Dyer batted for C. Jones in 9th.

Detroit	001 020 000—3
New York	000 203 00*—5

Summary: Runs, Heilman, R. Jones, Stanage, Kauff 2, Hoelke, Schupp. Errors, Ellison 2. Two-base hits, Kauff, Burns. Home run, Heilman. Stolen base, Veach. Hits and runs, off Ehmke, 7 hits, 5 runs in 6 innings, Schupp 8 hits 3 runs in 7. Struck out, Schupp 4, Benton 1, Ehmke 3. Bases on balls, off Schupp 4, Ehmke 2. Left on bases, Detroit 6, New York 6. Double plays, G. Burns to Bush. Time, 2 hours. Umpires, Brennan and Kane.

A. & M. Baseball Team Prepares for New Games

Special to the News.

College Station, March 31.—Returning yesterday from the southern invasion, the A. & M. college baseball team rested this afternoon, preparatory to the games here Monday and Tuesday with Daniel Baker college. Wednesday and Thursday the Texas Christian university team, under Milton Daniels, will come here for games.

Kilonis Brown Match Tuesday to be Star Ring Bout of Season in Waco

Waco's wrestling enthusiasts when they see John Kilonis in action will view a man who has met some of the best wrestlers in the world, regardless of size and weight, and who is willing to take on all comers, none barred.

Much has been said of Brown's speed and cleverness, but Kilonis has demonstrated during past three years that he also is one of the speediest and cleverest grapplers of the present day.

The bout Tuesday night should be the best ever staged here and the fans are discussing it from every angle.

Morris Cup Offered For Best Attendance On Texas Diamonds

The Morris cup for the best attendance on opening day, Texas league, this season will be awarded on the following basis, according to population:

Beaumont	30,000
Dallas	125,000
San Antonio	123,000
Houston	115,000
Fort Worth	105,000
Galveston	45,000
Shreveport	43,000
Waco	35,000

Only paid tickets will be counted in computing the attendance, and the percentage of attendance to population, using above figures, will decide the winning city.

This is the decision of J. W. Morris, president of the Texas Baseball league. Last year Houston won the cup, but much dissatisfaction was expressed by the smaller cities in the league, because attendance of the larger cities only exceeded the attendance on other diamonds by a small count.

New wide-brimmed hats for women have a piece of glass in their brims so that they will not obstruct the vision when pulled down to cover a wearer's eyes.

NAVS WILL PLAY ST. PAUL REGULARS KATY PARK MONDAY

Waco fans will have the opportunity of seeing Hardy's new outfielder, Miller, secured from Denver, in action at Katy park when the Navigators play the St. Paul regulars tomorrow.

This game will be the last exhibition game to be staged at Katy park this year, as the first season game will be played April 5.

Advance notices have not been given as to who is to do mound duty in the last exhibition game tomorrow, but more than likely Teague will start the game.

According to the committees in charge of the campaign petitioning Waco merchants to close their doors from 3 to 6 o'clock Thursday, in honor of the opening of the baseball season, success is practically assured. Already all the merchants located on Austin street who have been interviewed have signed the petition, signifying their willingness to abandon business during the hours of the game.

CITY LEAGUE OPENS ON TUESDAY APRIL 3

Opening game of the City league will be played Tuesday afternoon, April 3, on the Y. M. C. A. athletic field, Twenty-first and Reservoir, between Cooper Grocery company and the Central Texas Exchange National bank teams.

All games hereafter will be played on the Baylor diamond.

The following teams compose the City league, which promises to be the fastest ever grouped together in this city:

Cooper Grocery company, Bob Carroll, manager; Central Texas Exchange National bank, B. J. Arnold, manager; Leopold & Hooks Y. M. C. A. boys, G. M. Hunter, manager; Texas Telephone company, Staton Bonner, manager; Goldstein-Migel company, C. G. Overstreet, manager; Waco Sash & Door Co., M. M. Woody, manager; ,Baylor Freshmen, H. L. Roach, manager; West End, W. S. Pickett, manager.

Any team in the City league will match games with any out of town club on any open date and the managers of out-ofitown clubs have been requested to get in touch with any of the managers or President W. A. Holt should they desire games.

The minister was struggling to put on a new four-ply collar, and the perspiration was starting from every pore.

"Bless the collar!" he ejaculated. "Oh, yes, bless it! Bless the blessed collar!"

"My dear," said his wife, "what is your text for this morning's sermon?"

"F-fourteenth verse, f-fifth-fifth Psalm," he replied in short gasps. "The w-words of his m-mouth were smoother than b-b-butter, but w-war was in his heart."—Tit-Bits.

Waxahachie Meet To Home Athletes; Many Good Records

Special to the News.

Waxahachie, March 31.—In a county track meet here this afternoon Waxahachie ran away with class A contests over Ennis, and Maypearl scratched out against Ferris by a margin of three points. Fully 1000 people attended the meet. The county contest will become a permanent feature. Today's meet was a test to determine whether or not track meets would be held. Summary:

100-yard dash—Overall, first, T. Winn second; time, 11 seconds. Class B, Cunningham first, Sears second; time, 11.3.

50-yard dash, class B — Cunningham first, Kin second; time 6:1.

220-yard dash—T. Winn first, Eastes second; time 26:1. Class B, Cunningham first, King second; time 2:39.

880-yard run—Bush first, Stroud second; time 2:37. Class B, Dawson first, Davenport second; time 2:39.

440-yard dash—Bush first, Naughton second; time 1:4.

Mile runs—Wilson first, Kilbourn second; time 5:35. Class B, Boswell first, Cornwell second; time 5:48.

120-yard hurdles—Overall first, Winn second; time :16. Class B, Farrar first, Sears second; time 18:3.

220-yard hurdles—Winn first, McCluney second; time :30. Class B, Farrar first, Blair second; time :32.

Relay race—Waxahachie won; time 4:4. Class B, Ferris won, Maypearl second; time '.22.

Shot put—Overall first, McCluney second; distance 42.1. Class B, Rice first, Dawson second; distance 34:6.

High jump—Overall first, Fuqua second; dustance 5 feet 8½ inches. Class B, Few first, Dawson second; distance 5 feet 3 inches.

Broad jump—Overall won, Estes second; distance 21 feet 2 inches. Class B, Sears first, Darby second; distance 18 feet 4 inches.

Pole vault—Robinson first, Fuqua second; height 8 feet 6 inches. Class B, Morrison first, H. Morrison second; height 8 feet.

Standing broad jump—Class B, Cunningham first, Few second; distance 25 feet 10 inches.

Hop, step and jump, class B—Cunningham first, Blair second; distance 25 feet 10 inches.

In class B Maypearl won 66 points, Ferris 63, Midlothian 33 and Milford 2.

In class A Waxahachie won 97 and Ennis 20 points.

In three events for girls—basketball throw, 30-yard dash and 120-yard relay race—the Maypearl girls won everything.

In the tennis match Ennis won the county championship.

REGULARS WILL MEET YANNIGANS AT PARK TODAY

Teague is to do mound duty for the regulars in today's game with the youngsters, while Russ will be the center of attraction for the yannigans when Hardy's men meet in a baseball clash at Katy park at 3:30 p. m.

The line-ups for today's contest will be:

Navigators — Miller, center field; Wotell, left field; Leslie, first base; Jesse James, right field; Tanner, short stop; Malmquist, second base; Conwell, third base; Harkins, catcher; Teague, pitcher.

Yannigans—Huber, short stop; Gill, second base; Grubb, third base; Vann, catcher; Moore, left field; N. James, center field; Pier, first base; Kuhn, right field; Russ, pitcher.

Waco	35 000

Friends Make Tommy a Sot.

(London Times.)

Sir Alfred Pearce Gould, speaking at Kilburn recently and referring to the effect of drink on soldiers, said that the British Tommy was not a drunken sot; it was the civilian population that was at fault. Hospitals should be a sacred retreat for soldiers, he said, yet they would hardly believe how difficult it was even there, to protect the men from the introduction of drink from outside. He knew of one paralyzed and helpless man who was found hopelessly drunk after his friends had visited him.

CHAMPIONSHIP WRESTLING

MATCH

TUESDAY NIGHT, APRIL 3—AT THE AUDITORIUM.

JOHN KILONIS "The Greek Demon"
VS
PET BROWN of Taylor, Texas

TWO FALLS OUT OF THREE TO A FINISH.

Waco's Theatre News and Offerings for This Week

Scene from "Mister Antonio," featuring Otis Skinner, at the Auditorium.

Top, left to right—Paul Morton and Naomi Glass, in the musical satire, "Nineteen-Seventeen Ninteen-Fifty"—headliners of the vaudeville bill opening at the Auditorium at the matinee Wednesday; Bob Bailey and company, in the exruciating farce comedy, "Our Bob;" Milo Picco, world renowned grand opera and concert star.

Bottom—Sibyl Brennan and Billy Diamond, in the skit of pure joy, "Niftynonsense;" Dinkins, Barr and Everett, in the comedy singing, dancing and talking turn, "How It Happened."

MORE than five thousand Waco people have seen Jules Verne's story, "Twenty Thousand Leagues Under the Sea" during the past two days. A large percentage of the school children have enjoyed the novel scenes and the thrilling moments that are so plentiful in this unusual film production.

As one sub-title so fittingly announces, "I will show you sights that it would seem that God never intended for the eye of man," and while this may seem exaggerated to the casual reader, it is proven to a great extent by the wonderful panorama that is slowly unfolded. The floor of the ocean is explored from many angles, vast schools of small fish swim into view, great man-eating sharks swim lazily about until stirred into action by shots from the divers' guns, then they lash the water into a seething mass of foam, and at one point come near enough to one of the divers to be hit on the nose with a spear.

This gun that can be discharged under water is another invention that is shown for the first time in this picture. It is operated with compressed air and while it is not as effective as it will be when perfected, it works wonderfully well.

"THE SECRET OF EVE" AT HIPPODROME.

The new Metro play, "The Secret of Eve," playing at the Hippodrome theatre Wednesday only, is a story of a woman's sorrows and struggles for happiness. And the secret is nothing more than the secret of happiness. The educational points of the offering are a feature of it. A blind institution of the state of New York is the background for some of the most effective scenes of the story, and the care and effort that is put forth by the faithful teachers of these little unfortunates are beautiful to see. Madame Petrova's keen interest in everything that goes on about her and has any connection with her productions is clearly shown in this picture, and thus part of the picture becomes not fiction, but fact. Homes of the wealthy are contrasted with those of the poor, and most advanced civilization with the dawn of existence. Probably the most unique feature of the play is the fact that the star plays four distinctly different roles, thus demonstrating her wonderful versatility. Arthur Hoops is the leading man, the same great actor who died suddenly of heart failure as this production was finished.

SICK WIFE'S STORY SURPRISES WACO

The following has surprised Waco: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved her INSTANTLY. Because Adler-i-ka empties BOTH large and small intestines it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.

The Time to Save Your Hair is Now

NEWBRO'S HERPICIDE is the one remedy on your druggist's shelves which may always be depended upon.

Instead of complaining to your friends and mourning over your loss of hair, call upon your local druggist and purchase a bottle of NEWBRO'S HERPICIDE.

It is the first and original germ remedy for dandruff, stops itching and checks falling hair.

HIPPODROME THEATRE PROGRAM.

Today—"Twenty Thousand Leagues Under the Sea," Universal Special, eight reels. Also Pathe News.

Tomorrow and Tuesday—"The Dark Road," five-reel Triangle with Dorothy Dalton and Charles Gunn. Also "Innocent Sinners," one-reel Triangle comedy.

Wednesday—"The Secret of Eve," five-reel Metro with Madame Petrova. Also "Self-made Hero," Triangle, one-reel comedy.

Thursday—"The Great Secret," chapter No. 10, with Frances Bushman and Beverly Bayne. "Patria," chapter No. 10, with Mrs. Vernon Castle. Also "Self-made Hero."

Friday and Saturday—"Envy," first of McClure's "Seven Deadly Sins," with Ann Murdock and George LeGuere and Shirley Mason. Extra—"The Nick o' Time Baby," two-reel Sennett-Keystone with Bobbie Vernon and Gloria Swanson.

"THE DARK ROAD" AT HIPPODROME.

The story of "The Dark Road," showing on the Triangle program at the Hippodrome theatre tomorrow and Tuesday and having Dorothy Dalton as the star, is of a voluptuous, ravishing London beauty who is without honor or character and who betrays not only her husband, but her country. In this most unadmirable role Miss Dalton shines as a meteor, beautiful and fascinating. She is a woman of doubtful parentage, a dazzling beauty who delights in practicing her charms on men. Her husband, a captain in France, believes in her implicity and trusts her with army secrets. These are violated through her liaison with a German spy who poses as an art collector from Spain. Miss Dalton has always expressed an aversion to vampire roles, but she truly does justice to this entrusted to her handling. Robert McKim is good, as always, in the part of the scoundrel, the spy. Jack Livingston and Jack Gilbert are also excellent in the parts of the siren's husband and his younger brother, also her victim. The setting and costumes are marvelous and will be appreciated by any audience who views the gorgeous results of the Ince force to make a perfect feature picture.

"ENVY" FILM AT HIPPODROME.

"The Seven Deadly Sins," the unusual and entirely new McClure series of pictures, will shown in seven different and distinct stories at the Hippodrome theatre beginning with "Envy" Friday and Saturday. The star of "Envy," the first sin, is fascinating Ann Murdock, the Frohman star who has made such a success on the stage in many plays and who has appeared on the screen a few times. Young Shirley Mason and George Le Guere are featured throughout the series of seven pictures, and the lives of these two young people are shown from the beginning of girl and young manhood until after their marriage. "Envy" deals with the young girl's attempt to have and enjoy the things which she believes has brought happiness to a young actress, Betty Howard, who is a success on the stage and seems to have no sorrows in her life. The result of the girl's envy of the actress, her attempt to become a part of the actress' world, and the result, make up the absorbing story of this first of the sins, "Envy." The picture is filled with action and thrills and suspense, yet it also abounds in little human touches and comedy that makes it wholly enjoyable in every sense.

ORPHEUM THEATRE OFFERS NEW BILL.

"The Empress" is a fast moving melodrama of an artist and his model, the Man and the Woman in the Dark, to be shown at the Orpheum.

To celebrate the sale of his masterpiece, "The Empress," DeBaudry takes his beautiful young model Nedra to the country for a vacation. When the girl learns his real intentions she flees, but not before the proprietor of the inn has photographed her in the artists' arms.

Later, when she is happily married, Peterson, the inn keeper, forces money from her in exchange for his silence. In a thrilling succession of scenes her husband learns of the night at the Green Tree Inn and refuses to believe either the artist or the model. Desperate, Nedra ascends to the roof, bent upon a suicide. Suddenly, from DeBaudry's room emerges the Woman in the Dark, who gives proof of Nedra's innocence.

This is a dramatic story, enacted by a splendid cast composed of people with big names, working under the direction of an artist.

OTIS SKINNER IN "MISTER ANTONIO."

The appearance of Otis Skinner is always an interesting feature of any theatrical season. Few actors so thoroughly enjoy the esteem and confidence of the theatregoing public as does this accomplished and magnetic player, who is to be seen at the Auditorium for one performance only on Friday evening, April 6. His new play is called "Mister Antonio" and was written expressly for Mr. Skinner by Booth Tarkington, the novelist and dramatist. The author has allotted the engaging personality of the star to the role of an itinerant knight errant of the present day—a prosaic Italian organ grinder, with the heart of a poet and the cheerful optimism of a lover of mankind. "Mister Antonio" extols charity and tolerance as among the most desirable but too seldom practiced virtues of the typical small town of the middle West, and is always vivaciously amusing and shrewdly philosophical.

Otis Skinner is Tony Comaradino, a hurdy-gurdy grinder who befriends a stranger who had fallen among thieves and is about to be thrown out of a low barroom when the happy vagabond happens along in time to minister to his distress. Six months later Tony finds himself in the little community where this man is the most respected and influential citizen. The organ grinder interferes in a little domestic tragedy and finds himself the champion of a girl who has been guilty of the crime of youth and high spirits. The pressure he is able to bear upon the local dignitary enables Tony to solve the problem and win a satisfactory reward.

The play is cheerful and entertaining, and in the organ grinder Otis Skinner finds one of those picturesque roles in which he delights and which he plays with a certainty and a dash that is most convincing. He succeeds in making the prosaic plausibly romantic, and he preaches his creed of optimism in glowing phrases and golden tones. "Mister Antonio" presents Otis Skinner at his best, and for that reason alone is sure to prove popular.

Mr. Skinner comes under the Charles Frohman management, which is a guarantee that the production will be handsome and in good taste and that the supporting company will be worthy of the distinguished actor. Prominent among the players are Eleanor Woodruff, Joseph Brennan, Robert Harrison, Frances Landy, Walter F. Scott and Patterson McNutt.

MORTON AND GLASS MAJESTIC HEADLINERS

"Nineteen-Seventeen Nineteen-Fifty" is the title of a tuneful little musical satire in which Paul Morton and Naomi Glass come to the Majestic as the headliners of the new week's variety bill of seven acts, opening at the matinee today. Combining their splendid talent with a vehicle that permits its fullest expression, Morton and Miss Glass are expected to score one of the most signal tiumphs of the current season.

Paul Morton formerly was one of the famous Four Mortons, probably the greatest comedy and variety act that vaudeville had until it ceased to exist and its various members went their separate ways to seek fame and fortune as individuals. He is a brother of Clara Morton, featured at the Majestic earlier this season. She was the first artist to sing upon a Dallas stage "When Maggie Dooley Does the Hula Hula."

As a comedian of the light romantic type, Paul Morton is declared to be talented in the extreme. He sings most acceptably, dances better than most folk and has a most pleasing personality.

Miss Glass is a delightful little prima donna comedienne. She is pretty and possesses charm and graciousness. Miss Glass has a gorgeous wardrobe which permits to wear an entirely new series of beautiful gowns upon every presentation of "Nineteen-Seventeen Nineteen-Fifty."

All of the material in this little satire is brand new and exclusive. The offering was written especially to fit the personalities and the talents of Miss Glass and Mr. Morton.

Bob Bailey has appeared in big musical comedies in practically every city of size in this country. At the Majestic as one of the big features of this program, Dailey will offer the farcial phaylet, "Our Bob." This offering was written to bring out all the points that have made Dailey such a celebrity. Dailey is supported by an excellent cast.

Milo Picco has bowed to applause from Dallas patrons of things musical on more than one occasion, when he appeared there in grand opera and on the concert stage. In finer voice than ever and offering a delightful repertoire of classical and popular vocal gems, Picco, who is one of the world's foremost baritones, is expected to be a hit at the Majestic this week. Picco's program has been arranged especially to meet the approval of vaudeville audiences.

Jim Diamond and little Miss Sibyl Brennan have a skit called "Nifty Nonsense," in which they are expected to win instant approval. Miss Brennan was the original prima donna of "In Panama."

QUEEN THEATRE IN NEW BILL.

Sunday—"Skinner's Dress Suit," with Bryant Washburn, and "The Forbidden Room," with Beatrice Fairfax.

Monday, Tuesday and Wednesday—"A Woman's Fight," with Geraldine O'Brien.

Thursday, Friday and Saturday—"Satan's Private Door," with Mary Charleson and Webster Campbell.

For Sunday only the Queen theatre announces the return of Bryant Washburn in "Skinner's Dress Suit," which made such a decided hit here recently. The picture, an adaptation from the famous story by Henry Irving Dodge, published in the Saturday Evening Post some time ago, points the way to everyone to wealth and power. It is intense in its human interest, for it is a slice out of the life of practically every family; a fascinating drama, depicting the tragedy, humor and sunshine of life. For those who like clean, polite comedy, this picture will be the hit of the season.

Monday, Tuesday and Wednesday, Geraldine O'Brien will be featured in "A Woman's Fight." It is a drama of particular interest to every woman. A woman is unjustly imprisoned. Could she be blamed for using her only weapon to escape? "Forgive us our sins," the minister preached, and the girl who considered society her just prey heard him and was stirred by the beauty of his text and by the vibrant compassion of his voice. Later they loved and married. She had not told him of her past life. Across the horizon of their lives a cloud drifts. Comes a great battle in the woman's heart between the desire to retain her husband's love and the necessity of confssing all.

"Red Palmer," an intimate of her old life, appears upon the scene and situations are complicated. However, in the end "Red," though bad, shows a strain of true manhood and in a novel manner happiness and complete understanding is brought about.

Thursday, Friday and Saturday, "Satan's Private Door," with Mary Charleson, is presented and Webster Campbell will be featured. Mary Charleson is presented as a pious little girl, innocent of the ways of the great city, who finds herself unexpectedly plunged into a maelstrom of evil. The home in which she goes to visit, unknowingly, is a house divided within itself. All view Edith (Mary Charleson) with disfavor and unite in making her life as uncomfortable as possible. In the midst of this unfriendliness Miss Charleson's Edith wins the spectator by her gentleness and a brave bearing of her burdens. She shocks the young reprobate of the house by deliberately knocking him down when he attempts an unpardonable liberty, and then revives him by applying cold water to his bruised temple. And, strange to say, this incident proves the turning point of their lives. Summed up, the whole play is strong in appeal and heart interest and is sure to please.

A resume of the Queen program for the coming week shows that they are offering a picture program of unparalleled excellence.

Dorothy Dalton in "The Dark Road" at the Hippodrome Monday and Tuesday.

Madame Petrova in "The Secret of Eve," at the Hippodrome Wednesday

"Twenty Thousand Leagues Under the Sea," at the Hippodrome today only.

States Comedy Four, harmony singing and comedy talking, at the Orpheum.

ANNE ANNOUNCES PRIZE AWARDS IN HER RECENT TESTS

MRS. K. B. GUNTER, MRS. W. H. DAILY AND T. M. BRAGG GIVEN HONORS IN CONTEST.

By Anne Austin.

The decisions in the contests were harder than I had anticipated. Many of the suggestions were good, and some were not specific enough for practical use.

A thing that was pleasing to note was the neatness of the writing and the precision with which most of the women expressed themselves. Some seemed to be veterans in offering suggestions for batting Mr. H. C. L. Others had so many ideas that it was difficult to see how the high cost of living still maintains his supremacy in this town.

Isn't it queer how much we know that we didn't know we knew and that no one else knew we knew? It would be nice if we could all live up to the beautiful ideas that we can put on paper. I found myself wantonly squandering a little bit of my hard increment just after the ending of the experiment and it seemed to me that half of Waco found it out and took it up.

I suppose if I were as faultless as many of my correspondents seem to be that I would not fear the blinding light of publicity. I think I shall have to spend my money behind a thick veil.

If you have learned anything in this series, pass it on. I have learned a great deal myself, yet don't feel that I could take a chair in home economics.

The following received the prizes in the three divisions of the contest:

Best household hint, Mrs. K. B. Gunter, 1215 South Third street.

Best menu, Mrs. W. H. Daily, 308 North Twelfth street.

Best help for reducing the high cost of living, T. M. Bragg, P. O. 889.

The checks will be mailed on Monday.

The following deserves mention:

A Menu.

BREAKFAST.	
Oatmeal	$ .04
Milk	.05
Sugar	.03
Butter	.05
Hot biscuits	.05
Coffee	.03
DINNER.	
Fat tenderloin steak	.35
Tomato soup	.10
Crackers	.05
Bread	.05
Eggless fruit cake	.08
Onions for seasoning	.03
Lard for frying	.05
SUPPER.	
Hash made from left-over steak	.00
Soup left from dinner	.00
Bread	.04
Total	$1.00

A Recipe.

Recipe for Eggless Fruit Cake—1 cup sugar, 1 cup syrup, 1 cup stewed apples, either dried or fresh; ½ cup lard. Flavor with spices as liked. Enough flour to make batter. Bake in slow oven.—Mrs. B. F. Lanier, Mart, Texas.

Can't Wear Flesh Color Bathing Suits in Chicago

By Associated Press.

Chicago, March 31.—Young women may not wear white or flesh-colored bathing suits on Chicago beaches this summer, the city council committee on bathing beaches decreed today.

One-piece bathing suits were also put under the ban, it being ruled that all garments must be provided with a skirt or a "skirt effect." The committee announced that the distance between the bottom of the skirt and the top of the knee shall be not greater than six inches and that all blouses must have quarter-arm sleeves or close-fitting armholes.

Men's suits also must have a skirt effect or a shirt worn outside the trunks.

HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in just noticing whether the hair is well kept and to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made expressly for shampooing. You can enjoy the very best by getting some canthrox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

SUNDAY SPECIAL

Sensational and Comedy Program at the

GAYETY

TODAY 5 AND 10 CENTS

The Fifteenth Chapter of "Liberty" Tomorrow

East Waco

J. M. Milam of Burnett street has been confined to his bed several days threatened with appendicitis. Grandpa Smith of the same home, who has been confined to his bed for over a year, is feeling better.

UGH! CALOMEL MAKES YOU SICK! CLEAN LIVER AND BOWELS MY WAY

Just once! Try "Dodson's Liver Tone" when Bilious, Constipated, Headachy—Don't lose a day's work.

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

Ad Writing Contests to Be Held Next Friday

On next Friday evening at the Raleigh hotel, the Waco Adwriters' league will hold two ad-writing contests—one for the Amicable Printery and the other for the Southwestern Engraving company, the latter to show the value of illustrations in newspaper and general advertising. Chairman J. J. South has a new feature to be inaugurated at an early date, which will prove of added interest.

The vigilance committee of the Waco Adwriters' league has saved the membership visitations of representatives of several unprofitable advertising schemes.

Several new applications for membership have been received since the last meeting and will be balloted on.

T. U. C. T. Learns Dates of Big Meet at Abilene

Grand Secretary W. P. Gilbert of the Grand Council of Texas United Commercial Travelers announces that the meeting dates for the organization in annual session at Abilene will be May 17, 18, 19.

Waco Council No. 52, T. U. C. T., will have several delegates to the Texas Grand Council meeting. The local branch has been growing rapidly. Secretary C. B. Ivy reporting a membership exceeding 200 here.

ANNOUNCEMENT.

Mr. J. H. Stribling has accepted a position with T. C. Crippen & Sons as telephone solicitor. Mr. Stribling wants his many friends to know of his new occupation and that he will greatly appreciate their patronage.

Many Waco people who were patrons of Stribling Brothers will, no doubt, be glad of the opportunity to again come in contact with Mr. Stribling in his former line of business.—Adv.

WHERE WACO IS ENTERTAINED

MRS. CHAS. BROOKS GAINED 30 POUNDS ON THREE BOTTLES

TANLAC MADE A NEW WOMAN OF HER, GRATEFUL HUSBAND DECLARES—HAD SUFFERED A COMPLETE BREAKDOWN.

"When my wife finished her third bottle of Tanlac, something over two months ago, she got on the scales and found she had actually gained thirty and one-half pounds and no one enjoys better health than she does now."

The above statement was made by Charles C. Brooks of 3131 Carpenter street, Dallas, Tex., while in Marvin's Pharmacy a few days ago. Mr. Brooks has been a postman in Dallas for the past sixteen years.

"My wife had suffered from a nervous breakdown and indigestion for four or five years," Mr. Brooks continued. "She could eat nothing with grease in it and suffered from gas and severe pain in her stomach. Nearly everything she ate soured on her stomach and she was constantly belching up sour gases and undigested food. She had no appetite and the little she did eat she just had to force down. She had headaches all the time, often had dizzy spells and was up and down all night trying to get some ease so she could sleep. She took all kinds of medicines, but got no relief and she took a trip to Oklahoma but that did no good. She lost weight until she got down to one hundred and twenty-three pounds and was almost a complete nervous wreck.

"It was what so many of our Dallas people had to say about Tanlac that caused my wife to take it and now she's a well woman and we are both praising Tanlac to the skies. She eats everything she wants, sleeps like a log every night and is entirely like a different woman. Her nerves that were so shattered are now perfectly calm and her headaches are gone. She now weighs one hundred and fifty-three and a half pounds and is the picture of perfect health. Now why shouldn't we praise Tanlac? I certainly got more than value received for my money when I bought it for my wife and there are numbers of people taking it since seeing what it has done for her. There are lots of others who need Tanlac and if they could only realize what it has done for my wife they would all soon be taking it. I am glad to endorse such a good medicine and I hope this statement will be the cause of others finding relief."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store under the personal direction of a special Tanlac representative.—Adv.

MARKET NEWS AND REPORTS

NEW ORLEANS COTTON.

By Associated Press.

New Orleans, March 31.—A firm tone prevailed in cotton during today's weekend session. Recent short sellers covered in volume and put prices up on themselves. A moderate demand from the long side increased the market's strength. At the best of the session prices were 13 to 26 points above yesterday's close. Last prices showed a net gain of 6 to 17 points.

For the first time in several days new crops displayed strength, scoring a much wider gain than the old crops. This seemed to be due partly to unfavorable weather over the belt and partly to the belief that should this country raise a large army; the labor supply for working the crop will be insufficient.

NEW YORK COTTON.

By Associated Press.

New York, March 31.—The cotton market showed a decidedly firmer tone today. Liquidation was much less active after the heavy selling of yesterday and prices recovered about half of yesterday's loss with May selling up to 18.99 and October 17.85. The close was several points off from the best under realizing, but the tone was very steady at an advance of 1 to 7 points, with active months selling 6 to 11 points net higher right after the call.

This bulge met some further liquidation from Wall street and local sources soon developed increasing strength and activity. The stronger technical position was considered one of the chief factors of the advance but buying also was encouraged by apprehensions of unsettled weather in the eastern belt over Sunday and bullish reports from the dry goods trade.

July sold up from 18.49, the low point of the morning, to 18.73, while December advanced from 17.65 to 17.85, with the general list showing net gains of 20 to 27 points late in the morning. Trade interests were buyers of early new crop deliveries, while there was active covering by recent sellers and renewed support from Wall street sources.

SPOT MARKET.

Galveston.

Galveston, March 31.—Cotton spots, middling 18.85; receipts 7874; exports none; stocks 287,350; tone steady; sales, 452, f. o. b. 450.

September	14.34@14.36
October	14.34@14.35
November	13.70@13.71

Total sales 18,500 barrels.

CHICAGO GRAIN.

By Associated Press.

Chicago, March 31.—Wheat prices today averaged higher, largely as a result of the failure of expected rains, especially in Nebraska. The market closed unsettled at $1.95@1.95¼ for May and $1.64¾@1.64½ for July, with the market as a whole ¾c off to 1c up, compared with yesterday's finish.

Corn gained ¼@⅝c, oats closed ¼c down to ½c up and provisions at losses ranging from 2½c to 40 cents.

Uneasiness regarding the long continued lack of moisture throughout important sections of the winter crop belt dominated the wheat trade during the earlier trading, and was offset only in part as the session approached a close. In addition to drouth fears, the tightening of the crises between Germany and the United States encouraged sentiment for higher prices.

Corn showed stubborn resistance to selling pressure.

Brisk buying from the east and south gave independent firmness to oats.

Provisions swayed in line with the hog market.

CHICAGO GRAIN TABLE.

Futures were as follows:

Wheat—	Open.	High.	Low.	Close.
May	1.93⅝	1.07	1.93	1.95

Sheep receipts 2000; steady; wethers $10.50@12.90, lambs $12@15.50.

WEEKLY REVIEW OF GRAIN.

By Associated Press.

Chicago, March 31.—Wheat, vaulted to nearly $2 a bushel in the last week, May options reaching $1.98⅞, the topmost record attained since 1864 by any future delivery. Sensational domestic crop damage reports were largely responsible, together with an export embargo by Argentina. Net gains for the week were 2⅞@5¼c. Other leading commodities, too, scored advances—corn 2⅝@3¾ cents, oats ⅜@1⅝c and provisions 32 to 40 cents.

Estimates that abandonment of winter wheat territory would aggregate 4,885,000 acres, the heaviest total ever known except once, did much at the outset to establish bull control of wheat prices. Snow flurries in Kansas and Nebraska, however, offset to some extent on Monday the effect of alarming crop reports.

Argentine prohibition of exports sent wheat prices soaring afresh on Tuesday, and notwithstanding that next day owing to peace gossip declines ensued, the market rallied on account of export buying in the United States.

Excitement over crop damage reports on Thursday and wild trading witnessed yesterday, although the market eased off to a noticeable extent.

Corn ascended with wheat. All deliveries went to new high price levels for this season's crop.

Oats also were helped upward.

Record breaking high prices on hogs were reflected in the provisions market.

Do You Pay Your Bills?

—Being the Fourteenth and Continuation of a Series of Talks on Bills and the Prompt Payment of Them.

A Story

A YOUNG MAN of our city—born of good, honest, hard-working parents, who by THRIFT had accumulated a COMPETENCY, and who saw to it that the boy should never WANT for any material thing—suddenly found himself facing the NECESSITY of MAKING his own way in the WORLD.

Up to THIS HOUR he had NEVER KNOWN RESPONSIBILITY. The GOOD NAME of his parents helped him to land a position at excellent pay. While the MISFORTUNE which came to his father left the old man MAIMED and BROKEN financially, there were NO DEBTS for the boy to PAY. He had an EVEN START.

The social and financial standing his parents had had, but lost through no FAULT of their own, opened a WAY for the young man. For a time he WORKED HARD, PAID HIS BILLS PROMPTLY, and SUCCESS seemed ASSURED.

Then he began to GET CARELESS. He began to ask for THIRTY DAYS MORE when his creditors would openly "DUN" him—all the while WASTING his financial substance upon things his INCOME would not JUSTIFY. Soon he found that "SOCIETY"—that much-abused MYTH—had demanded so much of his means that he had become HOPELESSLY INVOLVED.

He RESOLVED.

He swore to himself that he would SCRATCH HIS FINGERS OFF to GET EVEN. He MEANT it, too.

And then it was that the blow fell. The company for which he worked was forced to REDUCE the number of its employes. Our young man was among those who were CHOPPED OFF.

"OH, WELL," said he, "jobs are PLENTIFUL. Things will COME OUT all right in the END.

But jobs were NOT PLENTIFUL. Day after day the young man WALKED the STREETS—HUNTING, HUNTING, HUNTING.

He asked his FRIENDS to help him. But they SEEMED HELPLESS. They would tell him HOW HARD the TIMES were, but they could do NOTHING. Possibly they had TROUBLES ENOUGH of their own without worrying themselves over the TROUBLES of others.

And then the young man's LAST DOLLAR was GONE. More—his CLOTHES were SHABBY, and his BOARD was DUE.

"I'll have to BRACE UP, get some NEW CLOTHES, a LITTLE MONEY, and make a NEW START," he told himself.

He dropped into a well known haberdashery—where in the GOOD DAYS he had let his bills run long—and didn't realize that the credit they extended him was only for HIS CONVENIENCE. He still OWED them a balance—a pretty LARGE balance, long PAST DUE.

He asked for CREDIT.

The owner of the store was SORRY, dreadfully, sincerely SORRY. But he KNEW the young man's CONDITION—and he had his OWN bills to worry over. The merchant, IN SELF-DEFENSE, simply HAD TO TURN him down.

The young man was SHOCKED. Somehow, he had expected it, but he WASN'T READY for the STRANGE EXPERIENCE of being REFUSED.

He called at OTHER stores, and here, too, he was REFUSED CREDIT.

He WONDERED why, till one of the merchants said:

"Your RATING is BAD. You haven't been prompt pay in the PAST. You OWE TOO MANY other merchants already."

DESPERATE, the young man started out of the store determined to FIND A FRIEND from whom he could BORROW.

He found those who HAD BEEN his FRIENDS, but when they FOUND OUT what he WANTED of them they were full of REGRET, but they couldn't HELP HIM.

His "FRIENDS," knowing his INABILITY to repay them, seemed to DODGE him in the future. They did DODGE him.

TODAY this young man is driving a DELIVERY WAGON at TEN DOLLARS per week. He is saving WHAT HE CAN after his LIVING EXPENSES are paid, but it isn't much, of course. Slowly—painfully slow—he is building up a small line of credit, and, with it, real SELF-RESPECT. If he keeps on, he may SOME DAY regain his original STARTING POINT.

But it will be a HARD FIGHT—a HARD, HARD FIGHT. What he INHERITED in the BEGINNING, HE MUST WIN again by years of PAINFUL PLODDING.

There's a moral to this story—do you know what it is?

Legal Notices

BIDS WANTED.

Bids will be received until 10 a. m. Tuesday, April 3, 1917, at the Adolphus Hotel, Dallas, Texas, for the erection and completion of a 2-story and basement fireproof dormitory and dining hall, and for the plumbing, for the heating, for the wiring and for the refrigeration, in accordance with plans and specifications prepared for the said work by Fonzie E. Robertson, architect. The bids shall be addressed to J. H. Lowry, president of the board of regents of the College of Industrial Arts, Denton, Texas. Each bid for the general contract shall be accompanied by a certified check for $3000 and for each mechanical contract for 3 per cent of the total amount of the bid, as a guarantee that the bidder, if awarded the contract, will within seven days after having been notified of the fact in writing provide a surety bond of 50 per cent of the amount of his contract, as approved by the board of regents. The checks must be made payable to J. H. Lowry, president of the board of regents. Plans and specifications may be obtained of Fonzie E. Robertson, architect, Southwestern Life Building, Dallas, Texas, by depositing with him a check of $25 to insure safe return of plans. The right to reject any and all bids is reserved.

NOTICE OF SALE IN BANKRUPTCY.

By virtue of an order of the district court of the United States for the Western District of Texas, I will, on the 10th day of April, 1917, at 11 o'clock in the forenoon at Whitney, Texas, sell at auction, for cash, stock of hardware and implements $6084.63, and notes and accounts $1131.89, belonging to the estate of Whitney Hardware Co., bankrupt; said sale being subject to the approval of the court.

Inventory may be seen at my office in Waco, Texas, or at the office of the First National Bank at Whitney.

New Easter Neckwear

The newest novelties of the year have arrived just in time for Easter buyers. Georgette Crepe, Crepe de Chine, French Organdy and Khaki-Kool Silks. Sport styles are shown in neckwear; in fact, sport styles really predominate thus far. We direct your special attention to many clever novelties in our showing at 50c. Come tomorrow and select your Easter Neckwear and avoid the rush that comes the last day or two before Easter.

Easter Ribbons

The Ribbon department is abloom with new Ribbons—never before so many pretty novelties in ribbons.

NEW SPORT RIBBONS—The sport idea is dominant in Ribbons, a preponderance of bright colors in stripes of gold, turquoise, shadow lawn green, copenhagen and rose. Many clever ideas reasonably priced, per yard at .....50c, 35c and 25c

NEW WARP PRINTS—In both light and dark grounds, in floral, scroll and geometrical designs. Handsome novelites at 75c, 98c and up to $1.98 a yard.

EXTRA VALUES—A large line of 6-inch Moire Taffeta Ribbons in all of the season's best shades; excellent for hair bows and sashes, at.....35c

Easter Greetings

On Cards and Folders

Hundreds of dainty hand tinted Cards and Folders, conveying the true Easter spirit, so beautifully expressed in verse. Cards in white, pink, buff, lavender and blue; each in individual envelope, and priced from each .....5c to 35c

Perfect Engraving of Invitations, Announcements and Cards

We are prepared to execute all orders for Wedding Invitations, announcements at home and personal cards. The newest designs of engraving and the best of stock is used. Quality, workmanship and price the best. Sample work on display in our Stationery Section.

Easter Handkerchiefs and Veilings

A complete new showing of Women's Handkerchiefs in Crepe de Chine and Linen. Our own direct importations, by far the choicest yet shown. A big showing of pretty novelties at 15c. Hand embroidered pure linen Handkerchiefs in all-white and colors, at 25c

New Madeira Handkerchiefs at .....50c to $1.50

NEW VEILS—Late arrivals in Drape Veils. Hats are growing larger and Drape Veils will again be in strong demand. New arrivals in Veiling by the yard; all the new meshes and best colors; per yard 35c, 50c, 65c and 98c.

More Pretty Beads

The demand for Beads of all kinds was never so strong and styles never so varied and pretty.

AMBER BEADS—Amber has the first call just now. We anticipated the demand and made generous preparations.

JAPANESE STYLES are a feature in novelty; Jade is the most sought color, but there are many clever combinations of fancy Beads that are most striking. Prices range 98c to $7.98.

New Ear Rings

Ear Rings and Beads to match. Amber Beads and Amber Ear Rings. We are showing a special display of new Ear Rings bought especially for pre-Easter buying. Ear Rings in drops and screws 50c to $2.50

Millinery Department 2nd Floor

Millinery Department 2nd Floor

OUR SPECIAL DISPLAY OF Easter Millinery

We are featuring for the week before Easter a remarkably large display of new Millinery. Hats that are not only distinctive and exclusive, but Hats that express the latest ideas of New York's leading designers. To give you an accurate description of this wonderful collection of New Easter Millinery would mean to describe each and every Hat separately, for there are no two that are alike or even similar; and the displays are so large that there is hardly an individual taste or requirement that is not a part of this Special Easter display.

A Charming Display of Easter Hats At $10.00 to $20.00

Individual and exclusive to the last degree, Hats that will lend elegance and becomingness to your Easter attire.

Extraordinary Values in Easter Hats at $7.50 and $8.50

Never have we shown so charming a collection of Easter Hats at such low prices. Unmatchable values in Hats of remarkable style and beauty at $7.50 and $8.50. Many are Hair Braid Hats with Milan, Hemp and Georgette crowns, trimmed with flowers and ribbons. We invite your critical inspection.

New Line of Misses' and Children's Hats at From $1.50 to $10.00

Your Easter Footwear

Enjoy the advantage of selecting your Easter Footwear from our large and more comprehensive stocks. Not a new novelty that is worth while that is not here. A large part of the styles and designs that we show are exclusive with the Sanger store. Make your selection early this week, and avoid the last-minute Easter rush. The following items represent a few of the many new styles that await your inspection and selection here.

Waco Morning News

WACO, TEXAS, SUNDAY, APRIL 1, 1917.

WACO'S GREATEST DEPARTMENT STORE

"Half a Million More"

Waco's Greatest Department Store Inaugurates a Campaign to Sell $500,000.00 More Goods in 1917 than in Any Previous Year of the Store's History.

The wonderful increase in the volume of Goldstein-Migel business for the first three months of this year is probably the greatest of any store in Texas. We are going to make this increase Half a Million Dollars for the entire year. We want you to help us do it.

To interest you, we have arranged to show the most remarkable exposition of seasonable merchandise in Texas, and name prices that will mean great savings to all our customers. Here's how we are going to do it:

We are members of a syndicate buying millions of dollars' worth of goods annually directly from manufacturers and importers. This syndicate buys more goods annually than half a dozen wholesale concerns and gives us advantage of the lowest prices at which manufacturers can sell.

We conduct our business on the most economical basis—discount every bill, paying strictly cash, and this again enables us to sell at very low prices.

Our store house is owned by members of the firm and our rent is probably the lowest in Waco, which gives us another great saving, and which we give to our customers. Our organization is perfect, which insures selling prices at remarkably low figures.

Half a Million Dollars more is a big undertaking, but we have done very big things in Waco and with your assistance and co-operation we are going to do this.

Half a Million Dollars more means big things for Waco, besides thousands of dollars saved for our customers.

HALF A MILLION MORE IN 1917!

A Word to Waco "Live Wires"

The Young Men's Business League, the Chamber of Commerce, Rotarians and other organizations who are constantly working for the commercial progress of Waco, may well take pride in the great campaign of extension and expansion which is being undertaken by one of Waco's leading business institutions. Spread the news—be a partner of this big deal—it is a credit to Waco. **HALF A MILLION MORE!**

Society

WILLIE REAMY BENSON—SOCIETY EDITOR.
TELEPHONES: OFFICE 3466; HOUSE 3467.

ONE of the charming affairs of the week was the country club reception given by Mrs. Charles Irvine in honor of her guest, Mrs. E. E. Reed of New Orleans.

About thirty of Mrs. Reed's and Mrs. Irvine's intimate friends responded to an invitation for an informal afternoon party at the Country Club, and they brought with them bits of fancy work upon which they worked as they talked. The guests were very congenial, forming into close and intimate groups over their needle work.

The club house was beautified for the occasion with huge baskets of white iliac, daffodils, bridal wreath and Easter lilies. A table arranged cafeteria style offered sandwiches, iced tea, wafers, mints and other good things that go to make up a perfectly appointed tea table.

Toward the end of the afternoon the guests strolled over the spring-decked grounds for a breath of fresh air, before going back to the city.

SPRING DRAMATIC FESTIVAL FOR BAYLOR UNIVERSITY.

Big preparations are being made for the most ambitious dramatic festival ever held in Waco, inasmuch as the greatest dramatists of the past and present will be represented. Ever since the introduction by Baylor university some years ago of the open-air dramatic performances their success has grown steadily. At first these performances were limited to Shakspere's plays, but this year the repertoire will include a morality play, Moliere, Shakspere and Maeterlinck. In each instance plays have been selected that have never been given in Waco before, by high-class artists, and the program was decided upon after months of deliberation as to what would be most pleasing to the citizens of Waco and beneficial to the students of Baylor university. Elsie Herndon Kearns and George Sommes, the stars of last year's Ben Greet company, will be ready to repeat their triumphs of former years. The dates selected for the festival are May 18 and 19, and all performances will be given al fresco on the campus.

On the first day, Friday, May 18, will be given Moliere's "Blue Stockings" and Shakspere's "Winter's Tale," on Saturday "Everyman" and "Pelleas and Melisande." A series more literary in tone and more popular in attractiveness could hardly be selected and the management is well pleased to be able to offer Baylor's friends in Waco and the vicinity such high-class entertainment. Moliere's "Blue Stockings" (Les Femmes Savantes) has held the stage for several hundred years, and recently made a very enviable record in Chicago as one of the most popular and paying plays of the dramatic season.

The "Winter's Tale" is one of the late plays of Shakspere, and has been justly one of his most popular plays. It will be well received, it is thought, as it never has been given in Waco by first-class artists.

"Everyman," the morality play, was revived by Ben Greet some twenty years ago, with Edith Wynne Matthison in the stellar role, and its success has been constant and steady. Waco's fondness for "Everywoman" should make it welcome the opportunity to see the play which inspired not only "Everywoman," but many other plays of the same order.

The greatest event of the festival, however, will be the "Pelleas and Melisande" of Maeterlinck, who is by many classed as a genius of the same rank as Ibsen, Tolstoi and Strindberg. It is indeed a great triumph to be able to offer such work of high merit by such splendid artists and as so many Waco clubs have been studying contemporary drama the announcement that Maeterlinck's "Pelleas and Melisande" is to be given should be received with enthusiasm. In every respect Baylor is looking forward to a great event which will give its friends and patrons the same pleasure and satisfaction that the other entertainments furnished in the past have given The prime purpose of the university in presenting these plays is literary, and no effort is made to secure any substantial financial gain. The expenses are of necessity great, but the management has heretofore been able to meet all obligations and still have a small net profit. In the past this gain has been divided between athletics, the library, the Y. W. C. A. and the endowment. Should the festival close with a balance in favor of the university the funds will go to some similar purpose.

MISS MARY GORMAN DUCHESS TO SAN ANTONIO

Miss Mary Gorman has been selected as duchess of Waco for the queen's coronation in the Court of Butterflies and the famous Battle of Flowers, during the fiesta at San Antonio, from April 16 to 21.

Miss Gorman has chosen as her knight Barry Cox, and as her maid her sister, Miss Nora Gorman. William Beck has been chosen as esquire to Miss Nora Gorman.

Each duchess will be attired in white, with court train. Miss Gorman's dress is to be of white charmeuse and tulle, with silver trimmings.

The party accompanying Miss Gorman as duchess to this great festival has not yet been announced, but it is expected that she will have in her train a number of Waco's prominent society leaders.

The program for the entire festival follows:

Monday, April 16.

7 p. m.—Arrival of His Majesty, King Antonio III, attended by nobles of his court and the Gran Quivera. Royal salute of twenty-one guns by United States artillery. Royal procession of king, attended by escorts, gentlemen and ladies of Gran Quivera in decorated automobiles.

8 p. m.—Presentation of the keys of the city to his royal majesty, at the St. Anthony hotel.

Afternoon—Opening of the Mexican village on Haymarket Plaza.

Day and Evening—Fiesta shows on the plaza, band concerts.

Tuesday, April 17.

8 p. m.—"Bounties of Nature to Texas," a magnificent allegorical parade of beautiful floats built by artists at a cost of thousands of dollars, with handsomely costumed attendants and train.

8:30 p. m.—Fiesta fete at the Grand opera house, with ballet dancing, spring dances, Russian dances. Tickets sold to the general public.

Day and Evening—Fiesta shows on the plaza, Mexican village, band concerts, revelry in the streets, army features at Fort Sam Houston and Camp Wilson.

Wednesday, April 18.

10 a. m.—Opening of the famous Bench show of the San Antonio Kennel club, with finest dogs in the United States competing.

8 p. m.—Gorgeous, illuminated and decorated automobile parade in four brilliant divisions. Cars and floats built at cost of thousands of dollars. Most wonderful auto parade ever held in the south.

8:30 p. m.—Fiesta fete at Grand opera house. Open to the public.

Day and Evening—Fiesta shows on the plaza, army exercises at Fort Sam Houston, firemen's drills, dancing, street frolics, band concerts.

Thursday, April 19.

4:30 p. m.—Wonderful civic and trades display parade, with hundreds of floats, police, fire and other civic departments.

8 p. m.—Coronation of Her Majesty, the Queen of the Court of Butterflies at the Majestic theatre. The queen and her court will receive the royal duchesses and their maids, representing the flower of beauty and youth of sixteen Texas cities.

Day and Evening—Fiesta shows on the plazas, Mexican village, gayety on the streets, drills and parades at Fort Sam Houston, dog show, band concerts.

Friday, April 20.

4:30 p. m.—Floral parade and Battle of Flowers, the famous historical pageant in commemoration of the battle of San Jacinto and the heroism of the Alamo. In this parade will appear the queen and her royal court of butterflies, the king and his retinue. It will be followed by the traditional Battle of Flowers in front of the Alamo and will be reviewed by national, state officials, the governor of Texas and his staff, General Pershing and his staff and other distinguished officials.

8:30 p. m.—Fiesta fete at Grand opera house, open to the public.

Day and Evening—Fiesta shows on the plazas, street frolics, Mexican village, exercises at Fort Sam Houston, dog show, band concerts.

Saturday, April 21.

8 p. m.—Finale of the week of revelry and gayety, culminating in the picturesque burlesque parade of the S. O. S. V., a wonderfully conceived feature of buffonery, burlesque and satire of national, state and city characters, institutions, officials and offices. Over twenty-five characteristics, mirthsome divisions in this parade and thousands of individuals, competing for hundreds of dollars worth of cash prizes.

9 p. m.—Mock coronation on Alamo plaza of the king of revels and his queen, with all the attendants and trappings of the court, the imperial ballet and the jesters, who have made the whole week one of fun and frolic. Out in the open where everyone can see and hear.

Day and Evening—Fiesta shows on the plazas, army features at Fort Sam Houston, Mexican village, dog show, music, unrestrained merriment in the streets, dancing at all the leading hotels for the public, at the clubs and open house generally.

MISS ORIAN SMITH IN GRADUATION RECITAL.

Miss Orian Smith in her graduation recital from the department of expression of Baylor university gave an artistic interpretation of the story, "Just David."

By her superior interpretation, Miss Smith led her audience with her thru the story.

It was by this means that the beauty of David's mountain home with the spirit of nature that surrounded it was portrayed; that the journey to the village seemed long and tiresome, especially when he was accused of being a thief. This same spirit brought the audience to the death of David's father in the Hollis' barn where he met the people who were destined to be his future friends. Yes, these were the people that saw that David came before "the friends, loved ones, and adoring public which awaited him." As the story progressed the audience forgot the "adoring public" and journeyed back to this little mountain village once a year with David and listened to him play his sweetest melodies to Mr. and Mrs. Hollis, who had been father and mother to him. Thus one felt that surely David was playing music from that "far-off country" where his father had gone so many years before.

BEAU NOTS WITH MISS SALLIE MORSE

Miss Sallie Morse was hostess on Saturday afternoon to the Beau Nots. Dainty fancy work occupied the nimble fingers of all the guests, until the hostess interrupted by serving two courses of refreshments, consisting of salad, ice tea, sandwiches and dessert of fruit with whipped cream. Easter chickens perched upon the plates, bearing reminders of the joyous season which is rapidly approaching. The house was fragrant with the season's first offering of buffalo clover massed artistically in the reception rooms and dining room.

Those present were Misses Hazel Spencer, Laurine Gay, Clara Primm, Lucille Gooch, Mildred Smith, Josephine Foscue, Harriet Morse, Mesdames G. McGlasson, J. J. Abernathy, Albert Harris, E. K. Morse and Flora Morse.

The next Beau Nots hostess is Miss Catherine Lattimore of South Fifth street.

MRS. N. E. BOGGESS HAS CAFETERIA LUNCHEON

Mrs. N. E. Boggess gave a luncheon at the Baylor Cafeteria on Wednesday as an acknowledgement of the many courtesies which have been shown here while she has been visiting in the Albert Boggess home.

About thirty-two relatives and friends made up the guest list for this informal, wholly delightful affair. The tables were prettily decorated with iris and bridal wreath, the favorites of the month.

Senator O. S. Lattimore of Fort

Of Interest to Women

THE association of Dean Highland school is working very hard to secure their pro rata of Governor Ferguson's million dollar school fund. Thus far they have met every requirement except that of a library. The law states that there must be twenty-five volumes per teacher in the school. Highland has three teachers, making a total of seventy-five volumes required. The school requests donations of books. Mrs. W. A. Hall, 3104 Lasker street.

Mrs. C. W. Lane, at the Council of Mothers appealed for donations of children's clothing for numerous Mexican children who are denied the privilege of school on account of the lack of proper clothing.

The next meeting of the Council of Mothers will take place at the high school on Wednesday, April 25, at 3:30 o'clock. Miss Pauline McCauley, the public librarian, will make the address of the afternoon, her subject being "Children's Reading."

Extracts from the speech made at the Council of Mothers by Mrs. C. C. Shumway are given below:

"The attention of our best educators has been devoted to the development of the city school. The country school has been left largely to itself. The development of the city school has retarded that of the country school, as it is continually drawing the best teachers away from the country.

"Attention is now turning toward the neglected schools of the open country. An attempt is being made to redirect their work by addition of new studies to the curriculum, but the redirection must be more fundamental. The institution more than the curriculum needs redirection. Reform must begin with the management.

"The illiteracy of native born Americans is twice that of foreign born on account of the lack of opportunities for education in rural America.

"About half of the 20,000,000 school children in the United States are attending the rural schools. The rural school from the standpoint of health and general fitness is the worst type of buildings used for human beings, but also those used for livestock. Rural schools are on the average less adequate for their use than prisons, asylums, alms houses and dog kennels. The healthfulness and attractiveness of the rural school and the general welfare of the county children are absolutely essential to the general welfare and life of the nation as a whole. Necessary provisions for the welfare of the rural schools should include the following: (a) sanitary and attractive school buildings and grounds; (b) teachers better trained and better paid; (c) health examinations, including dental inspection oncea year; (d) health care in the schools, including health instruction, warm school lunches, tooth brushes, drills and training in all health habits; (e) correction of injurious physical defects by school doctors, health clinics and district nurses; (f) co-operation of all available agencies for promotion of health and welfare of country school children.

"Examinations are made and that is often all. We need the following system and work done by school nurses. What is the use of telling the parents of eighty-five per cent of our school children that these children are not physically fit to go to school, if the parents will not or cannot afford to do anything abut making them fit? In many small places a schol nurse can take the place of a physician.

"After all, to pay for some of the examinations and pay school nurses has been proved in some places to be economical by preventing absences, non-promotions and bad conduct. Poor buildings and bad surroundings and no facilities are some of the reasons why rural schools are inefficient. It is true that a good school may exist in the poorest building, but as a rule, the condition of the building and equipment is a good indication of the instructional work of the school. In other words, instructional work of a high grade reacts upon the material equipment, as the influence of the teacher is sooner or later felt by the school trustees and by the school patrons. Some investigations seem to show that, as a rule, wherever the greatest advance has been made in rural schools, improved buildings and equipment have followed improved teaching. It seems therefore that the question of the teacher is the greatest importance, and with it the question of supervision and the organization and administration of the school system.

"The belief is growing that the teacher for the rural work should have an education and training different from the town or city teacher, in some respects. Such things as nature study, elementary agriculture, domestic economy, sanitation, rural sociology and agricultural economy. The teaching of a country school needs to be definitely correlated to the things in the life of the child. The school should become a center of stronger community interest and serve not only the younger people but the older ones as well.

"I might suggest the things which could be done to improve conditions: Club women and church women may induce their ministers to school visiting, and to speaking and delivering sermons at different times in the year in the interest of their schools. Superintendents and principals might be asked to speak in the churches in these interests, in this way touching some who are interested in church work. The organization of parent-teachers associations is perhaps the most direct way of accomplishing reform. I wonder if the women of this council could not do more to better rural school conditions?"

MONTHLY MEETING OF HOME ASSOCIATION.

The regular monthly meeting of the Home association is to be held in the First National bank at 10 o'clock on Tuesday morning. A full attendance is requested, as important business is to be transacted.

EXECUTIVE BOARD OF FEDERATION OF MISSIONS.

The executive board of the City Federation of Missions is to meet next Thursday morning at 9:30 with Mrs. Llewellyn Aubrey.

DAUGHTERS OF REVOLUTION WITH MRS. FITZPATRICK.

The D. T. R. will meet tomorrow at 3 o'clock with Mrs. Joe Fitzpatrick of Cedar Hill. The regular business of the organization will be dispatched, the usual social session will conclude the program. All members are cordially requested to demonstrate their loyalty by attendance.

CLUB LETTER 4TH DISTRICT TEXAS FEDERATION CLUBS.

Dear Club Women:

The Fourth district convention will be held in Temple on April 19-21. Are the 105 clubs, together with the new members, ready with dues, reports, delegates and helpful suggestions? This convention forecasts a session of unusual interest.

The Thirty-fifth legislature, notwithstanding stormy sessions and varied criticism, has done much to forward the work in the various departments of the Texas Federation of Women's clubs. Out of the 100 especially important bills passed, thirty-six bear directly or indirectly toward the fulfillment of our great enterprises.

Who of us can fail to appreciate the mothers' pension bill, bringing purse-ease which means heart-ease, to the struggling Texas widows? And its companion bill of free kindergarten schools, which sends the energetic young parents about their daily toil in home, at desk, behind the counter or loom, with the assurance that the little ones are not being neglected, but happy in play that educates and develops. The child labor bill, too, has been enlarged and more perfectly enforced. With these come other bills of protection and improvement for the delinquent girls, the insane and blind negroes, the bird, deer, fish and forestry. Rural schools, libraries and roadways, too, have been remembered, not to mention the greater measures of sanitation and eradication for the health and comfort of man and serving beast. So we might continue to list them, each bill meriting our co-operation, but time and space forbid. Some of us may not fully understand just what is incorporated in these state measures or our relative interest in them. Would it not be opportune to have one or more members appointed to study, present and explain, in detail, each of these new important bills at some early session of your club meetings? Many earnest club women are too busy in their home and other work to study and apply these questions, that would add so much to their club interest if presented in this manner.

Cordially yours,
MRS. J. M. F. GILL,
Press Chairman.

REPORT ON THE D. T. R. WORK.

The following was prepared by Miss Lucy Erath. Miss Erath is the secretary of the Waco chapter of the Daughters of the Texas Revolution.

"Love thou thy land with love far brought
From out the storied past."

Concerning the purposes of our state organization, the Daughters of the Republic, its own last year's annual may be quoted from the reprint of the original charter, granted in 1895.

Quoting literally in part the objects of the organization are "to perpetuate the memory of the men and women who achieved and maintained the independence of Texas;" to encourage reserch into the earlier records of Texas, particularly those relating to the revolution of 1835 and events following; to foster the preservation of individual patriot and soldier records; to promote the celebration of the second of March and twenty-first of April; to secure and hallow historic spots—erecting monuments thereon, and to "cherish the unity of Texas as achieved by the fathers and mothers of the Texas revolution."

The organization has now been in existence twenty-two years, and its influence is still growing, though the modern spirit is little conducive to patriotism. But the age is calling for patriots more and more and more in order to grasp the future do we need to study and appreciate the past.

The Daughters of the Republic strive after the proper appreciation of the past of Texas; they would endow the future with it. Texas as a republic speaks to Texas for all time in its story, hardly equalled through world annals, of right making might, and of the battle being truly to the strong.

Our own particular Waco chapter of the association, named for Sterling E. Robertson, is as yet hardly in good working order. There is much that it proposes to do, but the study of the lives of strong men who achieved a republic does not foster a boastful spirit; we hope to be worthy followers of the heroes whose descendants we are, and through whom we proudly style ourselves "Daughters of the Republic of Texas."

O, Flag of the Lone Star, the long future calls
To that day of the council in log-cabin walls!
'Twas your voice beat to arms in the storm wind's refrain,
Bringing men of the deer skin from forest and plain,
With Remember!
With the war cry that rolled in the wild April rain—
Remember!

—Secretary of Waco Chapter.

WEST AVENUE PARENT-TEACHERS'.

The West Avenue Parent-Teacher association will meet at the school at 3:30 on Monday afternoon. The annual election of officers will take place.

Miss Pauline McCauley, the public librarian, will talk on "Professional Reading for Mothers."

SOUTH EIGHTH SCHOOL HAS OPEN HOUSE.

The teachers of the first grades were hostesses to the public on Friday evening in the school building. The program consisted of actual school-room exercises, such as low first grade reading from blackboard, writing on the blackboard and physical exercises suited to either song or Victrola music. Members of the high first grade recited several poems from Robert Louis Stevenson, gave a demonstration of phonic work and written spelling at the board. They also gave songs and folk dances accompanied by the Victrola.

Miss Ora Lee Everts is the teacher of the low first and Mrs. Jennie Moore and Miss Laura Hayes are the high first teachers. Miss Hayes was unable to attend.

About fifty parents witnessed the work of their children, expressing pleasure and satisfaction at the way in which the work is being done.

Woman Suffrage From Far and Near

WOMAN SUFFRAGE NOTES .. .... EPISCOPAL CHURCH OUT FOR SUFFRAGE.

Entirely new in suffrage organizations is one to be called the Protestant Episcopal Suffrage association of New York, formed at a meeting held March 9 in the assembly hall of the Church of the Ascension. The society is affiliated with the New York Woman Suffrage party and more than twenty parishes are represented. The organization has a three-fold purpose. Its members aim to rejoice in each others' faith, to demonstrate the "enormous strength" of the Episcopal church in the New York Woman's Suffrage party and to bring that strength to bear in the present campaign.

WOMAN GOES TO MEXICAN HOUSE.

For the first time in history, a woman has been elected to congress in Mexico. She is Miss Hermila Galindo of the Fifth federal district, and she won her election, along with the other twenty-three deputies from that district, with 460 candidates in the field.

It was Miss Galindo who introduced the suffrage measure into the constitutional convention held in Queretaro last December, and while action on the article was never taken, Miss Galindo pointed out that the constitution does not forbid a woman to be a candidate or to vote.

FORMER ANTI MAKES SUFFRAGE SPEECH.

A former officer of the Oregon Anti-Suffrage association made a suffrage speech at the Cosmopolitan club in New York City the other day, telling how she was converted by seeing the political effects of woman's ballot. She is Mrs. J. B. Montgomery of Portland, Oregon.

"I was for ten years vice president of the Oregon Association Opposed to Woman Suffrage," said Mrs. Montgomery, "and even after the women won the vote I was not sure that it was the right thing. Then one day I went to see my washerwoman, and I found her studying the bills she was to vote upon. She couldn't stop washing, but she had the papers pinned up over her washboard, and I decided I couldn't oppose a movement that had such an educational effect upon women as that."

VOTED ON SUFFRAGE UNDER SHELL FIRE.

Probably the most picturesque election in which suffrage has ever been voted upon was found in the recent polls of the British Columbia men at the front. Polling booths were established in the shell-wrecked houses of the ruined French villages just behind the front line and the men came in from the trenches in squads of twenty or thirty. Shells and bullets whistled around them as each soldier marked his ballot and placed it in an envelope, on which he wrote his rank, company and battallion number; his home address and former voting place.

WANTED TO BE JURORS.

Colorado women are demanding a change in the state constitution in order that they may sit as jurors in trials where women or children are involved. Judge B. Lindsey has long advocated making women eligible for jury service.

PRESIDENT CONGRATULATES DR. SHAW.

The old-fashioned birthday wish of "many happy returns" came to Dr. Anna Shaw during her stay in Florida from a notable source—the president of the United States.

The letter congratulated her on her birthday, February 15, and says: "You certainly have many years of self-sacrificing work to look back upon with pride and satisfaction, and I join in wishing you many happy returns of your birthday."

Y. W. C. A. NOTES.

Vesper services at the Y. W. C. A. rooms at 5 o'clock. An address will be given by Mrs. E. V. Cox, and special music by Miss Mabel Hundley.

Next Tuesday at 11:30 o'clock the new gym class will begin. Any ladies who would be interested please come at that time.

The outdoor volley ball court on the lot in back of the library has been marked off and the gym teams or the volley ball teams are invited to play there. Arrange for the time at the Y. W. C. A.

Any ladies who would like to play tennis may use Dr. Shelton's tennis court Tuesday, Wednesday and Friday mornings and the Huaco club court any morning.

The final game in the volley ball tournament was played Friday night. The Aurora Y played C. O. D. Y. and were obliged to play three games. The first was won by C. O. D. Y. 21-16, the second by Aurora Y 21-15 and final by C. O. D. Y. 21-20. Both teams were in very good form and the games were interesting to the very end. The C. O. D. Y. holds the championship of the association.

The first aid lectures being Tuesday, the 10th of April, at 7:30 p. m. Register at the office now for the class. The course consists of six lectures, the second and fourth Tuesday nights of April, May and June. The last part of each lecture will be used for practical bandaging. A small fee of 25 cents will be charged for the course.

The membership campaign of the Y. W. C. A. will start the 10th, 11th and 12th of April. All those who are at present members of the association and who expect to renew their memberships please call at the office before the 10th of April.

CLUB WOMEN APPEAL TO WOMEN OF THE CITY.

The following was sent in by Miss Kate Friend, the president of the City Federation of Women's clubs:

"In co-operation with the health authorities of our city, the City Federation of Women's clubs makes individual appeal to every woman in Waco, regardless of color, to respond to 'clean-up' call. The season is at hand when precaution means much to summer health and comfort. Every Waco woman is urged to consider this a personal appeal for inspection of house and grounds, attention to same, and removal of any germ-breeding conditions. Burn all possible debris now, and kitchen refuse daily. Puncture all cans as preventive of mosquito breeding. Remove any breeding place for the disease carrying fly. Collect movable trash and leave call at city hall for removal of same, telephone number 2805.

"Co-operation is also requested by the City Federation of Women's clubs for forthcoming Baby Week. The second annual observance in this city finds Mrs. H. A. Long director. The health, comfort and life preservation of our incoming generation, together with a more intelligent motherhood—this is the tocsin of National Baby Week. When the call becomes personal from Mrs. Long and her assistants, will there be favorable response?

"KATE FRIEND,
"President City Federation of Women's Clubs."

SANGER AVENUE MOTHERS' CLUB.

The Sanger Avenue Mothers' club announces a meeting for Wednesday afternoon at 3 o'clock at the school. The president of the City Federation of Mothers' clubs, Mrs. W. O. Wilkes, will speak. A full attendance of parents is requested by the president, Mrs. J. W. Holloway.

New Hair Will Start Growing Today!"

"Not a Miracle, But a Fact—Any One Can Do It, as Well as Beautify Themselves Supremely in a Few Days," Says Valeska Suratt, of Stage Beauty Fame.

BY VALESKA SURATT.

YOU know what the poet said, "I wasted time, and now doth time waste me!" Thousands of my sisters have wasted time, unconsciously of course, trying to do things which could be easily accomplished but failing because of the wrong methods employed. First of all, time and neglect are two great destroyers of hair beauty. But time can be defied by wise action. If you will quit using so many of the so-called hair restorers, which take a "dog's age" to produce any results at all, and go straight at the proper, simple, and never-failing method of forcing hair to grow—you will find in a few days a most remarkable change. You can make your hair grow long, silky and beautiful, stop it from falling—make it queenly, exceptional. Make up a mixture of one ounce of beta-quinol, and half a pint each of water and alcohol, or instead of the water and alcohol, a full pint of bay rum. This makes what I call my little hair marvel. It is also much cheaper than any of the useless hair treatments—and well, just see it and you'll be one of the most surprised women who ever looked in a mirror.

* * *

MISS OLEANDER—Certainly, your skin will respond to treatment just the same as that of anybody else, provided you use the right material. I am giving you a secret here which I might say, has meant a fortune to many a friend. It has the wonderful power of making the skin plump and youthful. Wrinkles are therefore bound to go. It makes the skin vigorous and fresh. You will positively get the same results as any one else has. Try it and you will see. Mix this yourself. Get two ounces of eptol at the drug store. To this add one tablespoonful of glycerine and half a pint of water. This makes the cream. Use it very freely every day and I'll warrant your friends will quickly see the change in you.

* * *

SORE—For that awful perspiration in the arm-pits, sprinkle the latter with hydrolized talc. Relief will be immediate, and all objectionable odor too, will be at once removed. It will save your gowns.

* * *

MRS. G. O. B.—That was a long list of failures you gave me, but you remember I told you you were wasting your time with the prepared creams. Now do as I tell you, start today and your next letter will read quite differently. All blemishes, red spots, freckles and "muddiness" will entirely vanish. I can assure you of that. Mix together an ounce of zintone and two tablespoonfuls of glycerine in one pint of water, making a cream. Apply this generously every day, rub it in well. It is superb in its results on the complexion.

* * *

PEPPER SPOTS—O, that is the easiest thing you can imagine. Blackheads can be removed in a few minutes—and if you doubt it, just get some peroxin at the drug store, sprinkle some of it on a wet sponge and rub it on the blackheads. Then look in the mirror and try to see them—they'll be gone.

* * *

MISS D. D.—Just lay that appliance aside if you don't want to injure the bust beyond hope of remedy. If there is anything that will develop the bust it is this safe formula, though of course success can never be positively assured in every case. Two ounces of ruetone and half a cup of sugar are dissolved in half a pint of water, and of this two teaspoonfuls should be taken after each meal and before retiring.

* * *

BYE-BABY—There are always scales and fatty accumulations on the scalp which soap, even with scrubbing, cannot remove. The way to do it is to dissolve away these accumulations. Eggol does this almost in a magic way and leaves the scalp and hair in a most glorious condition of absolute cleanliness. As a head-wash it cannot be excelled. Use a teaspoonful of it in half a cup of water. You can get enough for twenty-five cents to last for over a dozen shampoos.

* * *

MRS. T. O'R.—We've all had the same experience. Ordinary face powders sold will not stay on—except in spots sometimes. That's why I had my own face powder made up, finer in texture than anything yet produced. It is free from that annoying chalkiness, and is sold as "Valeska Suratt Face Powder" at drug stores, in white, flesh and brunette tints, for fifty cents.

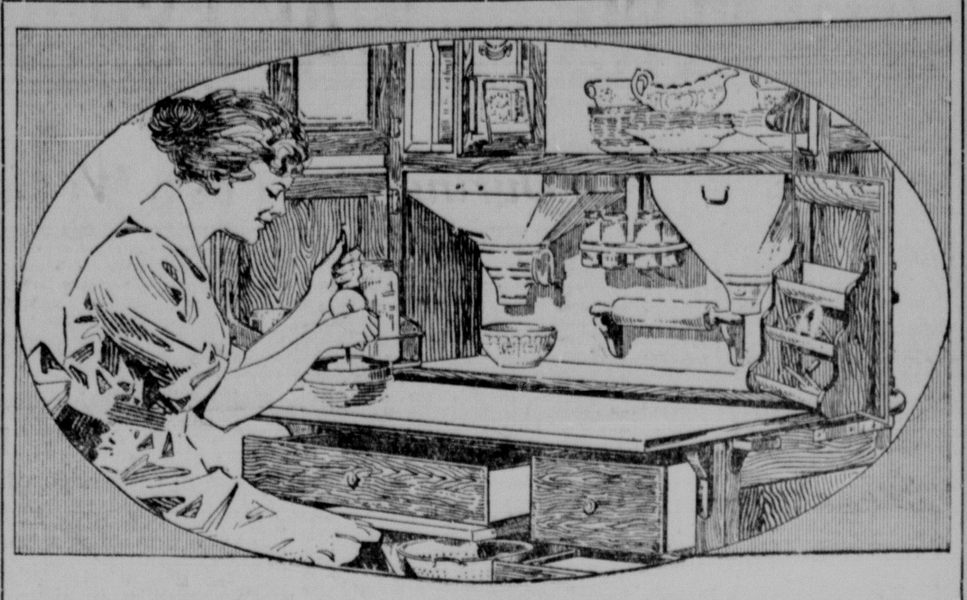
* * *

MISS RUBBLES—Your druggist should certainly have it. But if you can't get the beta-quinol for making my hair formula, send the price, fifty cents, to "Secretary to Valeska Suratt, Thompson Bldg., Chicago," and it will be sent to you at once.

* * *

DIMPLES—Well, I admit dimples do not go well with superfluous hair on the face. Ever hear of dissolving away these hairs? The only thing I know that does this, instead of "burning" off the hairs, is to moisten them with sulfo solution. Your druggist will supply you. I don't care where you apply it, it will always work, never leave a red spot. The skin will be left soft and smooth.

(Advertisement.)



Every Woman Has the Right to

A Hoosier

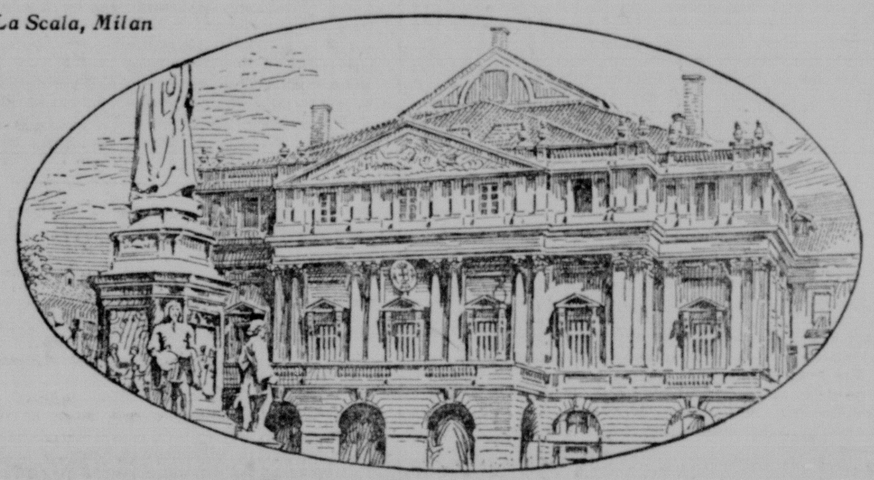
Every woman is entitled to every work-saving device that will make kitchen work easier. Going without a Hoosier—saving the very moderate price by taking **miles of unnecessary steps,** every meal you get and every meal you clean up after, is poor economy.

Do you realize that you can have a Hoosier in your kitchen immediately by paying only $1.00—

And complete the payments at the rate of $1.00 a week, without interest or increasing the cost?

Hoosiers range in price from $23.85 to $45.00. Make your choice and we will deliver it on payments of $1.00—on a "money-back-if-you-are-not-delighted" guarantee.

La Scala, Milan



Just Suppose—

Imagine, if you can, that your boy or girl spent five years in Milan, another five in Paris, the same time in Budapest, a like period in Berlin, Vienna and other musical centres of the world.

It is out of the question, of course, but you can bring the world's best music into your own home.

The NEW EDISON

This wonderful new invention which the New York Globe calls "the phonograph with a soul," makes your own home the world's greatest stage. It brings into your own home, not a talking machine's travesty on the performance of great artists, but instead, the literal Re-Creation of their art. Public tests before more than three hundred thousand music lovers have demonstrated that the New Edison Re-Creates the voice or instrumental performance of an artist with such perfection that the Re-Creation cannot be distinguished from the original. The music critics of more than three hundred of America's principal newspapers have admitted this fact in the columns of their own papers.

Let Us Submit the Proof to You

VISIT our store at any time and ask for a complimentary demonstration of the New Edison, "the phonograph with a soul." Remember, there is no obligation to buy. We merely want to make you a friend of Edison's new instrument, The New Edison, and Edison's new art, Music's Re-Creation.

NOTICE: Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.

R. T. Dennis & Co.

What Doctors Use for Eczema

A soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives *instant relief* from the most distressing skin diseases.

Powers-Kelly Drug Co.

PROSPECTS BRIGHT FOR SAXON COMPANY

"Following upon the wonderful record of the Saxon Motor Car corporation during the last year, the prospects for the coming twelve months are exceedingly bright," says H. W. Ford, president and general manager of the Saxon company.

"Already we have on file contracts with dealers calling for 50,000 motor cars. During the last fiscal year, which ended July 31, the Saxon Motor Car corporation shipped 25,500 cars, which was an increase of 159 per cent over the shipments of the previous year. Now, with practically doubit the number of cars called for by contract, we shall be compelled to travel at top speed every day to supply cars to the dealers.

"However, in addition to this splendid growth in sales, we have made a corresponding stride in production and today we are turning out more than 150 cars a day.

"To me the fact that dealers were eager to take contracts calling for an aggregate of over 50,000 cars is a striking proof of the popularity which Saxon has won for itself in the minds of the motor buying public. It is, as I see it ,a distant recognition of Saxon merit, not only as a motor car, but as an industrial company.

"There are, however, other things which point even more specifically to Saxon strength. The dealer organization has been strengthened until it now presents a body of keen business men, well financed, and capable of withstanding any turn that the motor car industry may take.

"Saxon is now three years old. In that time it has come from a small company to one of considerable size. It has been a growth on merit, and the Saxon car, as I see it, has been the big factor in its success."

Driveways Break Records at Willys-Overland Plant

Despite the late winter and the very poor road conditions this has been the most strenuous driveaway season ever experienced by the Willys-Overland company of Toledo, Ohio.

In other years dealers and distributors residing within a 200-mile radius of Toledo came to the factory in April and drove shipments of cars away until late in the fall.

This season, however, found driveaways in vogue even during the heaviest winter weather.

Practically ever since the announcement of the new comprehensive line of the Willys-Overland company at the start of the year, dealers from faraway points in Michigan, Ohio, Indiana, Illinois and Pennsylvania, have been braving the elements by driving their cars home to supply the immediate demands for the new models.

From 50 to 125 cars are being driven away daily during the winter season. These cars, if shipped by rail, would require from twelve to thirty-five freight cars a day.

If the present freight conditions are not remedied in the near future, it is expected that with the coming of better weather even a larger part of the entire production of the Willys-Overland company will deliver itself to points at far greater distances than ever before.

Gravity is the only power used to convey heavy objects over a roller conveyor that has been invented for factories, warehouses and stores.

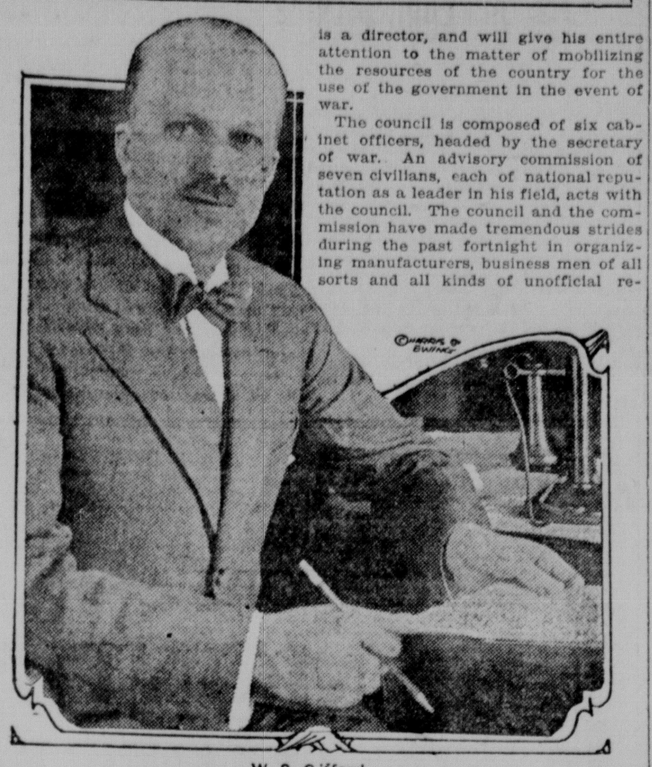
HEADS THE WORK OF MOBILIZING AMERICA'S INDUSTRIAL DEFENSES



W. S. Gifford.

Special to the News.

Washington, March 31.—W. S. Gifford, director of the council of national defense, has obtained an indefinite leave of absence from the American Bell Telephone company, of which he is a director, and will give his entire attention to the matter of mobilizing the resources of the country for the use of the government in the event of war.

The council is composed of six cabinet officers, headed by the secretary of war. An advisory commission of seven civilians, each of national reputation as a leader in his field, acts with the council. The council and the commission have made tremendous strides during the past fortnight in organizing manufacturers, business men of all sorts and all kinds of unofficial resources. Says Director Gifford of the council's activities:

Much Work in Sight.

"It is the duty of the council to supervise and direct investigations and make recommendations to the president and the heads of executive departments as to the location of railroads with reference to the frontier of the United States so as to render possible expeditions, concentration of troops and supplies to points of defense; the co-ordination of military, industrial and commercial purposes in the location of extensive highways and branch lines of railroads; the utilization of military and naval resources for defense; the increase of domestic production of articles and materials needed for the support of armies and of the people during the interruption of foreign commerce; the development of seagoing transportation; data as to the amounts, location, methods and means of production and availability of military supplies; the giving of information to producers and manufacturers as to the class of supplies needed by the military and other services of the government, the requirements relating thereto, and the creation of relations which will render possible in time of need the immediate concentration and untilization of the resources of the nation.

Aliens Here Cause Worry.

"The task ahead of the council is a tremendous one," Dr. Gifford added. "Our present possible emergency is apt to lead to impossible demands on the council and force hasty accomplishments."

Special attention is being given by the council to solving the problem of what to do with the millions of aliens in the United States in the event of war. It urges that the foreign born be treated with fairness and without prejudice "so long as they are lawful dwellers within this country."

Typhoid fever is contracted by swallowing sewage.

Have you used Kleen-O?—Adv.

SAXON IS AMONG FIRST TO ANSWER CALL OF U.S.

Saxon roadster was among the first to respond to the president's call for recruits for the United States navy. Within twelve hours after the word was flashed over the country that the navy needed 19,000 more men, a Saxon roadster was in the service of the recruiting officer at Detroit.

It was placed at his disposal by H. B. Loveland, local Saxon dealer. Mr. Loveland read of the call for men for the navy at the breakfast table. He also read that Lieut. W. R. Richardson, in charge of the recruiting office at Detroit, desired some motor cars for use in his work.

"Will you accept the services of a Saxon car, to be used as long as you care to have it?" asked Mr. Loveland of the lieutenant, as soon as he could get in touch with him.

"Gladly," answered the naval officer. And inside of two hours, a roadster was decked out in flags and recruiting banners and manned by a jackie, who formerly was an automobile worker in a Detroit plant.

Mr. Loveland offered the car without any reservation as to time or place it was to be used. At present the car is on active duty on the streets of Detroit, performing tasks of routine for the recruiting station and acting as a powerful appeal to the young Americans to enlist in the service. Mr. Loveland's action is heartily indorsed by the Saxon Motor Car corporation. It is believed the entire dealer organization stands ready to aid the government in this capacity.

BATTLESHIP "CADILLAC" CRUISES TEXAS CITIES

There have been battleships and battleships built on automobile chassis for motor parades; but it remained for the Cadillac dealer at Dallas, Texas, to turn out a forty-foot craft, with funnel belching smoke, guns actually firing and the whole ablaze with 2,000 electric lights.

Dallas recently had a style show, and the Munger Automobile company decided to do something out of the ordinary. Using a Cadillac Eight chassis as a foundation, a replica of the battleship Texas was erected. It was a little more than forty feet long, weighed more than 9,000 pounds, and required twenty-nine storage batteries to furnish current for its 2,000 incandescent bulbs.

As a matter of course, the judges of the illuminated parade awarded first prize to the "Cadillac," that being the name of the battleship.

A single chassis was used, and four men were required below decks to operate the various apparatus. Dashing waves were very realistically painted on the sides of the ship, and when it "steamed" along the streets the effect was very realistic. The two guns in the forward turret were arranged that they could be fired, and kept up their salutes throughout the parade. By using crude oil in a blow torch, smoke was caused to pour from the funnel.

The battleship was a replica of the great craft of the sea. It had turrets, guns, a bridge, three searchlights, two basket masts, and so on. At the forward end was a reproduction of the U. S. Union Jack, the background painted blue, with forty-eight blue electric bulbs. Just aft of the second mast was a large American flag with something like 700 electric lights. The "ship" carried small boats and two complete motor boats swung on davits.

To all appearances the "ship" was manned only by three figures on the bridge—little boys dressed as sailors; but below-decks were the four men referred to above.

After the style show at Dallas, the "ship" sailed overland to Fort Worth for the fat stock show, and there created as much enthusiasm as it did in Dallas, literally "shooting up" the town on the last night of the show.

Removal Notice.

W. B. Ragland, Optometrist and Optician, has removed his optical parlors from Sanger Bros. to 413 Austin street, in Golding's Jewelry Store.—Adv.

Velie Biltwel Six

You Will Have No Regrets—

when the first bright, mild spring days call you and yours for a thrilling motor trip over the country roads—if your car is the Velie Six. You will make sure of no regrets if you place the order for your Velie now. Prompt deliveries are assured on orders received this week. We cannot promise as much on delayed orders.

Velie superiority in body style, upholstery and riding comfort is well recognized. Then there are such 'Biltwel' features as the Special Continental Six Motor, Timken Axles front and rear, Multiple Disc Clutch, Long, Underslung Springs—a combination of values equaled by no other car of Velie price class. Rest content in the assurance of future service and satisfaction by driving a Velie—built and backed by one of the oldest and most substantial organizations in the country.

See us for your Velie today and be ready for the long, delightful touring season ahead.

Baine-Velie Motor Co., Distributors.

You Want the Car With an Unblemished Record

1917 MAXWELL

$695 DELIVERED IN WACO

—There are many "good" cars in every price class—but there can be but one "BEST."

—And when you are talking of cars in the $600 to $1000 class, that means the Maxwell, invariably.

The Maxwell Owner Is Proud of His Car

—An apology for driving a Maxwell—for not owning a better car—is never thought of by the owner of this car.

—Of course, you can PAY more—but in no other investment will you get so much for your money.

—A Maxwell is complete—nothing to buy after you get it. Electric starter, electric lights and everything else you want.

CHALMERS MOTOR CO. Detroit, Mich. U.S.A.

Chalmers Lynite Pistons

An Evidence of Chalmers Quality

Chalmers pistons are made from one of the lightest and highest-grade metals obtainable—Lynite, a special alloy of aluminum.

Most cars use heavy cast iron pistons. Much cheaper. Much reduced efficiency.

12 1-2-Ounce Pistons.

Chalmers pistons weigh only twelve and a half ounces each. About one-third the weight of cast iron pistons. Each one of these Chalmers pistons is true to its die. All pistons are exactly equal in weight.

No greater variation than 1-4-ounce is tolerated in any of the reciprocating parts of the Chalmers.

Importance of Lightness.

A light piston insures smoothness and power. Lighter pistons allow other motor parts of corresponding lightness. Lynite pistons reduce the strain on the bearings 160 pounds per square inch over the cast iron piston.

The wonderful smoothness of the Chalmers at all speeds is largely due to the lightness of the pistons. So also is the motor's remarkable power.

Compression—Power.

Chalmers pistons are provided with three rings of uniform tension, each three-sixteenth of an inch wide. This means better compression — more power.

The above is what we mean by quality in Pistons. The kind of quality you need in the pistons in the car you buy. And the kind of quality you GET in the Chalmers.

Worth was one of the guests, and he responded to the importunities of the party by giving a short and clever after dinner speech. He in turn called upon Dr. A. J. Armstrong, Capt. H. A. Smith and Judge T. B. Bryan who responded with toasts.

Mrs. Boggess is leaving the city for a visit with her son in West Texas.

PIANO RECITAL AT BAYLOR U.

Pupils of Mr. Rudolf Hoffmann appeared in recital at Carroll Chapel on Tuesday, March 27. The young ladies who took part played to a large and very appreciative audience, doing credit to themselves and their talented instructor. The program follows:

1. Pizzicati ..... Delibes
   Miss Aurelia Brooks.
2. Idilio ..... Lack
   Miss Ruby Baldwin.
3. Minuet ..... Ravina
   Miss Lucille Durham.
4. Tarantelle ..... Heller
   Miss Daisy Brown.
5. Mazurka, B minor.....Chopin
   Miss Orian Smith.
6. Valse, E minor .....Chopin
   Miss Margaret Kesler.
7. Serenade ..... Albeniz
   Miss Hattie Everett.
8. Spanish Waltz ..... Friml
   Miss Jessie Truett.
8. Polonaise ..... McDowell
   Miss Nannie Everett.
10. Valse, A flat major.....Chopin
    Miss Honora Silbert.
11. a. Mazurka, A flat major..Chopin
    b. Soaring .....Shumann
    Miss Verda McClain.
12. Sonata, Op. 27, No. 1, 3d movement ..... Beethoven
    Miss Esther Barro.

PROF. JOHNSON'S PUPILS IN RECITAL MONDAY.

The pupils of Prof. F. Arthur Johnson will appear in a recital at the studio, 220 North Eighth street, Monday evening at 8:15 o'clock. The following program will be given:

PROGRAM.

1. Impromptu Op. 142, No. 2..Shubert
   Miss Hallie Seawell.
2. Bacarolle .....Offenbach
   Mrs. Raymond Denton.
3. Impromptu Op. 90, No. 4..Schubert
   Miss Lucile Wright.
4. La Fileuse.....Raff
   Miss Florence Bennett.
5. Ballade Op. 47.....Chopin
   Miss Wilma Schaffer.
6. Magic Fire .....Brassin-Wagner
   Mrs. Francis Shelton.
7. Scherzo Op. 31.....Chopin
   Miss Nell Orand.
8. a. Chant sans Paroles.....
   ..... Tchaikowsky
   b. Baracolle .....N....Godard
   Mr. Josef O. Berlowitz.
9. Automne Op. 55.....Chaminade
   Miss Bernice Clark.

GUESTS HONORED WITH RECEPTION.

Mr. and Mrs. W. R. Marrs were at home on Saturday afternoon from 4 to 6 o'clock in honor of Mr. and Mrs. George W. Harris of Gatesville and Mrs. F. Burger. Mrs. Harris is a sister of Mrs. Marrs, and Mrs. Burger is Mrs. Marrs' mother. More than a hundred and fifty guests presented their cards to Miss Ohuita Sanderford at the door and passed in to pay their compliments to the honorees and to the host and hostess. Mr. and Mrs. Harris have long made their home in Gatesville, but friends here are always delighted to welcome them on their infrequent visits.

A delicious punch was served to the host of congenial friends and the Victrola furnished a delightful accompaniment to the continual flow of conversation.

GUNSTON HALL ALUMNAE GIVE LUNCHEON.

Gunston Hall alumnae of Waco responded to an appeal from the Alumnae association to set aside a Gunston Hall day by remembering March 31 with a luncheon at the Raleigh.

Miss Lalla Fay Lacy, Mrs. Walter Lacy and Mrs. Guy Witt are Gunston Hall girls, but were unable to attend the luncheon, they being in mourning for Mr. W. D. Lacy.

The Gunston Hall colors were effectively used in decorations, a gold basket with purple iris and gold jonquils forming the centerpiece. The favors were little Easter baskets, with cunning little yellow chicks perched upon them.

Mrs. Richey read a message prepared for reading at the jubilee, and a personal message to the beloved president of Gunston Hall.

PROVIDENT HEIGHTS MISSIONARY SOCIETY.

The Missionary society of the Provident Heights Baptist church met in a pleasant social session in the home of Mrs. J. W. Pearson of Waco Vista, who entertained in honor of her mother, Mrs. Madgart.

An interesting Biblical contest had been arranged and was conducted by the president, Mrs. J. P. Harrison, and assisted by Miss Earle Gurley.

The feature of the afternoon's entertainment was a much appreciated talk by Mrs. Franklin Rey, who is a returned missionary from Japan and a guest in Waco for the present.

Victrola music and numbers on the piano by Miss Loraine Harrington.

MUSICAL SERVICE AT FIRST BAPTIST.

The last musical service at the First Baptist church to be directed by Mrs. Charles W. Atkins will be given in the church this evening at 8 o'clock. Mrs. Atkins has resigned to accompany her husband to his new post in New Orleans.

Soloists for the evening will be Mrs. Allen Brooks, soprano; Mrs. Sim Hasscontralto; John de Heck, tenor; Anton Navratil, violinist.

The solos and chorus numbers will be accompanied by F. Arthur Johnson, Rudolf Hoffmann and Mrs. E. N. McNutt.

A cordial invitation is extended by the church for this musical service, which will not interfere with the regular worship.

FACULTY RECITAL IN CARROLL CHAPEL

Members of the Baylor music faculty will appear in recital at Carroll chapel on Tuesday evening at 8:30. The Baylor Round Table will matronize the recital, appearing as hostess to the music-lovers who will take advantage of this opportunity to hear some of the best artists of the city.

The following will appear: Rudolf Hoffmann, John de Heck, Anton Navratil and Miss Ethel Standifer.

The ladies of the round table did not have time at their disposal, owing to the latest of the announcement, to issue written invitations. They take this method of inviting all friends of Baylor and lovers of music.

ART LEAGUE TO HAVE NOTED LECTURER

The Waco Art league is offering a treat to the public in Mr. Holborn's lecture on the evening of April 16.

Mr. Holborn is considered the greatest art lecturer in the world, and in three brief seasons in America he has risen to the very forefront. On the tour which he is now making, he has lectured in Kansas City, Austin during home economics week, Fort Worth and a number of other cities and the report comes that after the people have heard him in one lecture, it is difficult to find a hall large enough to accommodate the crowd.

MISS DECCA LAMAR WEST HAS AFTERNOON TEA

Complimentary to her house guest, Mrs. C. C. Conger of Cleburne, Miss Decca Lamar West asked a dozen friends of Mrs. Conger in on Thursday afternoon for a cup of tea in her home, Monglewood. Only close and intimate friends of the honoree were invited: Mesdames A. C. Patton, B. L. Scott, Harry Jordon, T. N. McMurrain, Herman Houk, J. H. Sturgis, A. C. Upleger, A. J. Armstrong, C. C. Conger and Miss Minnie Killough.

MRS. J. W. HALE FOR DR. HALE.

Mrs. J. W. Hale surprised her husband, Dr. J. W. Hale, Saturday evening by giving a birthday party in his honor. Intimate friends of the family were invited for dinner. The occasion proved delightful to all concerned, the doctor himself being very appreciative of the honor done him.

PEOPLE YOU KNOW

Mrs. E. A. White has been brought home from Albuquerque, N. M., and is quite ill at her home on Speight street. Her son, Lloyd White, who is a student at Rice institute in the department of architecture, has returned on account of his mother's illness.

Miss Nellie Lee Hill, who is a student at the Curry School of Expression in Boston, has been elected as Miss Myrtle Thompson's assistant in the department of expression of Baylor university.

Mrs. E. N. Boggess, who has been a guest in the Albert Boggess home.

Mr. and Mrs. Albert Lattimore are expected home within a few days.

Mrs. Ray Dudley, nee Miss Freddie Gross, is devoting herself to motherhood since February. Her little daughter is called Mary Margaret.

Mrs. O. S. Boggess, who has been visiting Mrs. E. R. Nash Jr., has returned to Dallas.

Mrs. Jean Sherwood of Chicago is visiting Mrs. J. W. Hale.

Mrs. E. C. Guthrie, sister of Mrs. J. L. Kesler, is returning to her home in Denver on Monday.

Miss Pauline Breustedt is taking the stellar role in the Clyde Fitch play, "Nathan Hale," which is to be given at Bryn Mawr.

Mr. and Mrs. Bertram Charles Hill will be at home after the first, at 1414 North Fifth street.

Mrs. William Holt has been in Dallas for several days the past week, returning on Thursday.

Miss Margaret Royalty of Gatesville is Mrs. J. C. McElhannon's guest for the coming week.

Mr. and Mrs. John Vaughan of Mart visited in the home of Mrs. B. R. Burr, 1417 Vermont street, yesterday.

Miss Lilian Halbert is spending the week-end at home.

J. W. Rhea of Roswell, N. M., is the guest of his mother, Mrs. T. J. Ferguson of Sanger avenue.

Mr. and Mrs. John M. Davis passed through Waco yesterday on their way to San Antonio. They stopped at the Raleigh hotel for lunch.

Miss Hallie Jameson is spending the week-end with her parents, 1424 North Fifth street. Miss Jameson is a member of the Fort Worth high school faculty.

SKELETON MOTOR ON VIEW.

The Paige-Detroit company of New York has just received from the factory a skeleton motor and gear mechanism mounted on a swivel pedestal. This motor is cut completely in half, exposing all the vital parts of operation.

Many interesting points of mechanical construction are brought out, such as the compressed silk timing gear, made under the tremendous pressure of 40,000 pounds per square inch. The balanced crank shaft may also be seen. The well known multiple disk cork insert clutch is fully exposed for the layman's examination. Every part therein is open to plain view and the successive actions can be fully explained and understood.

This motor has been in the show room for the past two days and is causing considerable comment. Sales Manager John O. Hofbauer says: "Almost every Paige owner in New York has been in to examine it to see just why his car performs so wonderfully."

After the battle of Mons an officer congratulated an Irishman on his conspicuous bravery under fire.

"Well, Pat," he said, "how did you feel during the engagement?"

"Feel, captain," answered Pat. "I felt as if ivvery hair on me head was a band of music, and they were all playing 'Home Sweet Home.'"—Everybody's.

NASH OUTLINES PLANS FOR JEFFERY AUTO IN FUTURE

An official statement has been made by C. W. Nash, president of the Nash Motors company, that a large production order has been issued on the Jeffery Six, and that this car, incorporating certain changes and refinements, will be continued throughout the season as the product of the Nash Motors company.

This is the first official declaration of policy made by C. W. Nash, the manufacturing and merchandising genius who has held the center of interest since his acquisition of the big Jeffery plant last September.

So much conjecture has been current as to the probable manufacturing policy which Mr. Nash would pursue that this announcement has aroused much interest both among the trade and the general public.

Mr. Nash, in outlining his reasons for this decision, states that since his purchase of the Jeffery plant he has examined the construction of the Jeffery Six in every detail, and put it to every test of machine shop and road. These tests, he says, convinced him that the Jeffery Six is one of the best motor cars made in this country.

Some slight changes have been made which Mr. Nash says have still further improved this car.

In reviewing some of the points of Jeffery Six construction, Mr. Nash said: "I have been in the business of building and selling carriages and motor cars for some twenty-five years. But I can say frankly that I have never known a car that was better constructed than this Jeffery Six.

"I have personally inspected this car in every detail. Some of the things which I learned about it surprised me. For instance, it has more alloy steel in its make-up than most American cars. Alloy steel is a superior material because of its great strength and resistance to wear. But because of its great toughness it is difficult to machine. It is also much more costly than ordinary carbon steel.

"Another unusual feature about Jeffery Six construction is the fact that nothing but the best grade white ash is used in the bodies.

"After I had satisfied myself on the various points of construction I tested this car for performance, driving it over every kind of road. I found that it was extremely flexible, that the 53-horsepower motor permitted a range of speed on 'high' from two to sixty miles an hour.

"Then I called our engineering staff into a conference and we went over this car together. We saw where we could make a few slight refinements which would make it a still better car. These improvements have all been made, and I am sincere when I say that I think the Jeffery Six is one of the best cars built in this country today.

"We here at Kenosha are so well pleased with the improved Jeffery Six that we have decided to continue its manufacture throughout the present season. In fact, we are even increasing the production of this particular model."

The Poertner Motor Car company is distributor of the Jeffery in this territory.

REGINA'S REWARD.

There is an elderly member of the faculty of a New England university, a noted entomologist, who has retained in his employ a faithful cook whose services have extended over a period of twenty years.

Recently the professor summoned her to his study in a ceremonious way which was unusual.

"Regina," he began, "you have now been in my employ twenty years. As a reward I have determined to name the bug I recently discovered after you."—Harper's Magazine.

Unpasteurized milk kills many babies.

EXPLAINS STANDARD'S POWER-ONE HORSE FOR EVERY 42 POUNDS

"During the last few weeks I have had more automobile men in my show room than ever before," said Sydney Duffy, president of the Duffy Motor corporation, distributors for the Standard Eight. "These gentlemen have come in, many of them mystified. They have heard of the remarkable hill performances and have been wondering how we have developed such high power in our 1917 model.

"Our exclusive magneto equipment is, of course, of great assistance in this particular. It is almost as good as an extra cylinder.

"The real secret of our success, however, lies in the fact that while we have the sturdiest kind of a chassis we have been able to design our car so as to have one horsepower for every forty-two pounds. This is less weight per horsepower than any other 'eight,' or in fact any other high-grade car before the American public today."

The politician rushed past the official Cereberus into the editorial sanctum.

"What do you mean by insulting me as you did in last night's Clamor?"

"Just a moment," replied the editor. "Didn't the story appear as you gave it to us, namely, that you had resigned as city treasurer?"

"It did. But you put it under the head, 'Public Improvements.'"—Everybody's.

Electrically heated pads feature a new English cure for frost bitten feet.

DODGE BROTHERS MOTOR CAR

—Dodge Brothers are their own severest critics and they will never wait for the public to ask for a better car from them.

—They try to anticipate—to travel ahead—to give even more than is expected.

—No material, no part, and no accessory is barred from Dodge Brothers car because it is too high priced.
—The only question asked, the only proof demanded, is of its goodness.

It will pay you to visit us and examine this car.

The gasoline consumption is unusually low.
The tire mileage is unusually high.

Why the Koehler Stands Supreme Among Motor Trucks

The many unique features of superiority in Koehler Truck construction are primarily a result of the manufacturer's policy of

Concentration on a 1-ton Model

The Koehler is standardized—every part of it. The owners of Koehlers are found all over the world.

Hill Climbing Ability Uuequalled

The Koehler will go 30 miles per hour with a full ton load. Its wonderful motor and Internal Gear Drive give it a power marvelously great.

HERRICK HARDWARE CO.

DISTRIBUTORS FOR CENTRAL TEXAS.

AUTO NEWS OF WACO SHOWS NO EFFECT OF WAR SCARE IN TRADE

Business Active During the Past Week Declare Dealers, With Deliveries Still Hard to Handle

WACO AUTO TRADE CONTINUES GOOD, REPORT DEALERS

DELIVERIES REMAIN DIFFICULT, HOWEVER, BUT THERE IS NO SERIOUS SLACK IN DEMAND.

The past week saw Waco's auto trade even busier than usual, despite the uncertainty of national conditions and the impendancy of war. However, dealers declare, as do the weathervanes of other lines, that a declaration of either war or peace would be a stimulus to trade, for it would give the merchant and the source of demand a definite inkling of just what they should expect. Trade generally cannot complain, declare auto dealers, although there is an element of hesitancy, indicating as one man expressed it, that "nobody knows just where he is at."

Numerous sales and healthy business activities are reported from Waco's auto row. The pacificist, so far as an automobile is concerned, does not seem the least bit in evidence; in fact, the demand for 1917 models has opened the pocket books of Central Texas in belligerent fashion.

It may be said that automobile trade is like the fighting along the Somme—in the open, with the hesitancy of the trenches a thing of the past. Every maneuver in the trade points to a big spring drive, with the resources of the entire Texas automobile-loving public mobilized back of it to make this spring a great season.

Below and elsewhere in this section the News this morning presents just a few of the details of the Waco automobile business:

A busy week and a large number of sales is the report of Ward & Phillips Motor company. All during the Woodmen convention the sales rooms were made headquarters for the company's friends who were here as delegates. The beautiful cars on display were the cause of much favorable comment and the large sceven-passenger Oldsmobile attracted a great deal of attention.

Among the sales reported for the past week were: Lee Marek of Rosebud, who drove home in a Marion-Handley; A. Marek of Marekville, also bought a car of the same type; F. E. Bird of Temple, after looking over all the cars, decided on a Marion-Handley and promptly purchased it; R. A. McLaughlin of Waco bought a Saxon Four roadster; H. E. Luellen of Barckley and H. C. Crockcranes of West both bought Saxon Fours; L. A. Price of Waco and S. E. Tucker of Teague bought Saxon Sixes.

A large number of second hand cars were disposed of during the week and a few old cars were taken in. That the firm will soon be turning out cars by the trainload, is evident from the way in which shipments are coming in at the present. Three carloads of Oldsmobiles, already sold, were shipped from the factory on March 27, and are expected to arrive in the near future. It has been arranged to deliver most of them next week. Three carloads of Saxons and two carloads of Marion-Handleys were shipped from the factory, to this Waco firm, last week. They will arrive in the next few days and will be promptly delivered, as a large number of them are already sold.

Cars are hard to get and shipments can be arranged for only by incurring a great expense, stated a representative of the firm.

"Our last shipment of Marion-Handleys were first driven from the factory at Lansing, Mich., to Chicago and then shipped to us. This incurred an expense of about $35 per car," he said.

Ben D. Phillips, territory man for this firm, says that the counties that he has visited in the past week are all i na very prosperous condition and the people are all very anxious to buy cars. They are harder to deliver than they are to sell. Mr. Phillips spent the last week in Limestone and Freestone counties. C. P. Nevill, sales manager, states that a brand new model of the new Oldsmobile roadster will be on exhibition in Waco on or about April 15. This car will be a little beauty and it is expected that it will rival the big seven-passenger car in popularity and that will be going some, according to present sales reports of the Oldsmobile.

S. J. Ward of the Ward & Phillips Motor company, has recently purchased a new home on North Sixteenth and Sanger avenue. Mr. Ward moved into his new home the latter part of the week and is well pleased with his location.

The Maxwell car is gaining in popularity every day and an increased demand is being made for them at the local salesroom of V. M. Washam on Austin avenue. The cars are being sold faster than the shipments can be made and every day a large batch of mail, containing inquiries about this famous light car, are received at the local office.

Mr. and Mrs. Shaw of Bosqueville were visitors at the show room yesterday and announced that they were more than pleased with the looks of the models. While this company has a large amount of country trade, the bulk of its business is done in the city and on account of the large demand for cars here, the salesmen have small time for working the country trade.

Mr. and Mrs. Rudolph Nixon of Eddy were also visitors at the company headquarters Saturday, and it is their intention to take home a new car with them in the near future.

R. L. Pitcher, special commercial car representative of the Overland factory, spent several days with the Overland Sales company the past week, working with Harry L. Smith, local Overland salesman, introducing the Overland delivery car.

This delivery car is making quite a hit with the business men of the city and a large number of them will be sold in the next few days. Marked activity has been enjoyed by the Overland Sales company all through the last week.

All records were broken by the company, last Tuesday, when they unloadedseven solid carloads of Overland automobiles, to be consumed by the local trade.

The following people received cars from the local sales room during the last week:

Miss Mary L. Willis of Moody received a Country Club roadster from the Overland Sales company this week.

R. L. Williams, Overland salesman at West, delivered Model 90 Tourings to the following parties this week: Henry Hromadka, Henry Strohmeir and M. Chijovsky.

H. B. Allen, Overland dealer at Lampasas, and Walter Patterson were in Waco Saturday and Mr. Allen delivered Mr. Patterson a Model 85 Overland touring car.

E. N. Culver of Toledo, Ohio, Southern manager of Willys-Overland company, called on the local Overland organization this week.

John Hendrix of the Overland Sales company spent Wednesday at Leroy and Tours with R. L. Williams.

The Willis Auto company has experienced a fine week of trade and are planning to do some big things in the near future in the way of distribution of automobiles to the local customer.

L. R. Liskin is driving a Dodge Bros. five-passenger car purchased from McLendon Hardware company in the week ust passed.

Mrs. James B. Baker is now driving one of those classy Dodge Bros. sedans purchased from the McLendon Hardware company in the week just passed.

M. E. Albrecht of Bartlett drove a Chalmers to home the week passed and has placed an order for another to be delivered within the coming week.

H. L. Daily of Temple is now driving a Chalmers seven-passenger car purchased from McLendon Hardware company in the week just passed.

Mr. Roach of McGregor drove a Chalmers 6-30 home Saturday and says McGregor is fast becoming a Chalmers town, as they are appreciating what quality means in a motor car.

That optimism among the people over the state is running high in spite of the crisis now confronting the United States is shown by the ever increasing number of sales of the more popular and better known makes of automobiles. This is especially true of this section of the state, said Mr. Broiles of the firm of Herrick & McLarty, dealers of Chevrolet, Oakland, Paige and Linwood.

"We have gone a great deal above our weekly average this week," Mr. Broiles said further, "and the prospects are that we will continue the good sales during the coming days." Six carloads of the new cars were sent out to the dealers from this office during the past week and the retail sales were unusually high.

Conditions over the trade territory are very good, according to the reports sent in by the traveling men of this firm, though rain is badly needed in many parts of the state. The business houses are doing a good business generally and the people are prosperous and optimistic in spite of the war clouds and drouth.

During the past week Herrick & McLarty sent out carloads of autos to Temple Auto Supply company, one car of Chevrolets; Glay & Gilmore, Moody, carload of Oaklands; R. E. Powell, Gatesville, carload of Oaklands; McNeil Hardware company, Valley Mills, carload of Oakland Sixes and one carload of Four-Ninety Chevrolets; G. M. McGlasson, Walnut Springs, carload of Four-Ninety Chevrolets.

Retail sales for the week ending last night also run into good figures. Among the men who have bought cars from this firm are J. S. Hill, Waco, president of Hill Printing company, one Paige Six; M. M. Graves, Waco, one Paige and one Linwood Six; F. A. Perry, Hamilton, president of the First National bank, Oakland Eight; J. T. Brown, Crawford, Oakland Six; Fred Miller, Riesel, Four-Ninety Chevrolet; L. H. Walters, Hillsboro, Oakland Sedan; C. Green, Walnut Springs, six Four-Ninety Chevrolet touring cars; Temple Auto Supply company, Temple, six Four-Ninety touring cars of the Chevrolet type, one roadster, one Oakland; L. D. Barfield, Mart, Oakland Six; H. H. Lockstedt, Leroy, Four-Ninety Chevrolet; John Maechelawitz, Leroy, Baby Grand Chevrolet; Irwin Wilhelm, Waco, Oakland Six; Clay & Gilmore, Moody, Oakland Six; L. B. Parker, Penelope, Oakland Six; C. C. McKinney, Lorena, Four-Ninety Chevrolet; J. H. Thomas, Waco, Four-Ninety Chevrolet; Walter Stewart, Hamilton, Oakland Six.

This firm has also been doing a good business in second-hand cars and during the past week has sold a number. Among them are three Four-Ninety Chevrolets, one Overland Seventy-Nine, five-passenger; one Buick roadster, one Buick Twenty-five, two Oakland Sixes, one five-passenger Studebaker, two Cadillac Fours, one Jackson roadster, one Overland five-passenger, one E. M. F., five-passenger; one Jackson five-passenger, two Paige five passenger, one Baby Grand Chevrolet, one Maxwell roadster, one Haynes, five-passenger; one Maxwell, five-passenger.

That the auto business is good is evidenced by the fact that Spencer-Carroll company, dealers in wholesale accessories, have been getting in carload shipments of supplies and accessories, among them being two carloads of demountable rims and wheels for Ford cars during the past month. This concern has also gotten in one carload of self-starters for the Ford, the Heinze-Springfield model.

The Spencer-Carroll firm has greatly enlarged its place of business during the past month by taking in the adjoining rooms formerly occupied by the Central Motor company. This is devoted to the shipping department of the company in the lower floors and offices in the upper story. Heretofore the company has occupied only one-

THE NEW HUPMOBILE

—a car of power and strength clothed in full-dress garments

It is significant that, from the time the first Hupmobile went on sale, its quality has been unquestioned.

—And now Beauty, supreme and incomparable, has been added with no sacrifice of Quality or Power.

An Index to the New Style Features

Bright finish, long grain, French seam upholstery.

Improved cushions and lace type back springs in seats.

Leather-covered moulding finish along edges of upholstery.

Neverleek top, black outside, tan inside—waterproof.

Tonneau gipsy quarter curtains, integral with top.

Front and rear edges of top finished with leather-covered molding with aluminum ferrule tips.

Bow spreaders to carry top when folded.

Hupmobile-Bishop door-curtain carriers, folding with curtains—exclusive feature.

Bright leather hand grip-pads on doors.

Large door pockets with special weighted flaps.

Body a new color—Hupmobile blue.

New variable dimming device graduates brilliance of headlights.

Tail lamp operates independently of other lamps.

New soft operating clutch.

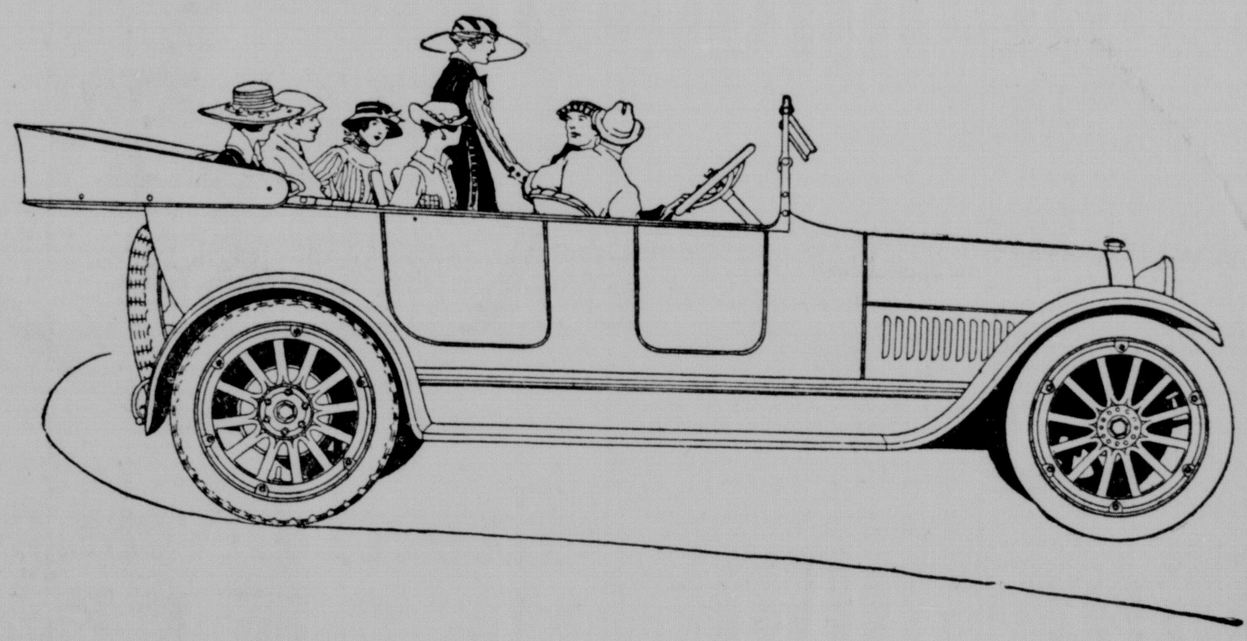
Studebaker



The Studebaker SIX

—An Evolution

THE Series 18 Studebaker Six is an evolution. It is the result of four years' concentrated study of the performance of 300,000 Studebaker Automobiles in the hands of owners.

It is even better than the Series 17, for it embodies ninety distinct improvements of mechanical construction, convenience and comfort.

It has been refined to a point of practical perfection.

It is the lightest car in ratio to its power on the market.

In ratio to power it is the most economical in consumption of gasoline.

Its weight is scientifically distributed, its balance refined to such a point that a single set of tires frequently runs from 8,000 to 12,000 miles.

The roadability, the easy riding qualities of Studebakers are recognized by all experienced motorists.

Like the Packard and Pierce, the Studebaker retains its graceful, aristocratic lines from year to year.

The manufacturing methods applied in the production of the Studebaker Six have been developed by four years' continuous experience with single basic design. This fact alone has enabled Studebaker to keep its price remarkably low.

Last year the entire Studebaker output was sold early in August. Late comers were disappointed. This year, too, the production is limited. Be wise—place your order now.

half of the building, but by taking in the other part has practically doubled their capacity and room.

Accessories and supplies are going up nearly every day, said Mr. Spencer last night, and another advance is expected within the next day or two. This, said Mr. Spencer further, is due largely to the fact that the United States is shipping so much of the parts and supplies of cars to the European market. An advance of 25 to 40 per cent has been raised since the beginning of the year and other advances are coming in daily.

To facilitate the shipment of enough cars to supply the immediate demand for the Dodge cars, J. M. Nash left yesterday afternoon for the factory. Mr. Nash is with the Dodge Motor Sales company, dealers in Dodge Brothers cars and supplies, located on Austin street. The concern has now orders for 150 cars and there is not a chance that enough cars can be secured at this time to put on an elaborate display, said Mr. Barnes yesterday. He said further that the company had only contracted for 500 cars for this year and that so far not enough cars have been on hand to display the line properly. Of the 500 contracted for already 459 had been sold and there is yet three months of the year, the most popular ones for the buying of cars. The next year the company expects to contract for 1,000 cars.

The concern moved into their new home March 9 and are yet getting the arrangements in shape for the proper display of the popular Dodge car. A big service station is also being put in in connection with the sales of the cars. This station will take care of the Dodge cars only and is not in the nature of a garage. The service station is to take up the entire room of one department of the building, 40x65 feet.

In addition to the Dodge cars the company will handle Republic tires and Mr. Barnes reports that there has been a big advance of the prices of all tires, the Republic included. The tires have been advancing steadily during this year and are now about twenty-five per cent over what they were at the beginning of 1917.

"Business is fine, mighty good, and in fact much better than we expected," said Mr. Little of the local branch of the Goodrich Tire company. The company went into business March 1 and handles the tires wholesale only, supplying local concerns and covers the section of the state south of Dallas and a radius around Waco, taking in Temple, Cameron, Gatesville, Waxahachie and other cities. The local house supplies all Goodrich tires to dealers in eighteen counties.

Heretofore Waco and this section of the state was supplied by the Dallas branch of the Goodrich company, but beginning March 1 this city was made a shipping point, with Dallas, Fort Worth, San Antonio, Houston and El Paso.

Shortage of stock in the more popular sizes of Goodrich tires is giving dealers everywhere trouble, said Mr. Little further. The company is working the full twenty-four hours every day, working the men in eight hour shifts and the machinery is being pushed to its utmost in the attempt to supply the immense demand made for Goodrich tires.

Raw material is hard to get hold of is another reason the company is so far behind with its orders, said Mr. Little, and also skilled laborers are scarce, the munitions plants taking them out of the factories and paying them a higher salary than the manufacturers could afford to pay.

Salesmen report conditions throughout their trade territory as being exceptionally good, said Mr. Herrick of Herrick Hardware company yesterday afternoon in reply to a question as to how the people over the state are feeling. However, said Mr. Herrick, there is a great need of rain just now, and if this comes within the next few days this section of the state will be the most prosperous of any in the south.

The trouble that seemed to be bothering Mr. Herrick was how he was going to get the necessary cars to fill the waiting orders for Buicks and Chandlers. The factories of both these makes are behind with orders now but the shipments are much better than they were, and both factories are rapidly catching up with the orders.

Mr. Herrick said the touring car type was most in demand among the patrons now and that the majority of the cars sold by his firm were of this type, and that the general public wanted the car that was big enough to take out the whole family or their friends.

During the past week Herrick company sold Buicks to R. L. Bissale of Waco, J. S. Lumbley of Axtell and Dr. J. H. Roddy of Waco. The firm also made F. M. Fillingim of Waco happy by supplying him with a Chandler.

The firm of Herrick specializes in the Koehler truck, a neat, yet hard working machine of the one-ton type. This truck is claimed to be one of the best trucks of the moderate price put out by any concern. Yesterday Mr. Herrick sold one of the trucks to Ed G. Hall of Brownwood.

The Briscoe Motor Sales company is adding a new line of cars to their stock and expect a carload of Nationals in during this week. This big six will be on display in the store rooms of the company, corner Eighth and Washington, probably by next Saturday, and those interested in a beautiful car will miss a sight good for the eyes in not looking these over, said Mr. Collier yesterday afternoon in speaking of the new arrivals.

The National Highway is one of the first, if not the first, factory to put out a six and since that time it has been constantly improving on the first model. This car is $1,915, delivered, and Mr. Collier claims that it is one of the best bargains offered to prospective car buyers. The concern has the agency for fourteen counties around the Waco territory.

The firm also handles the Hupmobile, being under the direction of Mr. Hampton, besides the Briscoe.

E. W. Kubitza of Elk was made happy during the past week by the firm of the Briscoe Motor Sales company supplying him with a brand new Briscoe motor car.

W. J. Stroud of the Spencer-Carroll company was in the city yesterday conferring with his house. Mr. Stroud is headquartered at San Angelo. He reports that his section of the state is now enjoying one of the best prospects for a year that it has in many years. Good rains have fallen out there and business is of the very best.

Alex Sterling reports the biggest month of sales since he has been with the Spencer-Carroll company. Mr. Sterling is local and nearby salesman of the company, covering Waco, Cameron, Waxahachie, Cleburne and intermediate points.

Tires, accessories and supplies of all kinds for autos are constantly going up, advances of prices in most of these lines being expected daily. Some of these have advanced as high as 40 per cent over the old price during the first quarter of the year.

J. S. Hill of Waco, president of Hill Printing company, is the proud possessor of a new Paige Six, purchasing the car from Herrick & McLarty during the past week.

E. A. Perry, president of the First National bank of Hamilton, was in the city last week and went back home with a new Oakland Eight, one of the classiest cars on the market.

M. M. Graves is driving a new Paige in the streets of the city, getting the car last week from Herrick & McLarty. Mr. Graves also bought a new Linwood from the same firm.

"Grovel" Was Right.

"I grovel here before you in the dust!" observed the impassioned youth, as he sank on to the drawing-room floor.

"I don't know what you mean by dust," replied she coldly. "I look after this room most carefully myself every morning."—Tit-Bits.

MARMON SHOWS REMARKABLE BALANCE

"The remarkable balance obtained in the scientific construction of the Marmon 34 has established beyond a doubt the supremacy of the light car in the luxury class," says F. E. Moskovics, commercial manager for the Nordyke & Marmon company of Indianapolis.

"Because of its light weight—1100 pounds less than other major-class cars—the Marmon 34 has obtained a mileage of from fourteen to fifteen miles to the gallon of gasoline, 50 to 75 per cent better than most automobiles of its kind. Yet this precedent breaking light car has been demonstrated to have road ability in the very highest degree.

"It mans only one thing, that lightweight construction is the future standard of automobile manufacture, with the Marmon 34 leading the way by more than two years. All doubts of the riding qualities of the light weight car, always quickly dispelled by a test of this pioneer in the field, have vanished in the face of the demand from buyers for the economical advantage of light weight when riding qualities actually are enhanced along with it."

THE MARMON ACCURACY.

Makes Possible a Lightweight Car of Speed.

"The exquisite proportions and perfect balance of the Marmon 34, and the exactness with which the working parts are made is due to the fact that a variation of more than half of a thousandth of an inch is not permitted at the factory," says Frank G. Carrie, manager of the Marmon New York company.

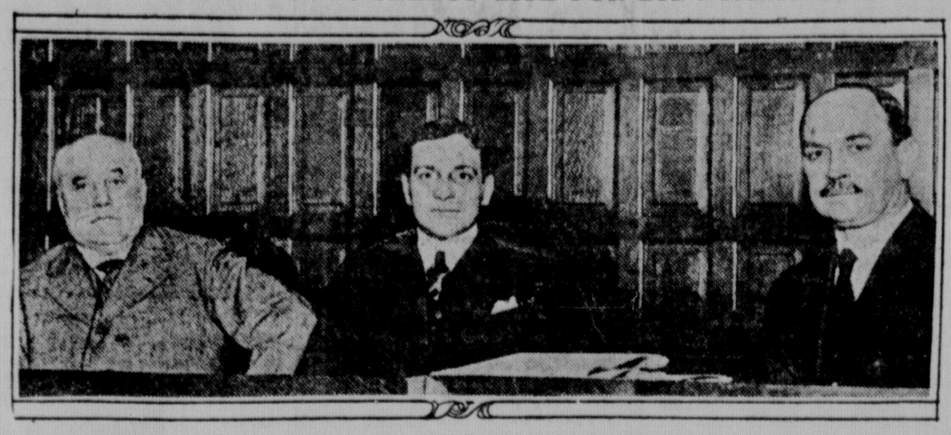
Forrest Grissey, the well known writer on efficiency methods, in discussing the construction of the Marmon car after a visit to the factory, wrote:

"As the paper upon which these words are printed is about .005 of an inch thick, you will instantly realize the watchlike accuracy with which the Marmon is made.

"Without this wonderful exactness of construction the remarkable reduction in weight—for a car of the generous roominess of the new Marmon—could never have been achieved. With such refinement of construction, is it any wonder that this car will do sixty-five miles an hour with a degree of ease and comfort that would deceive the ordinary laymen into a belief that the speed is little more than thirty miles?"

In a British arsenal there has been installed a scale that will weigh guns up to 100 tons with a possible error of less than seven pounds.

TOURING COUNTRY TO SELECT SITE FOR BIG NITRATE PLANT



Left to right: Secretary of Interior Lane, Secretary of War Baker and Secretary of Agriculture Houston.

A commission composed of Cabinet officers Lane, Baker and Houston is touring the country seeking a suitable site for the erection of a monster $20,000,000 federal nitrate plant. The local boards of trade visited present the industrial and commercial advantages of building the plant in their locality. All data is noted and taken into consideration. Secretary Baker is chairman of the commission.

Oklahoma Prosperity Reflected in Machines

Prosperity is running rampant in the state of Oklahoma, according to Frederick H. Rengers, assistant to the president of the Moon Motor Car company of St. Louis, who has just returned from that state. The new oil finds, and the close proximity of the new lead belt have filled the state banks full of money, and the sale of automobiles there is easier than selling groceries. While in Oklahoma last week Rengers closed important agency contracts, with dealers at Okmulgee, Sapulpa, Tulsa, Muskogee and Dewey and Hutchinson, Kan.

"Aw, Quit Yer Kidding,"

Exclaimed the unfortunate victim as the notorious buccaneer pushed him off the plank.—Longhorn.

Establishes Ownership of a Bullet.

(London Chronicle.)

An Italian officer has just brought an action in court to obtain a decision as to the rightful ownership of a bullet extracted from his body. The doctor claimed it, so did the nurse, but the officers argued that he was legally entitled to it. The judge gave a decision in his favor by a somewhat novel argument. He found that the projectile once discharged from the gun ceased to belong to the soldier who fired it or to the country which entrusted it to him, and so because a res nullius, which any finder is entitled to appropriate. As the officer found it in his body, he was entitled to retain it, although it was brought to sight by the surgeon.

THE ALLEN CLASSIC

A Thoroughbred OF WOOD AND STEEL

Wherever it is sold the Allen Classic justifies its name—and clinches the first favorable impression created by its appearance—by Perfect Performances under any and all conditions of pavement, road or trail.

A Car of Obvious Values

The Allen Classic is as readily judged by the novice as by the expert. It LOOKS Honest—and it IS Honest

Expert Investigation Merely Confirms What the Casual Eye Can See—of Allen Merit

Allen Classic Features
You Want on the Car You Buy

- Powerful 4-cylinder motor, cast en bloc, 3 3-4x5 inches, 37 H. P.
- Two-unit electric system for starting, lighting and ignition.
- Easy-working clutch.
- Over-size bearings.
- All moving parts enclosed.
- 55-inch underslung rear springs.
- Gas tank, hung at rear—vacuum fuel feed.
- Full floating rear axle, pressed-steel housing.
- 112-inch wheelbase.
- Boat-shaped body, ample leg room.
- Leak-proof custom-made top.
- Spanish brown, upholstery on "Classic" brown finish; long grain gray upholstery, on "Classic" blue and gray finishes.
- Colored finishes as illustrated; fine line striping.
- 32x3 1-2 inch tires, non-skid in rear.
- Weight 2300 pounds.
- Equipment, high grade and complete.

Before the Lives of the Public are Entrusted to the Care of the Allen

It is subjected to many grueling tests. Every material—every part—entering into the making of the Allen Classic is carefully inspected and painstakingly tested.

—The Allen factory is an efficient organization. Every man knows his exact duties—and performs them efficiently—proud of the part that he plays in making this perfect car.

—A strongly financed, reliable company stands back of every guaranty—back of every Allen car we sell.

11,000 WORKMEN HOLD FIRM'S STOCK

An important page of history in American business has just been made by the Firestone Tire and Rubber company, Akron, Ohio.

With the winding-up of the books on the plan of stock distribution inaugurated by H. S. Firestone, president of the company, the records show that over 90 per cent of the employes responded heartily to the investment offer made. Out of 12,500 employes, 11,000 are now stockholders in the company.

This means that they are more than profit sharers, as that term is generally used. The Firestone company has shown their confidence to the extent that every employe subscribing under this plan immediately becomes a registered stockholder and as such is entitled to all the privileges of a stockholder.

The sweeping acceptance of the plan by the organization has stirred up the keenest interest among industrial experts because of its strikingly original features.

For example, the stock allotted, approximately $3,000,000 worth, was distributed on the basis of length of service—not on the usual basis of salary earned. In short, the sweeper or the shoveler got more than the high executive if he had served longer, up to a period of five years. All who had been employed over five years were on an equal basis.

This arrangement meant an adjustment of long-time payments to enable those making the lowest salaries to get the maximum amount of stock. Those who wish, of course, can pay for the stock immediately, but the minimum installment necessary on a $1,000 purchase, for instance, is only $5.60 a month.

This is apparently the first time that a plan has been evolved and put through which in no way discriminates between classes of employes.

The stock was sold to employes at $100 a share, while the market price quotation is $145 a share.

The agreement provides that the company shall hold the stock for five years, after which time, if all paid for, the certificate of stock passes wholly into the hands of the employe, whether he or she remains longer with the company or not.

AMERICAN CARS IN AFRICA.

Stimulate Road Building in the Gold Coast Country.

"The Governor of the Gold Coast colony in his annual message in October called attention to the rapidly extending network of roads being built in the colony and the part played by light motor vehicles imported from the United States in bringing about this result," says the United States consul at Dakar, Senegal, French West Africa. The message in part follows:

"One of the most striking and encouraging developments today observed by any one who travels extensively through the Gold Coast colony and Ashanti is the rapidly extending network of roads suitable for light motor traffic. This is mainly due to the initiative of the chief and people immediately concerned, who in this matter have received much encouragement, guidance and assistance from the district commissioners; but the general desire of the native population to possess roads of this description in their divisions is new, and has only begun to manifest itself widely since the advent of the low-priced and light motor vehicles which during the last three years have been imported in such numbers from America."

To enable two persons to examine an object at the same time a French optician has invented a microscope with two eye-pieces, but only one objective.

Chalmers News Service Shows Interesting Events

Organized for the purpose of bringing officials, superintendents and heads of departments into closer contact, the Officers' club of the Chalmers Motor company came into existence at a special luncheon held in the factory cafe Wednesday, March 21.

Over 100 heads of departments and their assistants were seated at a huge round table in the officers' dining room, which was specially decorated for the occasion. Music was furnished for the occasion by the Chalmers Men's Club orchestra. Judge Alfred Murphy, circuit court justice, was the speaker of the day and he was followed by E. C. Morse, vice president and general manager of the Chalmers Motor company.

"Full credit for the enormous and rapid growth of Detroit as a commercial center should be given to the automobile industry," said Judge Murphy in his address. "Thirty years ago, when I was a young man, the site of the present Chalmers factory was used as a rifle range and I still have a silver trophy won in a trap-shooting contest on these very fields. At that time, the only building on the property was an old road house which stood about six miles outside the city limits.

"Today, twenty-five big factory buildings giving employment to 5,000 workers, cover the old Michigan prairie land. The spirit of the new Detroit has been instilled by the initiative, ability and far-sightedness of the men who came here with the automobile business."

Canada Turns to America for Efficient Transportation

In a search for efficient motor transportation for her half million recruits, Canada has turned to American cars and is expending thousands of dollars on high-grade Yankee machines.

One of the largest orders given out by the Dominion army officials called for over 100 Six-70 touring cars. These have been delivered by the Chalmers Motor company of Canada, Ltd., and are now in active service at Camp Hughes, Ont. In addition to the standard touring cars, a squad of a dozen chassis have been purchased for mounting machine guns and like purposes.

"We have found the lightweight, speedy Chalmers cars to be ideal for army work," said one of the commanding officers in reviewing the work of the motor transport. "Quick acceleration or getaway is absolutely necessary in warfare and we have discovered that the Chalmers possess this to a degree approached by no other car with which we have experimented. It has ample power, too, for hills and rough going and has more than met our demands on all occasions."

It is understood that many of the Chalmers cars now in service in Canada will be shipped abroad for use in the campaign now under way in France.

Simplicity But Efficiency in Overland's Products

As an example of the thoroughness and accuracy with which even the minutest details are performed in the automobile industry, no better illustration can be furnished than the inspection of tires at the factory of the Willys-Overland company.

Each tire, after the wheel has been assembled, is thoroughly inspected and tested for alignment. It must be lined up evenly with the rim, before it can be placed on a chassis.

The inspector mounts the wheel on a pivot, then swings a roller into place against the run of the wheel. Alongside of this roller, pressing against the high point of the tire, he firmly holds a marker, while he revolves the wheel. Naturally, he marks the spots which are in alignment, and misses the portions of the tire which require further adjusting. The defects are then quickly remedied.

This test, coupled with the inspection for the alignment of both front and rear tires, is performed to insure purchasers of all Willys-Overland products with minimum wear on tires. Every wheel that leaves the Willys-Overland assembly rooms has been aligned and inspected in this manner.

Choice Company.

When James B. Reynolds was assistant secretary of the treasury, Senator Root sent for Mr. Reynolds one day to discuss with him some matters concerning a trade conference in Paris which Mr. Reynolds had been selected to attend.

"I suppose," said Mr. Root, "you speak French?"

"Well, yes," responded Mr. Reynolds, "I know a little French. I have no trouble to make the waiters and the cab drivers understand me."

"I see," said Mr. Root. "But, Mr. Reynolds, suppose there should be no waiters and cab drivers at the conference?"—Ladies' Home Journal.

RAISE STARS AND STRIPES AT MOON AUTO FACTORY

Thursday when announcement was made in the newspapers of the calling out of the national guard of the United States by the president, Stewart McDonald, vice president of the Moon Motor Car company, of St. Louis, immediately called in R. L. Cleveland, the superintendent of the plant, and gave instructions that there should be purchased a United States flag of the regulation post size, used at all army posts, and Friday the factory witnessed the ceremonial of the raising of the flag. McDonald served in the United States navy during the Spanish war and was at Santiago. He announced to his factory and office force that any of them who were members of the national guard might go into service at once with absolute assurance that their positions would be waiting for them upon their return, whether it be one month or five years.

C. E. Hawkes of Los Angeles passed through St. Louis en route to New York and the New England states on a pleasure trip. He was driving a Moon 6-30 car, and made a stay of several days in the oil district of Oklahoma. He found the roads in bad condition on the southern route which he followed, but managed to get through without and mechanical troubles.

Auto Owners Give Credit Aid to Help Workmen

In a recent interview, H. N. Mabery, secretary and treasurer of the Savage Tire corporation, outlined a new and rather unique plan to secure the maximum of careful construction in the Savage plant. In an advertisement soon to appear in all publications in which Savage tire advertising is running, tire users are asked to report cases of exceptionally good mileage given by Savage tires. They are requested to send the serial number on any tire that has given a service of 7,000 miles or more.

According to Mr. Mabery, a big percentage of Savage tires sold give at least this length of service. No class of people appreciates good service more than the auto owner and none is more prompt in placing credit where credit is due. "It may be expected that some tire users will not report, but we can count upon the co-operation of most, and are confident that we shall have a big number of Heap Big Mileage reports. Owners who get 10,000 or 12,000 miles of service will, almost without exception, be interested in seeing that the fellows on whose good work this service so largely depends, are given credit for it."

There are many ways of getting a living. People even have been known to work.

Choose the Fact-Six for Your Car

The Fact-Six is the car with "The Marvelous Motor," developed and refined to a point approximating perfection through four years of conscientious manufacturing effort.

The Fact-Six is the car which checks in so many essential details of design and construction with the highest priced high-grade cars.

The Fact-Six is the car with the big cast aluminum crank case extending from frame to frame.

It is the car with Bosch High Tension Magneto ignition instead of the cheaper and less efficient battery ignition.

It is the car with silent chain drive for motor shafts.

It is the car with durable light-running annular ball bearings in transmission, differential and rear wheels.

It is the car with full floating silent spiral-bevel-gear rear axle.

It is the car with scores of other high-grade features not found in other medium priced Sixes.

The Fact-Six is The Chandler Six, Greatest of All Light Sixes

These Are Facts, Not Claims

THERE is no other six more flexible in control, more responsive to your every demand, than the Chandler.

There is no other which will pull hard grades on high with greater ease.

There is no other so economical in operation.

There is no other which embodies in its design and construction so many features characteristic of high-grade high-priced motor cars.

There is no other of more beautiful body lines or greater riding comfort.

There are five attractive Chandler types of body, all mounted on the same great Chandler chassis. Most popular of these, of course, are the big seven-passenger touring and the graceful four-passenger roadster. No other roadster of any design or any type has ever attained a degree of popularity even approaching the popularity of this Chandler model.

Goodyear Tire Company Gets Government Contract

The Goodyear Tire and Rubber company of Akron, Ohio, has just been commissioned by the United States navy department to construct and demonstrate nine of the sixteen dirigibles which have been authorized for use in coast and harbor patrol.

The contract to make the other seven has been split up among three other concerns in order that in case of war there may be other concerns familiar with the manufacture of dirigibles.

For a number of years the Goodyear Tire and Rubber company has taken an active part in aeronautics and has co-operated with both our war and navy departments at Washington in developing meane of national defense. In these several years a number of spherical balloons for training purposes have been furnished; likewise a number of kite balloons for military observations, both on land and at sea.

For a long time, some people were under the impression that foreign countries had developed better talent for making lighter-than-air craft than we have here at home. This theory was severely jolted when the 80,000 cubic feet balloon "Goodyear," manned by Goodyear aeronautic engineers, won the International Balloon race out of Paris, France, in 1913. Since that time, Goodyear has been foremost among the great rubber companies of this country in the development of aeronautics.

The coast patrol dirigibles which are now being built are of the non-rigid type—that is, without interior frame work, and are designed to operate from shore bases. They are designed so they can light upon and arise from the surface of the water in reasonably good weather.

The dirigible envelopes or gas bags, twelve of which are being constructed at the Goodyear factory at Akron, are 160 feet in length and thirty-one and one-half feet maximum diameter. They have a gross buoyancy or gross life of 5,275 pounds when inflated with hydrogen of good commercial purity, and under normal conditions of barometric pressure and temperature. The motors are to be of 100 horsepower and those used will be of the Curtiss type.

WANT TO TELL YOU ABOUT PARK LAWN

And am sure your interest will increase. Modern perpetually cared-for Park Lawn cemetery is too beautiful, too inspiring, too vitally necessary an institution to remain unappreciated by you. If you will be convinced, phone me and let me send my car and bring you out and show you Park Lawn.

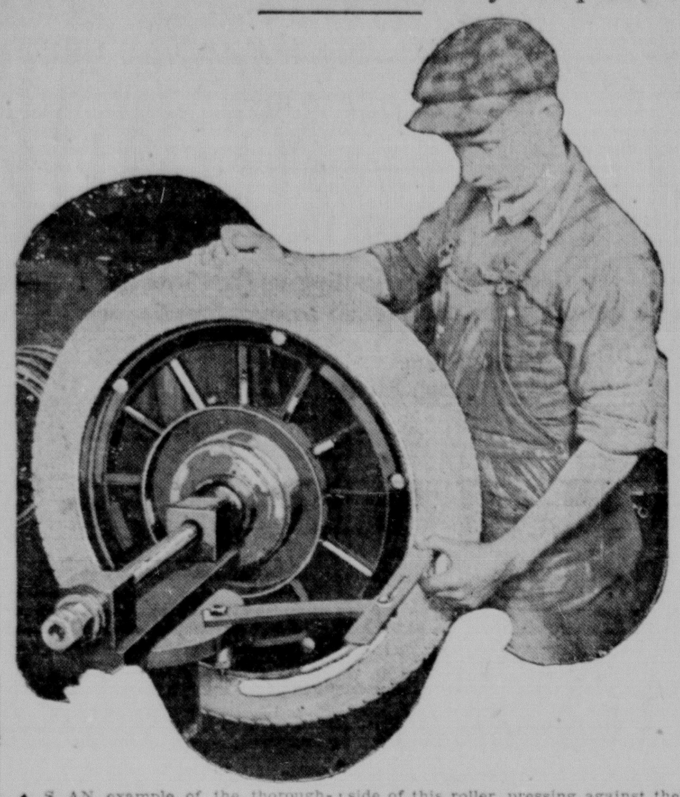
All Willys-Overland Tires Are Carefully Inspected



AS AN example of the thoroughness and accuracy with which even the minutest details are performed in the automobile industry no better illustration can be furnished than the inspection of tires at the factory of the Willys-Overland company.

Each tire, after the wheel has been assembled, is thoroughly inspected and tested for alignment. It must be lined up evenly with the rim before it can be placed on a chassis.

The inspector mounts the wheel on a pivot, then swings a roller into place against the rim of the wheel. Alongside of this roller, pressing against the high point of the tire, he firmly holds a marker while he revolves the wheel. Naturally, he marks the spots which are in alignment and misses the portions of the tire which require further adjusting. The defects are then quickly remedied.

This test, coupled with the inspection for the alignment of both front and rear tires, is performed to insure purchasers of all Willys-Overland products minimum wear on tires.

Every wheel that leaves the Willys-Overland assembly rooms has been aligned and inspected in this manner.

LIGHTNESS WAS FEATURE IN NEW LUXURY CARS

"Lightness in a luxury automobile certainly was a featue of construction that held the interest of a large proportion of the visitors at the 1917 shows," said H. H. Rice, sales manager of the Norkyke & Marmon company, "as firmly as it did last year. The Marmon 34, mounted on four scales at some of the exhibits, so visitors at the show booths or to dealers show rooms during the shows, could add up the weight on the four wheels and get the total weight for themselves, was one of the realistic displays of the light weight of this luxury car that attracted wide attention.

"It seems that none of the visitors at the show had much doubt any longer of the riding qualities of the Marmon 34, even thought it is 1100 pounds lighter than other comparable automobiles. A year of use, and demonstrations of the car, have shown that the proper distribution of weight has more than overcome any roughness in riding that formerly was expected in the lighter cars. It is not the car held to the road by its weight that produces the most comfort in riding. It is the car that is properly balanced. Some users of the Marmon 34 have said that the Marmon passes rough spots in the road with a sensation as though of level flight.

"Not only in the comfort of riding, but in economy of operation is the light weight luxury car making its general appeal to the automobile buyer. Most Marmon users are getting more than thirteen miles to the gallon of gasoline, and some report more than fifteen when traveling under favorable conditions. Another contribution of light weight to the economical operation of the Marmon comes it nhe cost of starting and stopping although this is not so easily determined as the number of miles to the gallon of gasoline, it is not the less a real economy. Railroad experts estimate that starting and stopping a train costs $12,000 to $18,000 a year. Consider the wear on brakes and tires, the racking grind on your car, the strain in gaining momentum, as the railways do, and you will see at once how much is saved because of the lightness of the Marmon. The absence of rattles, squeaks and repairs will be one of the most noticeable proofs of this economy in weight."

Few Changes Announced in Maxwell Organization

It is a recognized fact that every great institution is but the lengthened shadow of some man within it. Marshall Field, Wanamaker, Schwab, Hill, Gary, Lovett and many others built lasting monuments to their names through the ideals they possessed, by surrounding themselves with able men and getting the absolute confidence of those men.

One afternoon during the recent Chicago automobile show there were present in the Maxwell headquarters eight dealers who have been with W. E. Flanders since the old days of the E. M. F. back in 1908. Harry Lord of the Lord Motor company, Los Angeles, sold seventy E. M. F. cars in 1908. This year he will sell more than 3,000 Maxwells.

Flanders does not believe in making changes in his dealer organization or among his employes unless it is absolutely imperative. And his record certainly proves that his best men stay by him and those who have are well satisfied and prosperous.

Water Holes for Autoists.

After fourteen years of effort on the part of good roads enthusiasts the federal government finally has appropriated $10,000 for the erection of sign posts to water holes in the Mojave Desert, says the Los Angeles Chamber of Commerce.

In recent years the desert trail has been traversed from the east with comparative ease by auto drivers, but the need of guides to the water holes has ever been present since the first prospector perished from thirst. Not only is it the plan to mark the highways adequately, but to designate clearly the water supplies and keep them from pollution.

GREATER PROTECTION FOR DOVE INEVITABLE

SEASON IS OVER, BUT DISCUSSION AROUSED WILL LEAD TO RESULTS

CAN WON'T QUAIL

Demand for More and Should Be Precedent of President

BY W. [illegible]

It may be said that the "dove" season is over. In other words, kill the latter first day of September and it kills ducks at the present time. observed that the publication the newspapers in regard to the decision of doves has not ceased. reasons are that North Texas, particularly, the dove has left that of the State, or, if it has not why is it, its numbers there are very few. It has not gone south or west or north because of climatic conditions, but is away in search of which can be found in more abundance than where it nested. Having departed the interest in it has ceased to a great extent. Next year we will hear from the "dove" people again as to the shortness or length of the season in which they should be killed, and the old arguments again will be revamped. But discussion or difference of opinion to the protection of this bird, been of great value in that discussion and disagreement has greater interest in bird life and that is bound to be of benefit in the propagation of the birds," which has with much zeal.

While there [illegible] life, as [illegible] tion that [illegible] ing a dove [illegible] lead to [illegible] which [illegible] turists may be [illegible] public [illegible] will cause [illegible] ture for [illegible] our feathered [illegible] servation of [illegible]

[illegible], Mo., Nov. 2.—When [illegible] as Longhorns invade Co[illegible] Saturday they will face o[illegible] est teams in the Missouri [illegible] strongest team Missouri [illegible] since 1909, when Bill Ro[illegible] ent through the season u[illegible]

[illegible] bunch of undeveloped, [illegible] material, Coach Indian Sc[illegible] out a well-rounded mac[illegible] erful interference, and th[illegible] Tigers have been able to [illegible] against anything in this [illegible] he defense. Until the Bea[illegible] inst the Oklahoma Sooners [illegible] their goal line had not [illegible] Owen's men spoiled the Ti[illegible] e going across the Tiger li[illegible] at it took the Tigers' br[illegible]

[illegible] Missouri team today is light, [illegible] fast as lightning and with [illegible] erful interference of the back[illegible] yet to meet an eleven it could [illegible] around. If Texas is to stop [illegible] s the Longhorns' ends will ha[illegible] f the all-American variety, fo[illegible] Allan, Rider, Viner and Stanko[illegible] Tigers' 144-pound backfield—[illegible] has one of the fleetest set of b[illegible] Middle West.

Texas Stars Ineligible.

[illegible] here is only one basis of compar[illegible] ween the two teams—the Oklah[illegible] mes, Texas sent the Oklahomans h[illegible] sailing a 21-7 score and a week [illegible] he Tigers trimmed the Sooners 2[illegible] Oklahoma scored one more touchd[illegible] against Schulte's men than they [illegible] against Van Gent's, but the Tigers [illegible] twenty first downs to the Sooners' t[illegible] Texas' defeat at the hands of Baylor [illegible] surprise last week, but it is [illegible] thought here that the defeat [illegible] harm than good. Texas [illegible] the team was getting [illegible] and the beating at the h[illegible] just the thing to make [illegible] hard work. [illegible] is are weakened by the [illegible], their star tackle, who [illegible] ool because of his fat[illegible] the sensational y[illegible] out of the team [illegible] He may be ab[illegible] Turkey Day, [illegible] lining up [illegible]

[illegible] Brownwood, Texas, Nov. 2.—One of the State championship contenders this year will be Daniel Baker College. Up to this date the locals have not been scored upon. The Hill Billies are now preparing for the big game with T. C. U. Nov. 18, which, if they win, will put them right along with the leading teams. Coach Perry is working out now some of the finer points of the game. He is very fortunate this year in having old men to work with, eleven of them being lettered men. Having so many old men to select from, Perry has long since quit drilling his men on the elements [illegible]

Oldsmobile

Every page of Automobile History for 20 years past reveals striking proof of Oldsmobile dominance of the motor field

The Attraction of the Unusual

This is one of the characteristics of the Oldsmobile, which irresistibly draws the attention and holds the interest of the motor buying public.

—The Oldsmobile is a car of peculiar distinctiveness. Its individuality is all the more striking because unconscious. It is comparable to the personality of a strong, healthy, intelligent, normal man.

—This is not an effect carefully planned and sought for—but the natural outgrowth of a perfect ensemble of auto parts working together in harmony.

—It is a by-product of motor efficiency.

The Light Eight De Luxe has not an ounce of superfluous weight. It is "trained down" to fighting shape. Always ready for Service—ungrudgingly given—the Oldsmobile is ever ready with more reserve power when you need it "in a pinch."

MAXWELL TO HAVE BIG ADVERTISING CAMPAIGN

Definite advice has just reached here that the Maxwell Motor company is preparing an advertising schedule that will probably outstrip anything ever done by any automobile manufacturer.

Heretofore automobiles have been regarded as seasonable commodities and most of the advertising and selling was done in the spring and early summer. Within late years, however, motor cars have ceased to be luxuries or even pleasure vehicles. More and more they are becoming business, commercial and social necessities.

It is not surprising, therefore, that Walter E. Flanders, president of the Maxwell Motor company, should shape his advertising plans accordingly. When interviewed on the subject, Mr. Flanders stated: "We have selected about 2,000 newspapers all over the United States which combined have more than 150,000,000 circulation. In these papers we will advertise Maxwell cars every week—fifty-two times a year—using at least thirty-six inches display. This means that in the course of the year we will purchase almost 4,000,000 inches of newspaper space. We will adopt a uniform size and lay-out and will explain briefly each week one important reason why the Maxwell is entitled to the consideration of prospective purchasers.

"I believe that consistency and continuity are absolutely indispensable to the success of an advertising campaign. By using such a great amount of newspaper space in the manner I have outlined, we not only minimize the natural sales resistance, but we attract and retain the very highest class of retail automobile dealers. And these are essential to our permanent structure of success."

Mr. Flanders, one of the earliest pioneers in the automobile business, has conceived and executed many advertising campaigns notable for their purpose, size and extraordinary success.

AUTO CAMP TRAILER EXHIBITED IN WACO

Visitors along Auto Row the last few days have been treated to a unique sight in the demonstration at the Percy Willis Auto company of the "Auto-Kamp" trailer, for which they have acquired distributing rights in this territory.

This accessory has been aptly termed by the makers as a "Summer Home on Wheels." It consists of a two-wheeled trailer, tent, cots, stove, kitchen utensils, etc., in fact everything that is ordinarily found in a complete camping outfit. It is claimed that the "Auto-Kamp" trailer is set up in seven minutes, that it is easily attached to any motor car, saves hotel bills, garage expense on the road, and guarantees fresh air bedrooms. The equipment even has an ice box, dishes, etc., and is provided with a dust proof food compartment.

The portable bedroom is folded up when morning comes, or whenever it is desired to move on, and can be converted, if desired, into a 1500-pound trailer for commercial use. Mr. Willis states that he anticipates a big demand for the trailer this spring, and is only worried about getting enough of them to supply the demand.

CALIFORNIA ROAD INVESTMENTS

If proposed county bond issues all are carried California will have appropriated $101,000,000 for improved highways by 1918. Of this amount $15,000,000 of state funds now is being expended completing the two great trunk state roads and laterals running north and south. Eight counties are spending local funds ranging from $200,000 to $2,200,000. California was the first state to apply for funds under the federal aid road act and has been awarded $302,127 for the construction fo rural post roads and will receive its quota of the $1,000,000 annually appropriated by the government for the development of trails and highways in national forests.

Help me keep these men at work. They can do anything that can be done in a first-class shop. Phone 240. Dorsett, 610 Austin St.—Adv.

V. M. WASHAM ATTENDS MAXWELL MEET--DALLAS

V. M. Washam attended the Maxwell dealers' convention on Thursday and reports a great time while in Dallas.

Judge W. H. Jenkins and family are driving a new Maxwell, bought from the V. M. Washam Motor company on Tuesday.

Mrs. T. R. Baldwin and daughters say there is nothing like the Maxwell for the money. They bought a new one the past week from Mr. Crouch of the Washam Motor company.

AUTOS IN GUATEMALA.

Demand Increases in Spite of High Cost of Gasoline.

"Although handicapped by the absence of any considerable extent of good roads in the Republic of Guatemala, and in spite of the high price of gasoline (now 60c United States gold a gallon), the demand for and use of automobiles has so increased within recent years that there are now approximately 150 cars in the republic, of which 123 are registered by the municipality of Guatemala City," says a consular report.

"Of the cars in use in the capital city an unofficial estimate obtained through local dealers shows that twenty-five are of German manufacture imported before the outbreak of the war. There are two or three French cars, the remainder having been imported from the United States. It is stated by dealers that many of the cars in use here were purchased second-hand in the United States, although some are of the finest and latest models."

NATIONAL MOTOR CAR TAKES NEUTRAL STAND

In the battle of the cylinders, now being waged by the adherents of the four, the six, the eight and the twelve, the National Motor Car company of Indianapolis has taken a neutral stand in the belief that there is and always will be a demand for several types of automobiles and that no one design is destined to ultimately rule the field. As evidence of this neutrality, the company, instead of concentrating on a single model, is offering a six and a twelve. They have much in common—power, speed and flexibility. One is more conservative, less of an innovation. The other is the last work in refined power. This two-model policy has been endorsed by the buying public, the sales' records of the National company showing that there is a market for the six and a market for the twelve and that instead of one or the other falling, each will survive.

BOTH INSTINCT AND LOGIC ADVISE YOU TO PURCHASE ONE *of* THESE THREE CARS

PAIGE
The Most Beautiful Car in America

THE Paige Linwood "Six-39" is designed and manufactured for the man who desires in a five-passenger, six-cylinder motor car all the beauty, distinction, luxury and service that the market affords — a combination he knows he can find in the Paige.

All the beauty of Paige lines, all the infinite care of Paige manufacture, all the pride of Paige ownership are in this new five-passenger car—which is in every respect a worthy member of "The Most Beautiful Car in America" family.

There can be nothing better in five-passenger cars—because nothing better can be built. And the price of the new Linwood "Six-39" is $1175.

COST OF TOURING IS EASILY REDUCED

Spring and summer touring, which reached its height of popularity last season, on account of the cessation of foreign travel, probably will be even more general throughout the country this year, according to the Dodge Brothers dealer in this city. The extensive travel by motor car, he says, is due to several causes, principal among these being the ideal recreation afforded. The low cost of running expenses also is an important factor.

"Undoubtedly many more car owners would spend a week or two on the road each year if they paused to realize how easy it is to cut the expenses of such trips down almost to the mere cost of gasoline. A small equipment will do it, and at the same time added to the pleasures of the tour, because it gives the motorists exactly what they seek most in starting—life outdoors. I have in mind a camp outfit and a few cooking utensils. We could cite you innumerable instances of delightful travel in this fashion. Only yesterday I learned of the plan adopted by a California couple, which seems particularly appropriate.

"E. T. Burdick and wife, who own a little ranch just outside Lankershim, near Los Angeles, made a complete outfit themselves and started out on a trip which will take them thousands of miles, into northern Arizona, the Grand Canyon, Painted Desert, Cliff Dwellings, the Petrified Forest and Montezuma's Castle. This outfit consists of a Thermos bottle trunk which carries six Thermos bottles, so that they have two quarts of hot coffee, two quarts of cold milk and two of ice water 'on tap' all the time. They made a fireless cooker out of a candy bucket, the cooking compartment being of aluminum surrounded by a packing of cork and newspapers. They built a special blue flame oil stove just to fit their car, and Mrs. Burdick with her own hands made a tent that completely houses the car, forms a bedroom on one side of the machine and a dining room and kitchen on the other side. The entire outfit only weighs 145 pounds, the equal of one person."

Seven States of U. S. Show More Cars Than Abroad

According to the latest census of motor vehicles in Great Britain, the total number of automobiles and trucks in actual service is 171,607, about 5 per cent of the number registered in the United States on January 1, 1917, which was 3,541,738. In each of the seven states of New York, Ohio, Pennsylvania, Illinois, California, Iowa and Texas there are more automobiles and trucks than in all of Great Britain. In the United States the production of cars for 1916 was well over 1,600,000, of which more than one-third left their factories on Goodyear tires.

Motor Stages Over Routes Can Be Run Economically

That motor stages run regularly over long routes may be operated economically from a tire cost standpoint, is shown by the experience of the Wightman Bros. of Bryon, Cal., who are conducting a line in that state, running about 180 miles a day. The Goodyear Cord tires on this stage have to date run 13,466 miles without any trouble and have reduced tire cost per mile from 4½c to ¾c.

GOODYEAR HALL IS NAME OF BUILDING

The announcement of a magnificent $450,000 building, to be known as Goodyear hall, in which to house the rapidly increasing educational, social and athletic activities of the Goodyear Tire and Rubber company, Akron, Ohio, has just been made by the directors of the company.

Among the employes of the company a wonderful Goodyear spirit has been developed, which rivals the college spirit that is prevalent wherever there are colleges. Every employe has discovered that each one of his 20,000 fellow workers is a kindred spirit—a genuine human being—with like hopes and aspirations with himself.

The company believes that workmen as a rule are better off if they remain associated with one organization than if they should constantly change positions from one company to another. So the prime reason for the new Goodyear hall is the desire to offer to all employes the greatest facilities for their mental, physical and social betterment, and at the same time cement their relations to the company.

THREE SUPER SIXES ADDED FOR JAPAN

The emperor of the Flowery Kingdom rides in a Hudson Super-Six. It is the only American built car attached to the imperial household of Japan.

The first Hudson Super-Six—a limousine—was purchased for the imperial household a month ago from the Japan Automobile company, Hudson distributors in Japan. Within two weeks two others were added, a town car and a town car laudaulet. They are for the emperor's personal use, and it is reported that the selection was dictated by him, although of course attaches of the household made the purchase.

The prestige accruing to the Hudson Super-Six in Japan through its selection by the emperor can scarcely be estimated by Americans, unless they know the idolatrous esteem in which the ruler is held by his subjects.

SAXON "SIX" SHINES AS HILL CLIMBER

Among the tales of motor car prowess, the feat performed by a stock model Saxon Six at the San Diego exposition last summer is still the talk of automobile circles.

For Saxon Six captured two first prizes and a third in a field of high powered and higher priced cars, and in addition romped away with the most points credited to any one entry in the exposition's demonstration show. To do this the Saxon, which was taken off a salesroom floor and entered in the contest without a single change, surmounted a grade which rose at angle of forty-nine degrees.

Not only did it accomplish this in the best time but it was one of the few cars which finished the event at all. The majority could not summon sufficient power to breast the incline. Next the Saxon won the relay race. Its time was better than that of any cars entered and a blue ribbon came to it a second time.

Finally, just to demonstrate its flexibility, the Saxon tied with a higher priced car for third place in the "quick get-away" contest.

In the hill climb, which was the feature of the event, the entrants were first required to drive down a fifty-five per cent grade and then mount one of thirty-five per cent pitch. This was comparatively easy in the light of the second requirement, which was to drive the hills in the reverse order.

Few of the cars even finished the second trial. The fifty-five per cent grade proved too much for the majority of the entrants. Saxon, however, came through easily and not only surmounted the grade but did it in the best time.

Goodyear Co. Will Add Eleven Acres Floor Space

The new mechanical goods factory building being erected by the Goodyear Tire and Rubber company at Akron, Ohio, to provide for the company's rapidly expanding business in mechanical rubber goods, will add more than eleven acres of floor space to the total factory area. The new building is 500 feet long by 200 feet wide, five stories high and is the largest building in the Goodyear group.

MARMON 34 INCLUDES NEW 1917 FEATURES

Thermostatic control of engine cooling is one of the new 1917 features of the Marmon 34. The thermostat is a very simple device that effectively keeps the temperature of the water between 125 and 175 Fahrenheit all the time the motor is running. When the engine is cold the "sylphon" unit in the thermostat is contracted, and the water entering the cylinder does not circulate through the radiator, so that it heats up very rapidly. As soon as the water becomes heated the "sylphon" unit automatically turns the circulation through the radiator, so that when the water is hot all the water passes through the radiator. Thus the water warms up very rapidly when the engine starts, and is prevented from becoming too hot as the engine heats. This, combined with the aluminum construction of the Marmon 34 engine, means almost a total absence of worry and trouble with the cooling of the engine.

A set of high grade band instruments at about one-half price. Instruments of all kinds repaired. Prices reasonable. Charles Parker, Waco, Texas. 508 1-2 Franklin St.

AUTOISTS RECOGNIZE NEED OF GOOD OILS

"Automobilists are generally recognizing the need of good lubricants for engine oils," said L. C. Voyles, service manager of Nordyke & Marmon company. We have regarded this as important to the users of the Marmon 34, the very efficient engine of which will give so much better service if properly lubricated.

"There are two ways to test oil. One is gradually to heat a bottle of oil until a yellow vapor arises on the surface, maintain this heat about fifteen minutes, then let the oil stand about 24 hours. If the oil is of good quality it will only turn a little darker than originally, but if it is not of good quality it will turn black, and a certain amount of black sediment will be seen. This is exactly what happens if such oil is used in the engine.

"Another test is to take an equal quantity of oil and water and shake them together in a bottle for about thirty minutes. After standing for twenty-four hours the good oil will rise to the top of the water, showing a clear line of separation. A poor oil will have a considerable strip of white fluid between the oil and the water, and if the oil is of a poor grade most of the fluid will become this whitish substance. This test is important, because a slight amount of water might become mixed with any oil and the oil should be of good enough quality to prevent serious damage under these circumstances."

INTRODUCE NEW SYSTEM.

The Goodyear Tire and Rubber company of Akron, Ohio, has declared for the metric system of weights and measures and will adopt its use as far as possible in all its work. All employes have been asked to become thoroughly familiar with the system, which has been adopted by practically the whole world except the United States.

Haynes Auto Company Test Cars Performance

The Haynes Automobile company has just finished an inquiry into the performance of 5,000 Haynes motor cars now in the service of owners. The investigation went into every state in the union as well as a number of foreign countries in which Haynes "Light Sixes" are doing service. Figures were requested on the mileage of gasoline, oil and tires, and on repair expense.

An average of the figures collected under greatly varying conditions showed that the motor cars which responded to the investigation were obtaining a mileage of more than fifteen miles to the gallon of gasoline and over 200 miles to the quart of oil. While these figures are above the mean for six cylinger cars of the medium price class, they were less striking than the data received on tire mileage. It was found that the 5,000 motor cars were averaging 6,280 miles to the set of tires. One Ohio Haynes owner stated that his car had gone more than 21,000 miles on its original tire equipment.

SAXON ROADSTER $540
AT WACO

Lowest Priced Car in the World With These Costly Features

Electric starting and lighting system, two-unit type, built by Wagner.
Demountable rims.
30-inch by 3-inch tires.
High-speed Saxon Continental motor.
Reichenbach carburetor.
3-speed transmission.
Dry plate clutch.
Hyatt Quiet bearings.
Streamline body.
Honeycomb radiator.
Atwater-Kent ignition.
Extra long vanadium steel springs, cantilever type.

This new series Saxon Roadster is completely equipped with every modern motor car feature. It has 2-unit electric starting and lighting system built by Wagner—the finest that can be purchased. So there's no cranking to be done. Simply press a button convenient for your heel and your motor is running. And you are always certain of full-shining lights.

Next among the added attractions in its new-style body. The design is of the newest mode. The body is larger with greater roominess and added seat space and leg length.

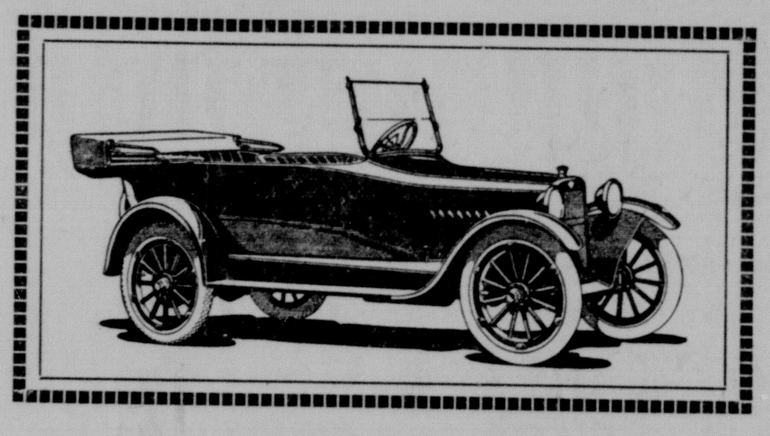
With thought of further comfort for you, demountable rims and 30 inch by 3 inch tires have been made part of the equipment. So in event of some tire mishap a change is readily made.

A new style top with Grecian rear bow enhances the outward attractiveness of Saxon Roadster. And among the further conveniences of equipment are an electric horn; extra tire carrier; speedometer; ventilating windshield; adjustable pedals; storm curtains; one-man rubber top and top cover.

And then see how this Saxon Roadster performs on the road. Note how smoothly the motor pulls "on high" or "in low," up hills or in toughest going. Note how quickly and lightly it responds to the wheel. Note the instant power-response when you touch the accelerator.

And beyond all this Saxon Roadster has the added advantage of being the world's low-cost car to drive. It gives the most miles of satisfactory service at the least expense.

Here you will find letters from Saxon Roadster owners that tell in detail of the kind and quality of service this car gives them.



Says Saxon Roadster is unbeatable

"As for my Saxon Roadster—show me a car that can beat it. I can out-run and out-climb anything from a (higher priced car) down the line. Recently I persuaded (another low-priced car) to race me by giving him a half mile handicap. The result was to put the (other car) in the ditch and my Saxson Roadster a half mile in the lead. I can throttle down to 2 miles per hour on high or speed up to over 50, and can prove it any day. I average 22½ miles to the gallon of gasoline and 125 miles to a quart of oil. This new series Saxon Roadster is certainly a 'bear.' For power, speed and endurance it cannot be beat."—P. P. PORT, Owasso, Okla.

200 miles for $1.32

"I have owned and driven my Saxon Roadster for two years. Repair bills have been practically negligible, it has never failed to give me thoroughly fine service. I have found it an absolutely dependable car. One trip I made this spring of 200 miles, over bad, winter-roughened roads, on 6 gallons of gasoline. Paid 22c per gallon—so the total cost of that trip was $1.32, or considerably less than a cent per mile. Another trip I made recently was for 165 miles—over slightly better roads. I used but 4¾ gallons of gasoline, by actual measurement. Your Saxon Roadster is not only a wonderful performer, but it is a wonderfully economical car."—RAY LESSIG (Address on request).

Resists hardest road abuse

"My Saxon car has always been faithful and dependable. I have driven it every day this winter, over roads that were deeply rutted and frozen as hard as iron, and the way it has stood up under all kinds of abuse is truly wonderful. One would naturally think any car would begin to squeak and rattle after such treatment, but my Saxon Roadster runs just as smoothly and silently as when I first got behind the wheel. In my judgment it has made a wonderful record, and you can be sure that my name will continue to be on the list of Saxon owners."—G. W. HUGHES, Armstrong, Ill.

Runs perfectly after 5200 miles

"Last Saturday I ran to Youngstown, Ohio, in my Saxon Roadstear. It was a 64-mile trip, and half of the distance the roads were extremely rough. My exact running time was 4 hours, which is very good when road conditions are considered. The return trip was made in the same time. I used 5.5 gallons of gasoline and one quart of lubricating oil, and the car came home like a humming bird. I have driven my Saxon Roadster 5200 miles already and it runs as sweetly and smoothly as any car could. It is certainly a wonderful car to drive and always rides comfortably. This car has given me less trouble than any car I have ever driven, and I have owned big ones of many kinds for ten years."—W. P. LUCAS, Oil City, Pa.

Saxon makes good with U. S. mail

"When it comes to rural mail service, Saxon Roadster is certainly the ideal car. It has ample room, utmost ease of control and light weight combined with sturdy construction. I missed but three trips all last winter, and then the deep snow made it absolutely impossible for any kind of conveyance. My Saxon Roadster has gone thru mud up to the axles, and over freshly graded roads and has never yet failed me. My wife drove over the route three weeks, and is just as enthusiastic over the Saxon Roadster as I am."—F. MANBECK, Marion, Md.

Calls Saxon ideal for women

"It might be of interest to you to know of a recent trip I made from Chicago to South Bend, and return. I had no idea that it was possible to tour with such ease and comfort and unmarred pleasure as it is with Saxon Roadster. The car worked simply beautifully, and I made the trip in 6 hours running time, averaging 28 miles per gallon of gasoline. I have had considerable experience with motor cars, and I believe that Saxon Roadster is an ideal car for women to drive, for it handles extremely easily and but rarely needs the slightest service attention."—CARRIE CUNNINGHAM, Chicago, Ill.

30 to 32 miles per gallon

"My gasoline bill is so low it is almost a joke. Recently I drove from Omaha—a distance of 108 miles—and I used only 5 gallons of gasoline. This is nothing extraordinary for my average—as well as that of other Saxon owners I know—is from 30 to 32 miles per gallon of gasoline. Though owners of other cars may do considerable complaining because of the high cost of gasoline, Saxon Roadster owners cannot grumble. Saxon economy and service are certainly something to be proud of."—H. J. KELLY, Surprise, Neb.

Costs less than $1 a week

"I wish to put myself on record as to the advantages of using a Saxon Roadster. I have made so many successful trips in this car, at such low cost, that I feel that I can not too highly recommend this car for the use of other ministers. I drive my car every day—looking after a large pastorate—besides attending weddings, etc., and my actual running expense is less than $1.00 a week. For a minister, or for any man who wants lots of service with rare trouble and little expense, I know of no car better than a Saxon Roadster."—REV. F. Z. BURKETTER, Greensburg, Ind.

"I wish to congratulate you on the great car you build in Saxon Roadster. After running mine over 5000 miles, it does not show the least sign of wear, and is mechanically perfect. When it comes to all around service there is no car at anywhere near its price that can match it. My Saxon Roadster is good for 5000 more miles and then some."—DOUGLAS SHARPE, New York City, N. Y.

Motor never heats or knocks

"I am the owner of a 1916 Saxon Roadster, and without doubt it is the best car I have ever owned. I have had several different makes, but my Saxon Roadster is by long odds the most satisfactory of them all. I made a trip of 100 miles the other day, and though that I must need water, but on examination found the radiator practically full. My motor never heats or knocks, and I can climb any hill around here on high. In these parts a familiar slogan is—'You can't beat a Saxon.'"—GEO. McCRILLIS, Windsor, Vt.

Saxon never gives trouble

"It is with real pleasure that I can inform you that my 1915 Saxon Roadster which I purchased just one year ago—has given me the best of service and satisfaction. I am averaging from 30 to 32 miles per gallon of gasoline, and I have driven the car more than 4000 miles, over all kinds of roads and under all conditions of travel, and it has never given me any trouble. For the prospective buyer who is seeking a low priced car that will give absolute satisfaction, I can truthfully recommend the Saxon Roadster."—L. E. KEPLER, Cincinnati, Ohio.

Averages 35 miles to gallon.

"For complete service satisfaction, my Saxon Roadster sets a standard. Recently I went from Bridgeport to Brockton, Mass., a distance of 175 miles, in 9 hours, averaging 35 miles to the gallon of gasoline. This is really a noteworthy performance when you consider that I carried a passenger and a heavy load in the car. Incidentally, there were a great many hills in this distance, but I experienced no trouble in making them 'on high.'"—S. L. LOUNDS, Boston, Mass.

Shifts gears only 4 times in 200 miles

"I want to tell you about a recent run we made from Louisville to Frankfort to Winchester and return—the complete trip without a puncture or mishap of any kind, not once stopping for trouble, changing gears only four times in over 200 miles, then only at dangerous turns in the road. When one considers that the country here is very mountainous, one could not ask for any better performance."—J. GUY NEWIN, Louisville, Ky.
